APPEAL IN PERTH POTATO CASE IS HEARD IN COURT

Action Arose From Judgment in Farmers' Co-operative, Limited, Trial

MERRITT—DOHERTY
ARGUMENT FINISHED

John Black, of Fredericton,
Applies For Readmission
to N. B. Bar

FREDERICTON, Feb. 10.—Before the Appeal Division of the Supreme Court this afternoon argument was completed in the case of A. Stanley Merritt vs. Maurice L. Doherty, in which J. P. Raymond, K. C., supported an appeal from the St. John County Court. C. J. Melville was heard on behalf of the appellants.

The case of Denning et al vs. Bell, from the King's Bench Division,

How to Make Pine Cough Syrup at Home

Has no equal for prompt results.
Takes but a moment to prepare,
and saves you about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup. To make the best pine cough remedy that money can buy, put 2½ ounces of Pine in a 16-oz. bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make 16 ounces—more than you can buy ready-made for \$2.50. It is pure, good and pleasant—children like it.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—irritated membranes—and this Pine and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or ordinary throat ailment.

Pine is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs. Beware of substitutes. Ask your druggist for "2½ ounces of Pine" with directions, and don't accept anything else. Guarantee to give absolute satisfaction or money refunded. The Pine Co., Toronto, Ont.

was begun. J. C. Hartley, K. C., for defendant Bell and J. B. M. Baxter, K. C., for defendant Howlett, supported an appeal from a judgment of Chief Justice Barry.

This case was tried before Chief Justice Barry at Fredericton and arose out of the marketing of potatoes by the Farmers' Co-operative, Limited, at Perth.

URGES PROTECTION FOR CANADA MINES

Vancouver Member Advocates
Duty on Imported Coal
For Maritimes' Benefit.

OTTAWA, Feb. 11.—Hon. H. H. Stevens, Conservative, Vancouver, speaking in the Commons yesterday, discussed the transportation problem. The wheat growers of the prairies desired to be able to carry their wheat to the ocean ports en route to Europe at a cost commensurate with that paid by their competitors from Argentina, India and Egypt, whose fields were within a few hundred miles of their seaboard, as compared with one or two thousand miles in Canada.

Protection for Mines.
The development of the coal and iron industries in the Maritime Provinces and the Alberta coal fields was also at stake, he declared.

"Do you advocate increasing the duty on coal?" asked Mr. Robb. "Yes, as far as I am concerned," replied Mr. Stevens, "because the Maritime Provinces should be afforded protection."

SAYS WAR DEBTS SHOULD NOT EXIST

Italian Paper Comments on
Question of Inter-Alleed
Obligations.

ROME, Feb. 11.—L'Idée Nazionale, a Roman newspaper in touch with the Italian government, gave the place of honor last night to the inter-alleed war debts. It asserts that they do not exist.

Great Britain's conscience is not clean, says the paper. Every Britisher knows in his heart, it asserts, that he has no right to ask for payment of the so-called inter-alleed debts. Italy's human sacrifice during the war follows immediately after France's, says the paper, and is superior to Britain's. The United States must realize that no money is owed her, it declares. Other press comments reflect similar viewpoints.

Shriners' New Hospital For
Crippled Children in Montreal
to Open Sunday.

MONTREAL, Feb. 11.—It is announced by Henry J. Elliott, K. C., chairman of committee, that the Montreal Unit of the Shriners' Hospitals for Crippled Children at 25 Cedar avenue, is approaching completion so rapidly that it is expected it will be ready to accept patients on February 18 next, and thereafter assume full operations. This hospital is to provide 80 beds for crippled children, and will mean an ultimate cost of \$450,000 to the Shriners. The hospital, it was said by Mr. Elliott, will be conducted absolutely at the expense of the Shriners, not only as to initial cost, but for the upkeep, being part of their general work for the support, cure and training of crippled children.

This hospital, said Mr. Elliott, will be one of eight unit hospitals established for crippled children under the direction of the Shriners all over the North American continent. Open Next Sunday. According to present plans, the formal opening of the new hospital will be held on February 18, with the central chairman, Sam P. Cochrane of Dallas, Texas, officiating, assisted by a number of the Shriners' officials from all over the continent.

Battleships.

LONDON, Feb. 10.—In the Old Bailey today the magistrate sentenced W. P. O'Leary to 18 months' imprisonment and J. D. McGough to 15 months for misdemeanor under the Official Secrets Act.
