Weakness in Foreign Situation Affects Prices at Chicago

German Crop Report a Bearish Factor in all Markets—Wheat Closes at a Decline—Corn and Oats Easier.

CHICAGO, Sept. 11.—Official announcement that altho the potato crop in Germany is badly short the promised yield of grain is about the same as last year, had a weakening effect today on the price of wheat. Closing figures were 1c to 1 1-8c and 1 1-4c lower than Saturday night. All other leading staples, too, showed a net decline—corn 1-4c to 1-4c and 3-8c, except for September. Oats declined 1-4c to 3-8c, and provisions 10c to 50c.

Weakness at Berlin found a prompt response in Chicago. Besides the foreign news there was depressing influence felt from hedging sales in the American Northwest, particularly as a change to bright, favorable weather pointed to decided increase in the movement of spring wheat. No important rally occurred at any time during the day. December, after ranging from 96 3-8c to 97 1-2c, closed steady but 1 1-8c and 1 1-4c down at 96 1-2c and 96 5-8c.

Corn made a more bullish display than any other cereal owing to a little export business. There were also large charters here of vessel room for corn. In consequence, nearby deliveries were relatively firm. September gained net 1-8c to 1-4c. Other options suffered from the weakness of wheat and closed weak with December 1-4c off at 64 and 64 1-8c, after fluctuating from 64 to 64 5-8c. Cash grades were firm.

Trade in oats received a check on the buying side because of fear of reciprocity. The decline in wheat was likewise a bear factor. High and low levels reached by December were 46 1-4c and 45 3-4c. The close, 45 7-8c, represented a net decline of 3-8c.

Heavy selling on the part of packers broke the market for hog products. In the end pork was 30c to 50c down and other provisions off from 10c to 12 1-2c and 15c.

There was less active demand from the continent, owing to heavy shipments this week—7,584,000, against 5,208,000 last week.

GERMAN CROPS NOT AS BAD AS EXPECTED

Preliminary Report Shows Crops About Equal to Last Year—Comment on the Market.

J. P. Bickell & Co. from Logan & Bryan:

Wheat—There was a complete reversal of action in the wheat trade from Saturday's market. Several good reasons existed for the change of front. The reaction in price was a little more pronounced than the leaders in the local trade expected, even after the first show of heaviness this morning. The volume of outside trade was hardly sufficient to keep the bull market in line. There is prospect of increasing spring wheat movement, and despatches to-day expressed some doubt as to whether the cash demand in the northwest markets will be sufficient to overcome hedging sales.

Finley Barrell wired:

Wheat—Wheat ruled heavy from start to finish and closed weak at a loss of 1½c from previous figures. News in general was discouraging, but the principal cause for weakness was the fact that the market was speculatively overbought, showing plainly the lack of support to absorb not only commission house offerings, but constant pressure, which was in evidence in the way of liquidation by discouraged holders. Should Liverpool reflect our weakness, the market will doubtless resume its downward course to-morrow; but, as we believe to-day's break has placed same technically in a healthier condition, and that supporting orders will be in evidence on any further depression, think it advisable to replace long holdings on all depressions under 95c.

Erickson Perkins & Co. (J. G. Beaty) wired:

Wheat—The market opened easier and ruled lower thruout the session, the decline being led by the spring wheat markets. Better weather in that section is expected to bring out a larger run of receipts. Some of the weakness in the market to-day can be attributed to a preliminary official report from Germany, estimating the wheat and rye crop of that country as about equal to that of last year. While the movement of spring wheat may have a temporarily depressing effect on prices, we think such effect will be only temporary, for figures show that the crop raised in the three northwestern states is considerably below that of a year ago, and much of this crop is of very poor quality. We also believe that Europe will require all the surplus wheat they have to furnish, and continue to feel that the long side of the market is the safer one.

Corn—Notwithstanding the decline in wheat prices, the market ruled very firm. We continue to feel very strong in our views regarding future prices, and advocate purchases on any and all recessions.

Oats—The market ruled fractionally easier in sympathy with the weakness in wheat. There was further realizing by local longs, with commission houses the buyers on the decline. Cash prices were steady, with a somewhat better demand.

Export Demand Continues Fair

Sales Made in Montreal on Declining Prices in Winnipeg—Oats Are Higher.

MONTREAL, Sept. 11.—There was a fairly good demand from the continent for both old and new crop spring wheat, and on the decline in prices in the Winnipeg market sales of 100,000 bushels were made. The demand from the United Kingdom is quiet, and bids were better. The demand for oats on spot is good, and the tone of the market is strong, prices having scored a further advance of ½c per bushel, with sales of round lots of No. 2 Canadian western at 46½c, ex-store. The foreign demand for flour was fair, and bids for winter wheat, 90 per cents., 3d higher, at 24s 3d for October shipment. A good local and country trade continues to be done. Millfeed is scarce and strong. Dairy produce and provisions are fairly active.

Dressed hogs—Abattoir, $10.50 to $10.75 per 100 lbs.

ALLIANCE IS INDIGNANT

Prominent Member Resents What He Terms Newspaper Insult.

"The attack on the Evangelical Alliance is an insult to unified Protestantism, and an insult to men who are at the head of our churches and theological colleges."

This was the way a prominent officer of the Evangelical Alliance, the representative organization of Canadian Protestantism, formed to oppose the Ne Temere decree, characterized a recent article in an evening paper regarding the third candidate in South Toronto.

Wishing his name withheld from publication, the officer went on to say that the Evangelical Alliance were not, nor did they intend to be, mixed up in the present political campaign. Merely because a candidate came out in South Toronto, announcing himself as opposed to the Ne Temere decree, was no reason why the alliance should endorse him and enter the political struggle.

"He believed that The Star's article was merely an attempt to do a little political boycotting, and split the Conservative party in South Toronto, thus giving the Liberal candidate, J. J. Ward, a better chance of election," he said.

LIVELY STEER MARKET MONDAY'S RUN SHORT

A Strong 10c to 15c Higher Trade With a Good Finish—Lambs Firmer—Hogs Lower.

Receipts of live stock at the Union Yards were 127 cars, comprising 2523 cattle, 869 hogs, 499 sheep and lambs and 40 calves. The quality of cattle was medium to good with some choice loads.

Trade was brisk from start to finish.

Prices were 10c to 15c higher for the best exporters and butchers, but common were steady.

The demand for export cattle was good, all offerings being readily taken, and more exporters could have been sold, as the export buyers invaded the butcher classes, taking many of the best steers and heifers, and then, all the orders were not filled.

There were four export firms represented on the market, viz.: Swift & Co., Morris & Co., S. & S. Co., and J. Shamberg & Co.

Exporters.

Export steers sold all the way from $5.75 to $6.60; export bulls, $4.75 to $5.40.

E. L. Woodward bought 145 London steers, 1340 lbs. each, at $6.38, or a range of $6.35 to $6.60; 70 London heifers, 1080 lbs. each, at $6.20; 271 steers for Liverpool, 1253 lbs. each, at $6.11, or a range of $5.80 to $6.25; 40 Liverpool heifers, 1075 lbs. each, at $5.95.

Geo. Campbell bought for Morris & Co.: 183 steers for London, 1360 lbs. each, at $6.40, or a range of $6.20 to $6.60; also 126 steers for Liverpool 1215 lbs., at $5.92, or a range of $5.75 to $6.00.

Coughlin & Co. bought for J. Shamberg & Sons: 234 export steers, 1250 to 1400 lbs. each, at $6.30 average, or a range of $6.10 to $6.50.

Mr. D. Degen, for S. & S. Co., was late in getting on the market and only got a few cattle and needed more to fill his order.

Butchers.

Many of the best butchers cattle being taken for export caused a shortage for this class and prices advanced in sympathy. Prime picked lots of butchers sold from $5.90 to $6.20; good, $5.65 to $5.85; medium, $5.30 to $5.60; common, $4.75 to $5.25; cows, $3 to $5; bulls, $3.75 to $4.50.

Milkers and Springers.

Market dull and slow, especially for milkers, with prices lower, ranging from $35 to $60 each.

Veal Calves.

There was a limited supply of veal calves which sold at $4 to $8, and two calves of choice new milk-fed quality at $9 per cwt.

Sheep and Lambs.

Lambs were firmer at $5.85 to $6.15, and one choice lot brought $6.25; sheep, ewes, $2.75 to $3.25 for culls, rams and heavy ewes, and light ewes brought $3.50 to $4.25.

CATTLE HIGHER IN MONTREAL MARKET

But Hogs and Lambs Fail to Hold Their Own—Supplies Continue Large.

MONTREAL, Sept. 11.—At the Montreal Stock Yards west end market the receipts of live stock for the week ending Sept. 9 were 1957 cattle, 2375 sheep and lambs, 2200 hogs and 360 calves.

The supply on the market this morning consisted of 850 cattle, 1950 sheep and lambs, 1150 hogs and 250 calves.

A feature of the trade was the stronger feeling in the market for cattle, which was due to the smaller offerings and the somewhat scarcity of choice stock; consequently prices, as compared with those realized last Wednesday, showed an advance of 30c to 35c per 100 pounds, especially for the better grades.

The gathering of buyers was fairly large, and a good trade was done, and the prices realized were satisfactory to all concerned. A few odd steers sold as high as 6¼c, but the bulk of the trading was done in choice stock at 6c; good at 5½c to 5¾c; fairly good at 5c to 5¼c; fair at 4½c to 4¾c, and common at 4c to 4½c per pound. Cows brought from 3½c to 4¾c, and bulls from 2½c to 3¼c per pound, as to quality.

The market for hogs opened strong at an advance in prices, some early buyers paying as high as $7.75 to $8 per 100 lbs. for selected lots, but later in the day a weaker feeling developed, as the supply proved to be somewhat in excess of the requirements, and in consequence prices declined 25c to 35c per 100 pounds, at which reduction the demand was fair and a good clearance was made, with sales of selected lots at $7.50 to $7.65 per 100 pounds, weighed off cars.

A weaker feeling prevailed in the market for lambs, and prices declined ½c to ¾c per pound, which was due to the liberal supplies coming forward. At the lower range of prices there was a fair demand, and sales were made at 5¼c to 5½c per pound. The market for sheep was also weaker, and prices were ¼c to ½c per pound lower, at 3½c. The demand for calves was fair, and sales were made at prices ranging from $3 to $10 each, as to quality.
