

TO THE PUBLIC.

THE undersigned feels that an apology is due to his Patrons and the Public, for the advanced period of the season in which *The NEWFOUNDLAND ALMANAC FOR 1858* is placed before them. He hopes, however, that for correctness and usefulness the present work will be found to be equal if not superior to preceding publications of a similar character.

The Compiler is indebted to his talented friend and countryman, *W. C. ST. JOHN, Esq.*, of Boston (late of Harbour Grace) for the Astronomical Calculations, and the high character that gentleman has justly acquired for scientific and literary attainments, will be a sufficient guarantee for their correctness. The undersigned also acknowledges his indebtedness to the Heads of Departments and other gentlemen, for their courteousness and the promptitude with which they furnished the information required.

JOSEPH WOODS.
