KENDALLS

From the Akron Commercial, Ohio, of Nov. 25th, 1882.

Readers of the Commerciul can not well force that a large space has for years been taken up by Kendall's advertisements—especially of a certain Spavin Cure. We have had dealings with Dr. Kendall for many years, and we know of some large ousiness houses in cities near by who have also dealt with him for many years, and the truth is fully and faithfully proven, not only that he is a good honest man, and that his celebrated Spavin Cure is not only all that it is recommended to be, but that the English Language is not capable of recommending it too highly. Rendall's Spavin Core will cure spavins. There are hundreds of cases in which that has been proven to our certain knowledge, but, after all, if any person confines the usefulness of this eclebrated medicine to curing spavins alone, they make a big mistake. It is the bost medicine known as an outward application for heumatism in the human family. It is good for pains and aches, swellings, lameness, and is just as asfely applied to men, women and children as it is to horses. We know that there are other good limiments, but we do believe this spavin cure to be far better than any ever invented. Ohio, of Nov. 25th, 1882.
