

Special Activities

ELIGIBILITY

Special Activities assistance is intended for sector-specific, non-sales trade associations and major or national horizontal trade associations. Activities undertaken by these associations must be for the benefit of their members and may include activities relating to the generic promotion of the association's products or services.

As with other activities, the focus of the projects must be on the development or increase of sales of Canadian goods or services in foreign markets.

AGRI-FOOD ASSOCIATIONS

The Special Activities element contains a separate component to deliver the Agri-food Trade Opportunities Strategies, a **joint initiative between Agriculture Canada and EAITC.**
