

If any of our readers have any troublesome bronchial coughs that refuse to yield to the selected remedies, remember that *Narcissus*, 1 to 3x, is a grand remedy for such complaints. It has had a reputation for the relief of bronchial catarrh as far back as medical history goes. To get the result the tincture of the young buds and flowers must be used. We recently heard of a bronchial cough of over three weeks' standing that was promptly relieved by this *Narcissus*. *Homeo. Recorder*.

Remember to take the children to see "Cinderella" at the Academy of Music on Tuesday afternoon, February 27th, for the benefit of the Hospital. Tickets at the Hospital now, at 25c., 50c. and 75c.
