#### INTEMPERATE HABITS INCREASE THE LIABILITY TO CONSUMPTION

The susceptibility of people to tuberculosis is just about trebled by intemperate habits. This is the estimate of scientific men.

The disease is not caught as you catch scarlet fever or smallpox, but by germs from dried sputum getting into the lungs. If our bodies are strong and healthy the germs are resisted successfully by the operation of nature; if weakened and depleted the germ will make headway, and death is inevitable, unless proper methods of cure are followed. Temperance lecturers could well make use of these facts.

Neglected colds are also a prollific source of consumption, as they leave the lungs in a peculiarly receptive condition for the tubercular germ. A simple remedy, which is said to break a cold in twenty-four hours, and cure any cough that is curable, can be obtained from any good prescription druggist at small cost: Take one-half ounce of Virgin Oil of Pine (Pure), two ounces of Glycerine, and eight ounces of good Whisky. Shake well and take in teaspoonful doses every four hours.

To avoid substitution, it is best to purchase the ingredients and prepare the mixture yourself. The Virgin Oil of Pine (Pure) should be purchased in the original half-ounce vials, which are securely scaled in a round wooden case, with engraved wrapper, with the name—"Virgin Oil of Pine (Pure)"—plainly printed thereon. There are many rank imitations of Virgin Oil of Pine (Pure), which are put out under various names, such as Concentrated Oil of Pine, Pine Balsam, etc. Never accept these as a substitute for the Pure Virgin Oil of Pine, as they will invariably produce nauses and never effect the desired result.

The department of militia and defence of Canada are authorized to grant commissions to twenty-five mursing sisters in the A.M.C., to be employed when necessary. There are at present seventeen. Two of the most recent appointments are to the Halifax garrison hospital—Miss Georgina Pope, Royal Red Cross, appointed in August. 1906, and Miss Margaret McDonald, appointed in November, 1906. These two sisters both served in South Africa with distinction, and are entitled to the rank, pay and allowances of a lieutenant.

Mrs. S. Fidder, Linton's, N.B., writes:
"I feel it my duty to let you know of my experience with Dr. Wood's Norway Pine Syrup. My little girl was very low with Bronchitis and our doctor did all in his power for her, but could only give her relief for a short time. My husband saw your medicine advertised, and immediatly procured three bottles." I never saw anything give so much relief in so short a time, It stopped the annoying cough at night and she is now perfectly cured. I am so glad I can hardly express my gratitude for what Dr. Wood's Norway Pine Syrup has done for us."
