SAY APPOINT. NT OF HON. MR. WILSON NEAR

Other Offices to be Filled By Government and City — The Assessment Commission

The prospects regarding the appointment of a new deputy receiver general in succession to the late Dr. H. C. Wetmore, seem today to point towards the early appointment of Hon. John E. Wilson, M. P., to the office. It is understood, on excellent authority that his appointment has been agreed to and that the claims of the many other office seekers will not be recognized at this time.

The havoc wrought in party ranks by the long-continued discussion over the late appointment, that of Judge of probates, is said to have shown the party leaders the danger of delay and it is believed that Mr. Wilson's appointment will come at an early date.

So strenuous was the campaign in connection with the last appointment that, before it ended, there were open threats that a third political party would be organized in St. John and independent candidates put in the field at the next elections if the wishes of one of the factions were not satisfied.

There are various other government and civic appointments soon to be made which are exciting public interest. Two vacancies have occurred on the board of school trustees, owing to expiration of the terms of M. E. Agar, a government appointee, and T. H. Bullock, who was appointed by the city. Friends of Fred J. McInerney are urging his appointment as Mr. Agar's successor, but it is said that Mr. Agar will be urged to accept a reappointment. With regard to the city appointment it is reported that Commissioners Russell and Potts are both willing to accept the office, while among some of the other commissioners there is strong feeling against the appointment of one of their own number to any office. The school board expects almost one-third of the members to resign and the commissioners think it reasonable that they should be reappointed, but some of them feel that their appointment should be made by law rather than by their own vote.

ASSESSMENT.

The city will soon have to face the appointment of an assessment commission, this being required by the government within three months of the action of the legislature at the last session, when taxation matters were before them. There has been some discussion of the matter at city hall, but no action has been taken — yet. Here again the same question of the desirability of appointing themselves to office is likely to come up. It is not understood yet whether the common council will be represented on the commission although it is to be expected that it will be. There is also some talk of securing at least one respect from some outside to assist in the work.

There will soon be a vacancy in the board of liquor license commissioners, John Thornton, who was appointed to fill the unexpired term of Dr. H. C. Wetmore, will soon complete his period of office. It was said today to be probable that he would be reappointed, although others are said to be after the place.

HOME FROM VANCOUVER

Rev. Walter Raynes Visiting Fairville—Sermon by Rev. Mr. Creed Who is in 55th as Private

Rev. Walter Raynes of Vancouver, arrived at Fairville on Saturday afternoon and is being warmly welcomed by his native village. Rev. Mr. Raynes has done well in the west in the Presbyterian ministry and his many friends will be glad to learn of his return visit.

The Fairville Methodist church was occupied last evening by Rev. E. H. Creed of Hampton, who recently enlisted as a private in the ranks of the 66th. He wore his khaki. While he chose 1 Peter 1st chapter, 24th and 25th verses as a text, he confined his remarks about altogether to his personal reasons for doing the king's uniform.

The reverend gentleman referred to at the outset to the unusual position he was placed in as a minister of the gospel and a soldier preparing to fight for his brethren. Every man in every clime who really possessed the elements of manhood felt the force of his native country, and this was accentuated when the institutions of his nation were founded on principles of justice and truth. He had seen several times requested to speak from the platform to the public, calling for volunteers, but had felt he could not conscientiously ask another man to do what he was not prepared to take upon himself. This was the first reason why he had joined the colors.

Some men he knew had enlisted in a spirit of adventure with no thoughts to the great underlying cause of the war and principles at stake. Others, through revenge at German cruelties, and still more and a great number to maintain the integrity of the British Empire, were forsaking homes and loved ones to offer their lives on the altar and this he conceived to be an excellent incentive, but he believed in a still higher ideal which had moved him as a second demand upon his physical powers. This war was a contest between darkness and light, liberty and military oppression and force against the principles of righteousness and because of this he appealed to every able bodied man to join his country's troops as a contribution small enough in such a colossal struggle.

DR. HAROLD MURPHY HOME ON VISIT

A visitor to the city for a short vacation is Dr. Harold A. Murphy, son of Mr. and Mrs. George Murphy of Rockland road. He is visiting at the home of his parents after recently graduating with honors from Tufts' College, Boston. After staying here at his old home until about the last part of this month, Doctor Murphy will return to Boston, where he will enter St. Elizabeth's Hospital, conducted by the Sisters of Charity. He will hold the position of surgical intern, in which his experience should prove most valuable. His brother, another St. John boy, Dr. E. F. Murphy, is on the visiting staff of the hospital, which is one of the most modern in final, design and equipment in New England, and has been completed only a short while. The young doctor's numerous friends about the city will extend him every best wish of success.

FIRST OF THE SEASON

A box of wild strawberries was picked at Williams' Wharf on the St. John river on Saturday and presented to Captain Taylor of the Gunner.

JUDGE KNOWLES IS SWORN IN

Ceremony Before Arrival of His Commission, Because of Business Pressure

Judge E. T. C. Knowles presided for the first time in the probate court this morning and received the formal congratulations of the members of the bar upon his appointment to the office.

Some difficulties arose in connection with the first session of the court but these were arranged satisfactorily in advance. No provision is made for the adjournment of the court by the register, but in the case of the resignation of the judge; there was a citation returnable at the bar, extending the court to convene a new citation and a delay of three weeks would be required. The commission of appointment had not arrived, and Mr. Knowles felt unwilling to take office until it was in his hands. Finally he was advised that it was on the way to St. John, and under the circumstances, especially as there were several other pressing matters before the court, he agreed to be sworn in, and this ceremony took place at eleven o'clock before Judge Armstrong, his predecessor in office and new judge of the county court.

When Judge Knowles took his place on the bench, members of the bar were present to welcome him, and on their behalf, W. A. Ewing, K.C., extended to his Honor the warmest congratulations of the bar, expressing their conviction that under the new judge the affairs of the court would receive the same careful attention and prompt despatch as in the past.

Judge Knowles responded briefly, thanking not only the barristers, but also his many friends in other walks of life who have expressed such kindly sentiments upon his appointment. He said that it would be his ambition to uphold the traditions of the office which have been held to such a high standard by his predecessors.

The business of the court then proceeded.

SIGNALLERS AT FRONT WANT BASEBALL OUTFIT

Letter to Commissioner McLellan Will Bring Result—Chance For Any Who Wish to Assist

An appeal for baseball supplies from members of the first Canadian Divisional Signal Company, which was raised almost entirely in St. John, has been received by Commissioner McLellan. The commissioner was willing to arrange to meet with their request himself when it was suggested that other friends of the boys might be glad to contribute the material. Accordingly the commissioner announces that any one who wishes to send forward baseballs, bats, mallets, gloves, etc., may leave them at his office, 41 Princess street, and he will see they go forward. He will wait two or three days to give the citizens opportunity to take advantage of this opportunity.

The letter from the front, dated simply from "France" is as follows:

"As we have many opportunities and most always have a good field for a game of ball, we take the liberty of applying to you for the material to enable us to have a good game. Hoping this reaches you with all despatch, and receives due consideration, we beg to remain,

Yours truly,

Some of the St. John boys with the First Canadian Divisional Signal Company—R. E. Anderson, Joseph Dryden, Jack W. Mahoney, C. V. Curran, G. A. Nuttall, I. O. Donald, F. W. Skinner, Philip Harrington, S. H. Estabrooks, Charles Humphrey.

LETTER FROM ED. SPEIGHT, WHO IS PRISONER OF GERMANS

Miss Jennie Speight of 622 Main street, has received a letter from her brother, Private Edward Speight, who is a prisoner of war, No. 14818, in Meschede, Germany. He states that he is well and being used well. He has not much to do, only sleep and eat and do a little bit of exercise to keep in condition. He states that he had some light in the battle of Langemark. Some were overcome by gas and were captured. He is not allowed to tell very much, as the prisoners are not allowed to write much. He wishes to be remembered to his many friends in St. John.

DO THE WORK THEMSELVES

Members of the Tabernacle Baptist church have been busy during the last week in painting, decorating and renovating the building, under the direction of their pastor, Rev. Mr. Dennison. In this way about \$150 has been saved to the church funds. Quite an improvement has been noticed in the appearance of the church.

At yesterday's services, Rev. Dr. Hutchinson spoke in the morning, preaching on "Fruit-Bearing." Rev. W. Camp spoke in the afternoon on "He Saved Himself—Others He Cannot Save," while in the evening the pastor was the speaker with "Woman" as his subject.

BOYS HAVE OUTING

The M. I. G. Class of St. Mary's church, held a very pleasant outing to Ragged Point on Saturday afternoon under the direction of Rev. R. T. McKim, curate of the church. About fourteen boys were present and spent a very pleasant afternoon. This club has lately been organized by the curate and the boys are very grateful to him for the interest he has shown. Many more pleasant hikes such as this will be taken during the summer and those who are fond of a day's outing certainly find them very enjoyable.

KING STREET EAST PLANS.

The sidewalk at the foot of King street east is to receive some attention from the department of public works at last. Repairs have been much needed for a long time, but the work has been delayed for lack of a definite policy. The present sidewalks are far broader than the traffic demands, and the cost of keeping them in repair is considered excessive. Commissioner Potts is now trying to work out a scheme of grass plots which would lessen the cost of un-kept and also add to the appearance of the street.
