I am C110734 Cpl Gangster G.F. #3, 8th
Pioneer Corps.

On the 4 Nov 44 I was in charge of
trench patrols in Rimini. I was visiting
the town 1700 hrs, while visiting a Sgt came
up and said his truck had been stolen. Hq
Bell was sitting in the jeep with me. The Sgt
pointed to a truck going down the street so we
followed it for two blocks, it was the end
of the street with a sharp right turn - the
truck could not make the turn. I went over to
behind the wheel and to get out from
I then ordered Hq Bell to bring the truck to our
Sec. H.Q. On arriving at Sec H.Q. I asked the
soldier for his pass book. He said he had no
identification other than his discs. I asked him
his registered number and he said two
letters before his number either an H or L. I
can't remember which - I do not remember his
number. I then asked him to let me see the
discs and holding out my hand he hit me
a slap across the face. I pushed him onto
my bed away from me, he then said "you
yellow bunch of crunts you always stay behind
while we go up front and do the fighting" Sgt
McBlum, my sec Sgt, then said, as he was
moving back I flashes that he would take
him to the Sgt and have him identified.
Sgt McBlum returned later and gave me
the accused's correct name and number for
my report.
