

FANCY.

Nothing helps the memory so much as order and classification. There are a number of varieties of corns. Holloway's Corn Cure will remove any of them.

ALL SORTS.

Brooklyn has 1,495 lawyers. There are a number of varieties of corns. Holloway's Corn Cure will remove any of them.

REVIEW OF BOOKS, &c.

THE CATHOLIC FIRE-SIDE.—This magazine contains its usual amount of entertaining stories and poems for the younger classes. Its columns are devoted to useful information, pure literature and the interests of the Catholic family.

A LESSON.

BY THE ARCHBISHOP OF HALIFAX.

From the Catholic Herald, Boston. I walked where the ocean's faint plauding Broke soft on the shingly beach; But few its sweet murmurs were heeding, Few did its words mystic reach.

The serene, silent beauty of a holy life is the most powerful influence in the world, next to the might of the Spirit of God.

He is not dead who departs this life with high fame; dead is he, though still living, whose brow is branded with infamy.

Persons and events may stand for a time between you and justice, but it is only a postponement. You must pay at last your own debt.

Nature is sanative, refining, elevating, how cunningly she hides every wrinkle of her inconceivable antiquity under roses and violets and morning dew.

The child taught to believe any occurrence a good or evil omen, or any day in the week lucky, hath a wide inroad made upon the soundness of his understanding.

To tell our own secrets is generally folly; but that folly is without guilt; to communicate those with which we are intrusted is always treachery, and treachery for the most part combined with folly.

In those vernal seasons of the year, when the air is so calm and pleasant, it were an injury and silliness against nature not to go out and see her riches, and partake of her rejoicing with heaven and earth.

The philosopher has much harm to say of trade; but the historian will find that trade was the principle of liberty; that trade planted America and destroyed Feudalism; that it makes peace and keeps peace.

At all seasons, when the system is foul and the digestive powers feeble, or the liver and kidneys inactive, Burdock Blood Bitters are required.

INFLUENCE OF WOMEN. The well-being of society rests on our homes, and what are their foundations stones but woman's care and devotion?

Our homes, as one well observes, are the support of the government and the church, and all the associations and organizations that give blessings and vitality to social existence are herein originated and fostered.

Those who have played around the same doorstep, basked in the same mother's smile, in whose veins the same blood flows, are bound by a sacred tie that can never be broken.

Distance may separate, quarrels may occur, but those who have a capacity to love anything must have at times a bubbling up of fond recollections, and a yearning after the joys of bygone days.

There is little beauty in the lives of those women who are drawn into the gay circles of fashionable life, whose arena is public display, whose nursery is their prison.

At home does woman appear in her true glory; in the inner sanctuary of home life can she be most like those who walk above "in soft, white light" and follow the Lamb whithersoever he goeth.—Cleveland Leader.

RESPECT OLD AGE. An old favorite is the remedy known as Dr. Fowler's Extract of Wild Strawberry.

ELECTRICITY AS A SURGICAL AID. A few days ago a boy named Ulnar, of Portland, Me., got a piece of steel into one of his hands.

NO SUCH WORD AS FAIL. A failure to relieve or cure summer complaints can never be truthfully applied to Dr. Fowler's Extract of Wild Strawberry.

THE "ANGELUS." The "Angelus," which Millet's famous picture has made known to many Protestants, is said to be so called because it is the angelic salutation of the Angel Gabriel to the Virgin Mary.

GREAT NEGLIGENCE. There is great neglect with most people to maintain a regular action of the bowels, which causes much disease.

OATMEAL FOR BABIES. Put four tablespoonfuls of oatmeal in a tin and pour on it three pints of cold water.

FOR WAKEFULNESS. Dr. Wm. P. Crother, Buffalo, N. Y., says: "I prescribed it for a Catholic priest who was a hard student, for wakefulness, extreme nervousness, etc. He reports great benefit."

A SUSPECT RELEASED. CASTLETOWN, Ireland, June 12.—Murphy, the Irish American, who was arrested on suspicion of being a dynamiter, has been released.

UNKNOWN TO SCIENCE. That preparation is undiscovered which can surpass Dr. Fowler's Extract of Wild Strawberry as a cure for Cholera Morbus, Dysentery and Summer Complaints.

DOWN IN DIXIE. The wife of Mr. J. Kennedy, dealer in drugs in Dixie, was cured of a chronic cough by Haggard's Pectoral Balm.

HOLLOWAY'S OINTMENT AND PILLS.—Diseases of the Bowels.—A remedy which has been tested and proved in a thousand different ways, capable of eradicating poisonous taints from the blood, and healing them up, merits a trial of its capacity for extracting the internal corruptions from the bowels.

THE YOUNGEST CATHOLIC BISHOP. HIS CONSECRATION IN NEW HAMPSHIRE THIS MORNING.

MANCHESTER, N. H., June 11.—The Rev. Denis M. Bradley was today consecrated as the first Catholic Bishop of New Hampshire, at St. Joseph's Cathedral in this city.

AGRICULTURAL STATISTICS. WASHINGTON, June 11.—The returns of the Department of Agriculture show that the general average condition of cotton is 87 against 86 in July last year.

CONVERSION OF GEORGE BLISS. THE NOTED NEW YORK LAWYER AND PUBLIC LEADER ABANDONS THE PROTESTANT CHURCH—MGR. CAPEL CREATES A GREAT SENSATION IN SOCIAL AND RELIGIOUS CIRCLES.

NEW YORK, June 12.—Col. George Bliss has become a convert to the Roman Catholic religion. On Monday morning he was baptized by Monsignor Capel in the afternoon church of Washington.

Do not delay in getting relief for the little folks. Mother Graves' Worm Exterminator is a pleasant and safe cure.

The "season" has opened at Saratoga. Neglected Colds, Pain in the Chest, and all diseases of the Lungs, are cured by using Allen's Lung Balsam.—See Advt.

Glass floors are being laid in the stores of Paris. Do not suffer from Sick Headache a moment longer. It is not necessary. Carter's Little Liver Pills will cure you. Dose, one little pill. All druggists sell them.

By some terrible oversight a Kentucky man has been killed in a duel. Thomas Myers, Bracebridge, writes: "Dr. Thomas' Electric Oil is the best medicine I sell. It always gives satisfaction, and in cases of coughs, colds, sore throat, &c., immediate relief has been received by those who use it."

Rijutai, a Korean nobleman, has translated the Bible into his native language. For constitutional or scrofulous catarrh, or for consumption induced by the scrofulous taint, Ayer's Sarsaparilla is the true remedy. It has cured numberless cases. It will stop the mucous catarrhal discharges, and remove the sickening odor of the breath, which are indications of scrofulous origin.

It costs \$18,000 a year to cut the grass from the graves in Greenwood Cemetery. OTHER ODORETS WATERS undergo many variations of aroma as they fade into insipidity, but MURRAY & LANSMAN'S FLORIDA WATER passes through no such gradations. As it is when sprinkled upon the handkerchief or the garment, so it remains—delicate, refreshing and delightful to the last.

Past freight trains run three times a day to New York and Boston from Baltimore. The meet of merit for promoting personal aesthetics is due to J. C. Ayer & Co., whose incomparable Hair Vigor is a universal beautifier of the hair. Harmless, effective, agreeable, it has taken rank among the indispensable articles of the toilet. To scanty locks it gives luxuriance; and withered hair it clothes with the hue of youth.

The city of Boston pays Mrs. Mary E. Blake \$100 for her poem on Wendell Phillips.—The old custom requiring saleswomen in dry and fancy goods stores to stand all day long without rest or relief is being superseded by more humane rules in many of our leading business houses. Lydia E. Pinkham's Vegetable Compound is highly praised by those who have not yet been freed from the old necessity for constant standing; and is a genuine blessing in every such case, as well as to the tired out housekeeper who must be on her feet all day.

A New York fish dealer has a double turtle, a la Siamese twins, brought from Florida. Mr. Peter Vennett, Hochelaga, P. Q., writes: "Dr. Thomas' Electric Oil cured me of rheumatism after I tried many medicines to no purpose. It is a good medicine. Just think of it—you can relieve the twinges of rheumatism, or the most painful attack of neuralgia—you can check a cough and heal bruised or broken skin with a bottle of Dr. Thomas' Electric Oil, costing only 25 cents."

Peter J. Egan, the doerkeeper of the New York Stock Exchange for two generations, is dead. Alexis Cyr, of Grant Isle, Arrostock Co., Maine, writes: "Having used Northrop & Lyman's valuable Emulsion of Cod Liver Oil with Hypophosphites of Lime and Soda, and derived great benefit from it, I take the liberty of asking you for quotations, and also whether you would be willing to give me the agency for this place, as I am confident there would be a large sale for it in this vicinity when its merits were made known."

The only way to get a murderer convicted in the West is to put a rope manufacturer on the jury. Mr. A. Fisher, of the Toronto Globe, says: "I take great pleasure in recommending Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure to the public. I have suffered with Dyspepsia for some time, and have tried several remedies without receiving any benefit. Being recommended to do so, I used one bottle, and must say that I find the result perfectly satisfactory, not being troubled with this distressing disease since, and would recommend others similarly afflicted to purchase a bottle at once and try it, as I am satisfied they will receive benefit from its use."

A proposition is being considered in Boston to make Monday a school holiday instead of Saturday. DISEASE GATHERS STRENGTH as it advances. Annihilate it at its birth. When the bowels become sluggish, digestion feeble, or the liver torpid, they should be aroused and stimulated with Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, a medicine foremost in usefulness among alternatives. It should not be abandoned if an immediate cure is not effected, but be used as it deserves, systematically and with persistence. It will then prove that it is thorough.

There is a rumor in England that the Salvation Army is about to organize a hallelnjah bicycle and tricycle corps. Holloway's Ointment and Pills.—Diseases of the Bowels.—A remedy which has been tested and proved in a thousand different ways, capable of eradicating poisonous taints from the blood, and healing them up, merits a trial of its capacity for extracting the internal corruptions from the bowels.

On rubbing Holloway's Ointment repeatedly on the abdomen, a rash appears, and as it thickens the alvine irritability subsides. Acting as a derivative, this unguent draws to the surface, releases the tender intestines from all acid matters, and prevents inflammation, dysentery, and piles, for which blistering was the old fashioned, though successful treatment, now from its painfulness fallen into disuse, the discovery of this Ointment having proclaimed a remedy possessing equally derivative, yet perfectly painless, powers.

Sir Michael Costa, of King's Theatre, London, lately deceased, was the first to use a baton in directing an orchestra. FOR WAKEFULNESS. Dr. Wm. P. Crother, Buffalo, N. Y., says: "I prescribed it for a Catholic priest who was a hard student, for wakefulness, extreme nervousness, etc. He reports great benefit."

AUSTRIAN BRIDES are allowed twelve dozen stockings. Surely no Austrian bridegroom can complain of his wife's cold feet. The name of a Philadelphia vocalist is Thomas a Becket. From this we infer that the martyrdom is on the other side now.

In Berlin, lately an organ grinder actually put a cork-hedge into his mouth and then he died of it. He was a frightfully mutilating, with-out killing himself.

A BROOKLYN woman wants a divorce from her husband because "he is not nobly enough." She should have married a living skeleton.
