

CUBA THE LAND OF SUNSHINE. CANADA-CUBA LAND AND FRUIT COMPANY, LIMITED.

\$25 PER ACRE.

On and after AUGUST 15 the price of all this Company's land will be increased to \$40 PER ACRE.

\$25 PER ACRE.

TO THE CAPITALIST.

Absolute security. Land that will in two years be worth five times the present price, which certainly will increase the value of stock proportionately.

A HOME IN CUBA.

AN OPPORTUNITY like this comes but once in a lifetime. Anyone can have a home in Cuba under our most liberal colonization plan. The way is now open to you. It only remains for you to grasp the opportunity now offered.

Bear in mind, too, that the western farmer who raises twenty bushels of wheat to the acre and gets 75 cents per bushel for it, thinks he is getting rich, while in Cuba \$250 to \$500 per acre can be made with far less effort and uncertainty.

TEN ACRES of good fertile land in Cuba, properly planted in early winter vegetables in the autumn, and properly cared for, with careful methods employed in harvesting and marketing the crop, will yield a net return by spring of from \$600 to \$800 per acre, or \$6000 to \$8000 for the season's work, exclusive of cost of cultivation.

THE CROP from such a tract is marketable in December and January, from thirty to sixty days before the Florida growers have begun to ship, and at a time when the northern markets are practically bare of competing products.

ABSOLUTELY NO RISK.

We think we have shown you in the past that you take absolutely no risk when you invest with us. You secure land today that will be worth five times its money in one year.

A TEN-ACRE GROVE of orange and grapefruit trees will yield you a

Upwards of 200 people intend to leave for our property during September to make their home amongst numbers, who are already on their Plantations and give most encouraging reports. It is necessary to purchase now to have your Plantation ready for this winter's crop.

This Company will undertake to have your plantation cleared, plowed and planted at the mere cost of trees and labor, thus ensuring you a permanent home for the future. No investment is more profitable or so sure as an orange plantation. Trees bear for over one hundred years. Good returns can be made growing all kinds of vegetables and small fruits (between the rows of orange and other trees), which can be shipped to Havana, New York and Canada during winter months, when everything commands the highest prices.

Bear in mind all citrus fruit land must be a light sandy loam soil. This is the experience of all citrus fruit growers. So many inexperienced judge the light soil of Cuba falsely. We undertake to locate for all our purchasers and will get them expert reports on their location and give them the privilege of exchanging the same into any part of our property so set apart and not already sold. We give you every acre free from swamp or rock. Any low lands are not charged for. You can't get any better or fairer contract than this.

THE BEST OF PRACTICAL ORANGE AND OTHER FRUIT GROWERS, WHO HAVE PURCHASED FROM OUR COMPANY, SELECT THE LIGHTEST OF OUR LANDS AND CLAIM THEM TO BE THE FINEST LAND TO BE FOUND IN CUBA FOR ALL CITRUS FRUITS.

WOMAN'S WORLD:

Talk It Over With Your Wife.

Orison Swett Marden in Success Magazine.

There are thousands of families homeless, or living in poverty and wretchedness to-day, who could have been living in comfort in good homes, if the husbands had confided their business affairs to their wives.

Women are very much better judges of human nature than men. They can detect rascality, deception and insincerity more quickly.

I know business men who would never think of employing a manager or superintendent, or a man for any other important position, or of choosing a partner, without first meeting the man and getting a chance to estimate him, to read him. They invite the man whom they are considering for an important position, to their home for dinner, or to spend a Sunday, before deciding.

They want the advantage of that masculine instinct which goes directly to the heart and unerringly to its mark.

I have known of several instances where a wife had cautioned her husband against having anything to do with a man with whom he was thinking of going into business, but the husband ignored the wife's opinion as silly, and disregarded her advice to his great sorrow, as the man turned out exactly as the wife had predicted.

When Being Photographed. It is unwise to wear a new dress. It always falls in awkward folds.

Whenever possible it is money well spent to drive to the photographer's. A feather boa, or a lace fichu has a wonderfully softening effect on the features.

Above all, if you want your picture to have a natural expression, you must forget where you are.

Generally speaking, the head and shoulders make a far prettier picture than a full-length portrait.

Just the mode of the moment confiture will "date" the photograph and soon make it look out of fashion.

A veil imparts a patchy appearance to the face, while gloves make the hands appear much larger than they are in reality.

Unless there is any urgent reason for it, it is a great mistake to be photographed if you are either out of health or in low spirits, says Woman's Life.

A white dress, or one that takes "white" gives a ghastly effect and is far from becoming, unless the sitter is young and pretty.

Boat Cushions. Cushions are an absolute essential to boating comfort, and, altho last year's models can be made to do duty again, fresh covers are indispensable.

The newest and most attractive are those of linen adorned with an applique border of flowers or cretans. A good bold design is selected, and the pattern of roses, trails of lilies or chrysanthemums—as the case may be—cut round the leaving a space of an inch of material at the edge.

The design is then basted on to the cushion square, and buttonhole all round so as to bind the raw edges of the cretans.

Washing silk of cotton with a silk finish is usually employed for this purpose, while the interstices between the nowers are frequently ornamented in addition with embroidered dots.

Small Hat in Vogue. Some time ago word was received that Paris milliners were going to introduce very small hats, and now this fashion has come about.

Confidences. How few people there are who know how to keep a confidence made to them. In the true sense of the word they frequently forget the fundamental principle of the whole idea, which is to leave no person to whom to tell it to another person.

Land Drifts Into Lake. Sheboygan, Wis., July 27.—The mysterious disappearance of 37 acres of the shore of Long Lake, in Fond Du Lac County, was cleared yesterday by the discovery that the tract had broken loose and drifted into the lake as a floating bog.

Lewis and Clark. This afternoon, 75 cents. Via steamer Chippewa of the Niagara Navigation Company, 2 o'clock in the afternoon. Niagara, Lewis and Clark and return 75 cents.

Funeral of Thomas McNaughton. The funeral took place in Peterboro of Master Tom J. McNaughton, the 12-year-old son of Dr. McNaughton of the London asylum staff, a grandson of the late Thomas Ellizard, ex-M.L.A. The little lad, who died of lockjaw, by his bright parts and amiable disposition was a general favorite.

Mr. and Mrs. J. J. Hinckley and son, Basil, are spending a few weeks at Livonia and Consul Lake, N.Y.

Dr. and Mrs. E. T. Arnold leave today for a two weeks' vacation in the province, visiting in the eastern part of the province.

To Far Fields. Miss Cartwright, formerly deaconess of Niagara, has been appointed by the Woman's Missionary Society as assistant of the Methodist Church in Pagan, worker among and will leave shortly for her new field of labor. Miss Hattie Woodsworth, Toronto; Miss N. Steele leave today for West China.

Sarah's No Better. Paris, July 27.—The chancellor of the Legion of Honor to-day again refused the nomination of Sara Bernhardt for the Cross of the Legion, despite the formal insistence of M. Briard, minister of public instruction and worship.

Woman of 70 Walks 130 Miles. Port Huron, Mich., July 27.—Mrs. Anna Burch, aged 70 years, passed thru today on a trip from Flint to Delaware, Ont., near London. The old

lady says she had walked the whole distance from Flint to this city, and intended to continue the journey to her destination in the same manner, a total distance of 130 miles. She intends to take up her home at Delaware and has not the money to pay railroad fare.

ROUT PRETENDER'S FORCES. Salian's Troops Parade With Heads on Bayonet Points. London, July 27.—A despatch to a news agency from Tangier, Morocco, says that a serious all day-long engagement had occurred near Muluya, and that the pretender's forces were completely routed, with heavy loss by the Sultan's troops, who escaped in the confusion, and took away the heads of the Sultan's bayonets, as trophies of the victory.

INCENDIARY FIRES BUILDING TEN OCCUPANTS BARELY ESCAPE. Ottawa, July 27.—At Rapids Des Joachims, Pontiac County, the warehouse of Thomas Marlon, merchant, and the dock were destroyed by fire at a loss of \$10,000.

Mr. Marlon was away from home when the fire broke out, and Mrs. Marlon, an aged nurse, and nine children, who were in the house adjoining the warehouse and dock, escaped in their night clothes. The residence was saved.

The fire is supposed to have been of incendiary origin.

RESUME NOT TO RESIGN. Dr. Resume denies that he has any intention of giving up his office. "Just because a man is a little under the weather is no reason for his giving up the ship," he says. "There is absolutely no truth in the story from Toronto."

To Close Up a Church. A writ of eviction was issued at Oshkoda Hall yesterday against the trustees of the Colored Baptist Church at Windsor, who decline to give up possession, altho a mortgage, held by P. H. O'Neill, has been foreclosed.

Week-End Specials. Delightful for health and pleasure, St. Catharines, \$2.25; Grimsby Park, \$1.85; Port Dover, \$2.55; Orillia, \$2.70; Cobourg, \$2.45; Fenelon Falls, \$2.55; Bobcaygeon, \$2.65; Burlington, \$2.20; Guelph, \$1.60; Goderich, \$4.15. San Francisco Relief Work. San Francisco, Calif., July 27.—Dr. Edward T. Devine, Colonel George H. Pippy and Edward F. Moran, composing the commission which has had the relief work in charge here, resigned last night. A salary of \$6000 a year was attached to the positions. The re-

sum of the ballot taken by the carpenters on the question of striking resulted in a majority of 12 against.

Justice Teetzel yesterday granted an injunction to Mrs. Sophia Hyman of Brandon restraining the Empire Securities Co. from disposing of 20 Equitable Gas bonds. It is alleged that the two companies are practically the same, being managed by the same persons and consisting of the same shareholders. An agent of the Boiler Cleaner Co. induced Mrs. Hyman to transfer the gas stock, 32 shares of Toronto Mortgage Co. shares and of Toronto Mortgage Co. shares of \$25 in consideration of 39 shares of the Boiler Fuel stock. She was told that the latter was 7 per cent. preference stock. Her good securities were turned over to the Empire Co., who promptly disposed of the Toronto Mortgage stock.

Mrs. Hyman now thinks that the "51" Empire Fuel stock doesn't amount to much, and has taken out the injunction to preserve what is left of her securities.

PRESENTATION OF PLATE. Lord Strathcona, Officiate at a Ceremony at Portmouth.

(Canadian Associated Press Cable.) London, July 27.—About fifty Canadians went to Portsmouth this afternoon to witness the presentation of a silver centre piece to the battleship Dominion. Lord Strathcona, delivered a short address, and his daughter, Mrs. Howard, made the presentation. Afterwards the guests were entertained by the captain and shown over the ship.

Over forty colonial visitors to the congress went to Bristol to be entertained to-night and to-morrow. Reporting to the Daily Bristol and Daily Press says the fortunes of Canada and Bristol have been linked ever since the colony took its place as a British possession. The visitors will traverse the very town from which the Cabots sailed over four hundred years ago on their way to discover Newfoundland.

Now steam and cable have practically annihilated the distance from Bristol to the St. Lawrence. In the development of Canada, Bristol takes the deepest possible interest, because it is sure to share in the traffic.

To Go to Last. At a meeting of Parr's Bank, C. N. Parr, chairman of the directors, said the name of Canada was a synonym for prosperity. He said that it might go too fast and suffer the inevitable punishment of reaction.

ASKS TIME TO CONSIDER. Kingston, July 27.—Rev. Frank DuMoulin of St. Peter's, Chicago, asked to accept the trusteeship of St. George's, a deanery of Ontario, received the document while summing at Muskoka Lakes. He has asked for a fortnight to consider it.

An Education Home for Boys and Young Men.

MANUAL TRAINING. Woodstock College has for its ideal the all-round development of the student. It is not only trains him "to think," but also "to do." It was the first school in Canada to recognize the need of practical education, and over fifteen years ago introduced Manual Training for this purpose. The finest equipment has been provided in both the Wood and Metal Departments. To those entering upon mechanical and engineering pursuits, this training during the formative periods of their lives is almost invaluable.

PHYSICAL CULTURE. In so far as the moral and mental are dependent upon the physical to that education, while the new gymnasium provides an indoor athletic field especially valuable during inclement weather. The running track, exercising floor, swimming pool, showers, class-work, etc., furnish means for the healthful care of the body.

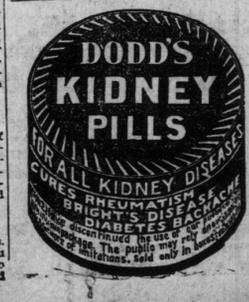

INTELLECTUAL. The College offers four courses of study—Matriculation, English, Scientific, Teachers' and Commercial. Examinations admit into all Universities and Schools of Science. The teachers are all University trained men of experience, sympathetic in the work of instruction. The school is noted for its high Moral Tone and Christian Life. Write for Calendar.

Habit-forming Medicines. Whatever may be the fact as to many of the so-called patent medicines of the day, it is a fact that they are habit-forming. In some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this evil. It has, in a considerable measure, resulted in the most intelligent people are fairly suspicious of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., took time by the forelock, as it were, and published broadcast all the ingredients of his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are now or known composition. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of disease, becomes highly objectionable from its tendency to produce craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherrybark and Bloodroot, contained in his Golden Medical Discovery. In all bronchitis, throat and lung affections attended with severe coughs, as will be seen from the writings of the eminent Drs. Grover, Cox of New York; Bartholow, of Jefferson Medical College, Philadelphia; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are the very best ingredients that Dr. Pierce has chosen to make up his famous "Discovery" for the cure of not only bronchitis, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.
