

TAUGHT RELIGION IN PUBLIC SCHOOL

Trouble in School in Peterboro
County Over Sectarian
Instruction.

PETERBORO, Jan. 1.—Peterboro County also has its trouble over sectarian religious worship in a public school. It is alleged that in school section No. 8 of Ontario, the teacher, a Miss Ward, Roman Catholic, has for some time been giving Roman Catholic instruction during school hours, and the Roman Catholic children have been detained for some instruction after school hours. The trustees, two of whom are Protestant, protested to the teacher against the practice, individually, and not as a board.

At the recent trustee elections, which resulted in an attempt to maintain Protestant ascendancy on the board, J. Connor, Roman Catholic, was declared elected by the chairman.

The election was protested on the grounds that Connor did not receive a majority of the votes. Richard Lees, inspector, has received no formal complaint as to religious teaching, but it is said that the matter has been reported to Sir James Whitney.

ESTRADA, QW-PRESIDENT

Was Head of Revolutionary Move-
ment Which Chased Out Zelaya.

MANAGUA, Nicaragua, Jan. 1.—Gen. Juan J. Estrada, by the unanimous vote of congress, yesterday became the constitutional president of Nicaragua for a period of two years. Adolfo Diaz, former minister of the interior, was elected vice-president for the same term.

The inauguration ceremonies took place this afternoon in the hall of congress. Estrada was the head of the revolutionary movement which caused the flight from the country of Jose Santos Zelaya, who was president of Nicaragua in 1909.

BUSY AT UNION STATION.

That the holiday season is not yet past was manifest at the Union Station Saturday afternoon. Both gates were open, and the general appearance of the waiting room reminded one of the average street car at rush hours, so jammed was it. Downstairs it kept the station empty, busy keeping the trains, eager to greet friends, from blocking up the passageway out.

The arriving trains were covered with ice and snow, telling of last night's battle with the elements. All were large, some being in two sections. The majority of them were on time or within half an hour of it.

INCREASED CUSTOMS RECEIPTS.

OTTAWA, Jan. 1.—The Dominion customs receipts for December totaled \$5,727,575, an increase of \$470,982 over December, 1909. For the nine months of the fiscal year the total was \$53,124,433, as against \$44,367,181, an increase of \$8,757,252.

At Port of Ottawa.
OTTAWA, Jan. 1.—A net gain of 42 per cent. is shown in the customs collections for the port of Ottawa during the 12 months of 1910 over 1909. The total revenue for 1910 was \$1,258,788.03, compared with \$1,097,355.56 in 1909. The increase is \$161,432.47. The December collections were \$92,196.08.

At Port of Montreal.

MONTREAL, Jan. 1.—The customs receipts for the port of Montreal for the calendar year ended Saturday last were \$17,700,000, compared with \$17,600,000 for 1909, an increase of \$100,000. This created a new record for the port.

The receipts for December were \$1,406,000, a falling off of \$20,000 compared with the previous corresponding month.

USED CANCELED STAMPS.

NEW YORK, Jan. 1.—The attorney-general's office announced yesterday that it has brought suit for \$18,000 against Raymond Pynchon & Co., brokers, of this city, for the alleged use of canceled stock transfer stamps. Deputy Attorney-general Turner has 20 stamps which he says were used second time by someone in the firm's offices after they had once been canceled.

BURNED THE POOR HOUSE.

MONTCLAIR, N. J., Jan. 1.—This town celebrated the advent of the new year last night by burning the poor house and the pest house in two great municipal bonfires. Both buildings were saturated with oil, touched off, and then carefully watched by firemen while a detail of police kept the crowd at a safe distance.

Semi-Annual Tailoring Event Involving Disposal of Thousands of Dollars Worth of Winter Suitings, Overcoatings, Trouserings, Vestings, Etc.—Presenting Unusual Opportunities in Made-to-Measure Clothes.

We have held many of these Semi-Annual Sales in the past, but never such a sweeping movement of stocks as the present one. Owing to building operations we are positively forced to move large quantities of stock quickly in order to accommodate the contractors, who have already begun tearing down the walls to start the new building. The sale is doubly interesting for this reason, and is fruitful of opportunities that no man should overlook. It will be short, sharp and decisive. The reductions are positively the lowest possible, consistent with good tailoring and stylish gauditions from original prices averaging 15 to 40 per cent. Early buyers will have the best choice, so we advise you not to delay. Prices will not be further reduced from what has already been done.
