

To-Day a Gala Show Day in Absolutely New "Pattern" Hats

We asked the tasteful women of Toronto, two weeks ago, to look at the beautiful display of Hats and Bonnets personally selected in Paris, Berlin, I on on and New York. They came in hundreds and, from what we could gather, were delighted with the collection. To day (Thursday) we give a second invitation to examine hundreds of still later productions-up-to-the-moment conceits that are simply captivating-they have come within the past few days. They will be here in all their beauty to-day, just at the time everybody is thinking of a Fall Hat. We shall be very busy-come in the forenoon if possible.
