A little tap and a twist of the finger takes the place of the coal scuttle, the wood box, the long wait, the dirt, the ashes—and sometimes the smoke too.

Get a McClary gas range and cut your kitchen work in two.

Sanitary, with black enamel finish and enameled tile or splash back.

Conveniently high oven, glass door and thermometer—everything that a modern gas range ought to have.

"Satisfaction," a booklet that describes every kind of gas appliance from a "hot" plate to hotel kitchen range will be sent to anyone writing for it.

## MOST PITIFUL SIGHT ON EARTH

There is in the whole range of human sorrow and suffering no spectacle more poignant nor one that so readily calls forth relief as the sight of a starving child. It is so rare in this country that it may be said to be practically non-existent. Yet there is a country, intimately bound to this country by every tie of feeling and honor that must look on helplessly every day while the children, the flower of its race, perish from starvation. That country is Belgium, the most sorely tried of all the countries at war, and the one that will have made possible the ultimate defeat of the arch-enemy, Germany. In Belgium there are 1,200,000 children whose normal condition is one of starvation. Aid has been given and is being given nobly by this continent but there remains ever the need for more. If that aid is to be definitely efficacious it must be continuous and so this appeal is made to you. If you have not already aided this greatest of all good causes, start right in today. If you have given help, repeat it now. Ten dollars will support and keep a child for a month. Send your contribution—however small it is—to 89 St. Peter street, Montreal, Que.

### FIND BODY OF WOMAN.

Taken from Niagara River at Maid of the Mist Landing—Jewelry on Fingers.

Niagara Falls, Ont., Oct. 18.—The body of a woman about thirty-five years of age was taken from the river at the Canadian Maid of the Mist Landing. The only clothing was a dark blue skirt, black stockings and black buttoned shoes. On the third finger of each hand was a gold ring, one set with a diamond and one with a sapphire, and a lace collar about the neck was fastened with a gold brooch set with a diamond. The body had been in the water about a week.

## The Birks Gift Book

The Birks Year Book—often called Canada's Gift Book—will be ready in a week or two. As formerly, it is one of the finest specimens of the printer's art ever produced in Canada. Color has been used freely, and there are more illustrations than ever before.

With this book before you, you can do your shopping in the comfort of your own home, just as easily and satisfactorily as if you were in Montreal.

The edition is limited and we are anxious that it should go only into the hands of those where it will be most appreciated.

To ensure our copy write is to-day. It will be sent you free on request.

## A Woman's Style

**MODART CORSETS**  
Front Laced

SOCIAL doors, as well as business ones, open more readily to the stylish woman. Style is a winning trait. It has its foundation in the corset. A woman's figure is no better than her corset designer makes it.

Superior corset designers are as scarce as superior sculptors. Like the latter, they must have a correct mental conception of artistic style before they can draft proper corset designs.

A beautiful statue irresistibly attracts—a poor one repels, yet both are made from the same marble and with like chisels.

A beautifully designed corset gives grace to the figure of the wearer and a poor one does not.

Have your corsets fitted and you will see for yourself.

## MYER WHITZMAN

### SENT UP FOR TRIAL

The preliminary hearing before Magistrate Ritchie in the police court against Myer Whitzman occupied three sessions of the court, yesterday, one in the morning, one in the afternoon and one again last evening. Whitzman was committed for trial by the magistrate, the latter saying that the papers would be immediately made out so as to allow proceedings before the supreme court judge for bail on the part of the defence. Whitzman was charged with receiving goods stolen from W. H. Thorne & Co. Ltd. G. H. V. Byles appeared for the firm, and Daniel Mullin, K. C., for the defence. It will be remembered that Myer Whitzman was absent from the city when the same case, involving the same goods, was tried against Morris Whitzman and Max Webber. He had only returned on Thursday.

To British Columbia.  
Elwood Burt, of Burt's Corner, left for the Kootenay District, British Columbia, where he will enter the lumber business. Mr. Burt is taking a crew of men with him.

### To Mill Local Wheat.

Fredericton, N. S., Oct. 18.—The wheat crop of New Brunswick will be taken care of by the flour mills of the province and arrangements will be made shortly to have the milling begun in accordance with the regulations of the food control department. The wheat is being harvested in good condition as a general thing,

but some of the grain has been found to be soft on account of the wet weather.

A quantity of rum, valued at \$2,500, was seized in one of the Pullmans of the Ocean Limited upon the arrival of the train from Montreal in Halifax yesterday. The seizure was made by the temperance act inspector, E. S. Tracey.
