

WAS MISSING FOR NINETEEN YEARS

Ontario Man Whom Neighbors Thought Dead Is Located in Michigan.

Durham, Ont., April 26.—That John Jardine, formerly well known in Glenelg township, where he was resident and who mysteriously disappeared nineteen years ago next May, is now alive in Michigan was revealed in a letter received by Angus Hooper of Glenelg.

It was from Wm. Burnett, who used to be a neighbor of Jardine's in Glenelg, and who ran into him in Manistique City, Michigan. Jardine, it is said, at first was not willing to admit his identity but on Mr. Burnett challenging him he acknowledged it, and inquired for information and the address of his sister, Anne.

It was for this purpose Mr. Burnett wrote to Hooper. Jardine is now farming thirty miles from Manistique City.

When he disappeared years ago he was looked upon as an honorable and hard-working man, and no reason could be assigned for his strange action.

It was suspected he had met with foul play, but diligent search failed to reveal any trace of him, living or dead.

LEATHER COAT SAVES AIRMAN

Was Pinned Under Burning Plane After Crashing—Dropped Only Fifty Feet.

New York, April 26.—Elmer Vannatta, a pilot in the postal air service stationed at Curtis Field, Minn., was rescued from death by burning beneath the wreck of his De Havilland airplane, which side-slipped and crashed to the ground when he was flying over Mitchell Field. The plane in which Vannatta had ascended was a postal type flyer, equipped with a new 400-horsepower Liberty motor.

The postal air pilot was flying at an altitude of scarcely more than 50 feet when the plane fell. He was thrown from the plane, which crashed down upon him. Vannatta was caught under part of a crumpled wing and the wrecked fuselage. The moment that the plane struck the ground there was a flash of flame and smoke and it soon was enveloped.

RECENT WEDDINGS

A quiet wedding took place on Wednesday afternoon, April 20, at the manse, Wright street, when the Rev. R. Moorehead Legate united in marriage Ruby, only daughter of Mr. and Mrs. J. Dolphin of Britain street, to Cecil Rhodes Bettie, of Passacage, Kings county.

Miss Ottilia Amelia Triebel and David Alexander Kennedy were married on Tuesday afternoon at the bride's home, 24 Victoria road. The bride is the daughter of Mrs. Theodore Triebel, of Greenfield (Mass.) and the bridegroom is the son of the late James Kennedy, of St. John. The Rev. Dr. John F. Johnston, pastor of the First Presbyterian church, performed the ceremony, the bride party standing beneath a lower of palms, white spring flowers and ward roses. The bride, who was unattended, wore a gown of French lace over ivory satin, the only trimming being a broad Venetian lace collar, a family heirloom. Her only ornament was a string of pearls, the gift of the bridegroom. Mr. and Mrs. Kennedy left for a wedding trip to New York and Washington (D. C.) Upon their return they will be at home after May 1.—From Hartford (Conn.) Daily Times, April 14, 1921.

At St. Mark's church, Brooklyn, N. Y., Miss Jean Windsor Currie, daughter of Mrs. Agnes E. Currie and the late John S. Currie, formerly of St. John, N. B., and Stonewall John Jackson, son of Mr. and Mrs. Godfrey Jackson, Windsor, Ont., were united in marriage on last Wednesday. The ceremony was performed by Rev. Dr. Robt. M. Moore. Mr. and Mrs. Jackson left for a honeymoon trip to the West Indies.

MAINE'S FIRST WOMAN IN JURY BOX EXCUSED

Legal Doubt Over Validity of Act Before July 3.

Auburn, Me., April 26.—Mrs. Georgia Fenderson, the first woman called to serve on a jury in Maine, reported with the other jurors for the Supreme Judicial Court, but was excused before the court opened.

The last Legislature amended the statute relative to the jury box by adding "no person shall be disqualified by reason of sex." This amendment does not become law, however, until July 3 next, 90 days after its approval, and there is some question, whether until that time a woman can legally serve.

Mrs. Fenderson was willing to serve if she had to, but did not wish to if she could avoid it, consequently Judge Hanson excused her so that no question might arise concerning the legality of her service.

Paris, April 26.—"Carrying coals to Newcastle" hitherto held as about the most futile thing on earth, has actually been accomplished by a firm of French exporters, who sent a direct shipment last week.

The coal was shipped not only to Newcastle but also to Cardiff, the centre of the South Wales coal fields, in response to an urgent demand by English industries that were suffering on account of the coal miners' strike in England.

BIG SURPLUS IN THE FINANCES OF GREAT BRITAIN

(Canadian Press Despatch.)

London, April 25.—Austen Chamberlain, former Chancellor of the Exchequer, taking the place of the present Chancellor, Sir Robert S. Horne, presented the budget in the House of Commons today. Its leading feature, removal of the excess profits duty, was announced some time ago. The Chancellor's estimates of revenue and expenditure of a year ago have been borne out with remarkable accuracy, a surplus of £280,000,000, only about £400,000 under the estimated surplus, being recorded.

Debt Wiped Out.
The debt to Canada had been reduced by £20,000,000 in the year, while all debts to Japan, Spain, Argentina, Uruguay and Holland had been wiped out. He emphasized the importance of reducing the external debt, because it interfered with exchange and trade, and announced as a remarkable achievement that in two years the external debt had been reduced by £200,000,000.

LEFT SIDE NAP KILLS MOLL.

Heart Cramp Causes Death of Pet Elephant in Boston Zoo.

Boston, Mass., April 26.—Molly, the pet elephant of the children of Boston, is dead at the Franklin Park Zoo. She, with her two companions, Waddy and Tony, had been exhibited all over the world. The trio made such a hit when shown in Boston that the children raised enough money to buy them and present them to the zoo.

Molly killed herself. Usually she slept on her feet, but once in a while she would lie down for a nap. Invariably she would lie on her right side when so doing. For some reason when Molly decided to lie down for a nap Thursday night she elected to lie on her left side. She never got up.

The trumpeting of Molly's companions Friday morning gave the Zoo authorities their first intimation that all was not right in the Elephant House. They found Molly struggling on the floor in frantic efforts to raise her 4½-ton weight to her feet. She could not do it, the heart cramped by the all night nap was too weak and finally Molly fell back dead.

The skeleton will be presented to the Agassiz Museum at Harvard University as the skin is in such shape that stuffing was deemed inadvisable.
