

Public Amusements

The large number of mail orders that are being constantly received at the Royal Alexandra for the engagement of Forbes-Robertson next week indicates that his forthcoming visit to Toronto will be every bit as successful as was his last. His beautiful acting in "The Passing of the Third Floor Back" is still fresh in the minds of playgoers. Mr. Forbes-Robertson and his company will arrive in Canada some time Saturday or Sunday and are expected to reach Toronto either Sunday night or Monday morning. Mr. Robertson has made two changes in the cast since he was here last spring and brings two new leading women with him. The sale of seats will commence this morning at the box office of the theatre and the Bell Piano rooms, 146 Yonge-street.

Miss Thelma Faire, who plays the title role in "The Girl From Rector's," which will be seen at the Princess Theatre for three nights, beginning Monday, Sept. 26, with a matinee on Wednesday, enjoys the reputation in New York of being one of the best dressed women either on or off the stage. The actress has made a study of woman's garb in America and Europe.

THELMA FAIRE, as Louie Scelaine, in "The Girl From Rector's," Princess Theatre, Sept. 26, 27, 28.

As well as taste, in the selection of their clothes, I had special veritable fortunes abroad, and since I have been making my purchases here, I have not only saved money but I believe I have received far greater values. An ordinary working girl in the United States dresses with more real taste than many of the best people in England or France.

Mrs. Fiske's artistry, as displayed in "Becky Sharp," seems to possess a greater fascination than ever, and it is just cause for congratulation that Langdon Mitchell's classic adaptation of Thackeray's immortal story is to be presented at the Princess the latter half of next week, "Pillars of Society," which Mrs. Fiske has this season added to her repertoire, and which is so unlike the former Ibsen ones in which she has been seen, in that it is not his chief factor, will be offered for one performance, on Saturday evening.

A new prima donna, in the person of Miss Maurice Woods, is to be heard at the Gayety Theatre next week, when the "Golden Crook Extravaganza Company" open their regular engagement. Miss Woods has studied voice culture under famous European masters.

Since the announcement has been made of the appearance in Toronto of the Welsh Mountain Ash Male Choir, a great interest has been aroused. A gentleman who has heard this organization in their native country speaks of them as follows: "They are the finest body of singers I have ever

MELBA.

heard. At times one would think that instead of human voices it was a magnificent church organ. The basses are like the open diapason, while the trebles, altos and tenors unite to make

the most beautiful harmonies the mind can conceive. They will appear at Massey Hall on Monday, Oct. 3.

At the Princess Theatre, starting Monday evening, for three nights' engagement and a Wednesday matinee, will be "The Girl From Rector's," a comedy by Paul Potter, who gave the stage "Tribes." Its New York production was originally made at Weber's Theatre, where it ran for over three hundred nights. This season again it was put in for five weeks' engagement and has packed the theatre to capacity at every performance.

Manager Shea's show at Shea's Theatre next week is a bill of nine star acts, headed by the latest success, Joseph Hart's "Little Stranger," a story of the racetrack from the pen of Frank Craven and George V. Hobart. The special features are Linden Beeth, late prima donna of the "Midnight Sons," "Our Boys in Blue," America's military sensation, and the Eight Girls, direct from the Royal Theatre, Tokio. Other acts are Chas. Burnham and Greenwald, La Maze, Bennett and La Maze, and the Kinetograph.

Fiske O'Hara in the romantic Irish comedy, "The Wearing of the Green," comes to the Grand next week. It is the work of Theodore Burt Sayre, who says: "I took my characters from actual life as found in Dublin a hundred years ago. From the more complex walks of life I transferred my central figure to Phil Fitzgerald, I realize that no noble character, if he existed, should be given more than honorable mention when the great events of Ireland's remarkable history are written. Mr. O'Hara will introduce 'The Wearing of the Green,' 'An Irishman's Toast,' 'Eyes of Irish Blue,' 'Nora McNamee,' and 'My Queen is a Colleen.'"

"Menetekel," the mystery of Babylon, an illusion which is a strange puzzle, and which is introduced by William Berol, will be the stellar attraction next week at the Majestic Theatre. The inventor takes a tennis ball which has been dipped in glutinous ink, and puts it against a drawing board. The "magic ball" adheres and at the command of the illusionist, crawls over the paper, writing in large letters, not only words called out, but also words whispered to "the man of mystery." Five well-balanced vaudeville acts and the latest motion pictures will also be given.

WILL NOT SUSPEND RUST BOARD ISN'T SHOCKED

However, the Entire Reservoir is to Be Concreted—Good Roads Bylaw For \$100,000.

The whole of the reservoir will be concreted. There will be no investigation of its condition other than any action Judge Winchester may take in carrying out the investigation into the works department recently ordered, and City Engineer Rust will not be suspended.

These were the net results of the visit yesterday by the mayor and Controller Foster and Spence to the Rosehill reservoir. Controller Foster clung tenaciously to the view that conditions were disastrous, but the others decided that they were agreeably surprised. The mayor admitted that the black muck which workmen were sweeping toward the centre of the basin didn't look attractive, but it didn't strike him as having an offensive smell, and he remarked that the controller had "struck a bonanza."

When the board met later in the city hall, Controller Foster voted alone for his strong resolution, altho Controller Church said the reservoir had been mismanaged and Judge Winchester should investigate.

Controller Spence declared that the reservoir was no worse than was to be expected, adding that Mr. Rust wanted it cleaned out years ago, but was afraid to empty it because of lack of reserve, and that the city had supported his attitude.

The mayor's motion that the portion not concreted, about one-third of the whole, be so treated, by day labor, was unanimously approved.

Ald. McCausland favors the construction of a concrete wall across the reservoir, dividing it into two sections. A movement, as also under way among some of the aldermen, to have a high fence placed around the basin to prevent foreign matters being thrown in.

Action Against Radial. On the suggestion of the mayor, Corporation Counsel Drayton was asked to take action against the Metropolitan Railway for responsibility for the terrible condition of that part of Yonge-street occupied by their tracks.

The ratepayers will be given a chance next January to vote on a by-law to provide \$100,000 for the improvement of main roads leading to the city. The Ontario Government and York County Council each to give a like amount.

Controller Spence wanted to have a resolution passed thanking the police commissioners for granting the men on the force a day off each week, but the mayor didn't wish to reopen a subject which caused so much wrangling earlier in the year.

In declining to permit a railway siding to the premises of the Diamond Coal Company, Jarvis-street, the board adopted the policy of granting no sidings on the Esplanade until the viaduct plans are settled for fear of possible interference.

Civic Reception for Q.O.R. It was decided that the Q.O.R. should be given a civic reception on their return from England. Its nature will be determined at a conference between the city and prominent military men. The mayor's idea is to have the other regiments turn out and escort the Q.O.R. in a parade down town streets, after which an address of welcome would be presented in Queen's Park.

The mayor is writing the marine department of the Dominion Government to ascertain if there will be objection to the construction by the city of a sand dam across the western channel to prevent the escape of sewage into the lake and spread of typhoid during the winter.

Mayor Geary and Controller Spence go to London to-day to attend the meeting of the Municipal Power Union, at which the export of power to Detroit by the hydro-electric commission will be discussed. The controller's view is that the export of power should be allowed if there is a provision that the commission can revoke the privilege whenever the power is needed in Ontario.

Medical Health Officer Sheard emphasized the condition of city water by his department have given a roster of things that facts warranted so as to allay fears of visitors. He says daily analyses have been made and furnished to the board of control without modification.

A NOVELTY IN STRIKES

Children of Strikers Won't Attend School With Non-Unionist Children.

HALIFAX, Sept. 21.—A new phase of the strike in the Cumberland Railway and Coal Company's mines in Springhill is being experienced. The men have been out for fourteen months. When the children of the school reopened in a body, refusing to sit beside the children of the strike-breakers or men at work in the mines. The former were in the majority, and they not only went out, but stayed out. The school authorities, to tide over the trouble in the meantime, have asked the non-union youngsters to stay away from school.

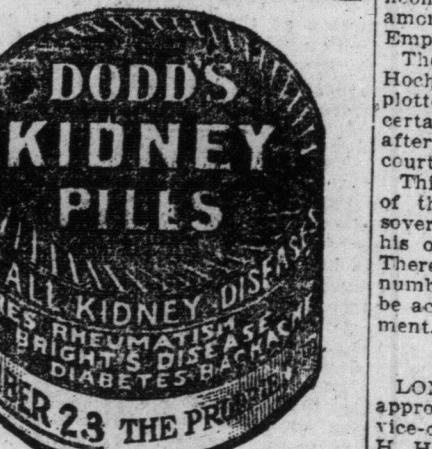

Ladies All Love Him. DETROIT, Sept. 21.—The Rev. G. D. Chase, pastor of St. John's Methodist Church at St. John's, Mich., will resign his pulpit because he says too many women of his flock are in love with him.

Plot to Kill Mikado. TOKIO, Sept. 21.—A sensation was created by the publication this afternoon of alleged details of a plot among his own subjects to assassinate Emperor Meiji.

The startling story appeared in The Hochi Shimbun, which states that the plotters, who are now under arrest, certainly will be sentenced to death, after trials before a special secret court.

This is the first time in the history of the country that the life of the sovereign has been plotted against by his own people, and the fact known. There are now in jail in this city a number of persons who are alleged to be active in the Allied Socialist movement.

Consul at Saskatoon. LONDON, Sept. 21.—The King has approved of J. C. Homery as French vice-consul at St. John's, Nfld., and A. H. Hartwell as Netherlands vice-consul at Saskatoon.

Tuckett's

Good From Tip to Tip

The Turkish leaf, from which "Tuckett's Special" Cigarettes are made, is the finest grown. It comes from certain districts which are world-famous for the uniform excellence of their crops.

These cigarettes are prepared for the market by expert workmen, in clean, sanitary surroundings.

"Tuckett's Specials" are mild, fragrant, deliciously flavored—full of satisfaction from tip to tip.

ASK FOR EDDY'S MATCHES

CONVICTED OF RECEIVING

Two Restaurant Keepers Who Bought Stolen Provisions.

Restaurant-keepers Chas. Lewis and Andrew Tuttle, both of Queen-street, were found guilty in yesterday's sessions of receiving goods stolen from the latter of the steamer Toronto of the R. & O. Line. They were arraigned on separate charges, but both purchased the goods from men who were employed in connection with the steamer's cuisine department, and who are now serving time on theft charges, pleading guilty in police court. These men gave evidence.

Lewis was accused of buying some bacon and ham from Dennis Holloway, who was butcher on the boat, and who told of accepting \$6 and \$5 for two lots of goods. He didn't know how they had been delivered, as the matter had been arranged by Fred Fenn, third cook on the boat, who had previously worked for Lewis.

Fritz Hess, baker on the boat, had sent up a sack of flour to Lewis.

"I knew Holloway was making some money, and I thought I would make some, too," he explained.

Tuttle was accused of purchasing some stolen hams and bacon and some canned goods. Holloway declared Fenn had bought Tuttle in to see him and the latter had paid him \$1 for some cured meat and drippings. Fenn admitted making all the arrangements of sale, but would not say that Tuttle knew that he was buying stolen goods. He had simply asked him if he would like to buy some damaged goods cheap.

T. C. Robinette, K.C., held that the defendants were under the impression that they were buying only damaged goods and that, such being the case, those in charge of the stores had a perfect right to dispose of it.

The evidence of local Detective Miller, who arrested Tuttle, was refused by Judge Denton because he had, after taking the prisoners to court, anything he might say could be used as evidence against him, spoiled his caution by advising him to tell the truth. Bail of \$500 was accepted in each case on the bond of Edward Hincks until the end of the sessions.

CLAINED TO HIS

Taking No Chances With Murderer Who Tried to Brain Attorney.

UNIONTOWN, Pa., Sept. 21.—The spectacle of a man charged with double murder being chained to his chair was presented here to-day, when B. Frank Smith was brought into court in the continuance of his trial upon the charge of having killed his father and brother-in-law yesterday made a spectacular attack upon District Attorney Patterson during the court session, in a futile attempt to brain the public prosecutor with a heavy bottle.

Maxim Gives Up Aeroplanes. LONDON, Sept. 21.—A striking recognition of the dangers of aeroplaning was given to-day by Sir Hiram Maxim, one of England's foremost builders of aerial craft, in his announcement that he would retire from business.

"I am too old to fly myself," Maxim said, "and I am unwilling to expose my employees to the risk of flying merely for the sake of experimenting."

Danced on City Hall Tower. Dancers on the city hall tower was a little specialty introduced by Wm. Mackie, 55 years of age. He attempted the stunt Tuesday afternoon, but was dislodged before it had gone any length by a tower guard. He was yesterday remanded a week to be examined as to his sanity.

Dropsy—

Given up by Doctor

"I had dropsy, and was told by my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

L. TURLEY CURD,
Wilmore, Ky.

Dr. Miles' Heart Remedy has been wonderfully successful in relieving heart trouble. Its tonic effect upon the heart nerves and muscles is a great factor in assisting nature to overcome heart weakness.

Price \$1.00 at your druggist. He should supply you. If he does not, send price to us, we forward prepaid.

DR. MILES MEDICAL CO., Toronto.

AWARDED \$1000 DAMAGES.

Henry Corby, 13 Temperance-street, sizes yesterday against George Bryan, 16 Temperance-street (not 20, as reported yesterday), in a fight over a joist between properties which Corby claimed encroached on his land. Bryan has the option of paying the thousand or removing the objectionable portion of the joist.

May Be Insane. In the police court yesterday it was decided to examine Dennis Denno to his sanity. Upon his trial for perjury, he still persisted in swearing that Sikloff, a fellow boarder, had shot him, while as a matter of fact he had attempted suicide. Sikloff was discharged after spending three months in jail.

UNEMPLOYMENT CONFERENCE

Will Co-ordinate Efforts Thru Establishment of National Organizations.

PARIS, Sept. 21.—The international conference on unemployment to-day decided upon the formation of an international association for the purpose of co-ordinating the efforts being made in different countries to combat unemployment thru the establishment of separate national organizations.

Former Premier Bourgeois in closing the congress especially commended the attitude of the Labor representatives participating, and said that an opening of the whole question of unemployment would lead to a better understanding between employers and employees.

Awarded \$1000 Damages. Henry Corby, 13 Temperance-street, sizes yesterday against George Bryan, 16 Temperance-street (not 20, as reported yesterday), in a fight over a joist between properties which Corby claimed encroached on his land. Bryan has the option of paying the thousand or removing the objectionable portion of the joist.

May Be Insane. In the police court yesterday it was decided to examine Dennis Denno to his sanity.
