MUST NOT THROW STONES AT TRAINS

PHILADELPHIA, Dec. 3.—As a result of the casting of a plumb bob into President Roosevelt's special train as it was passing through the northern part of this city Saturday night, the Pennsylvania railroad police and the Philadelphia police authorities have united in a determined effort to break up the practice of throwing missiles at trains. A thorough investigation of last night's incident is in progress.

"We have been persistently annoyed," said a Pennsylvania road official today "by the throwing of stones and bricks through car windows by miscreants. These occur usually in outlying parts of the city. The only thing that will break up the practice is a heavy fine and imprisonment for the offenders when caught."

U. S. REVENUE SHOWS AN INCREASE

WASHINGTON, Dec. 3.—The annual report of Commissioner John W. Yerkes of the revenue bureau treasury department shows that the receipts of the year ending June 30, 1905, were \$234,178,878, an excess of \$1,284,195 over the fiscal year of 1904.

The leading states in the payment of revenue taxes for the past year are Illinois, New York, Indiana, Kentucky, Ohio and Pennsylvania.

In 1904 the total production of distilled spirits was 139,953,214 gallons; in 1905, 153,255,379 gallons. There has been an increase in the amount of tobacco and snuff manufactured, and in the production of beer.

The amount of snuff imported shows a large increase over last year.

### The Wornout Nerves, The Weak Heart, The Tired Brain, The Wasted Strength.

What a multitude of women there are who feel that these words exactly suit their case. From early morn until late at night they have been on the go, year in and year out, attending to the daily household duties, looking after the wants of her children and spending the rest of her time attending to social and church work. Is it any wonder then that sooner or later there comes a general collapse? The action of the heart becomes weak and palpitating, the nerves become unstrung, the brain feels in a whirl half the time and the usual force of vitality is lacking.

It is at this time a woman should look after herself. If she does not, serious female disorders may set in and often cause weary months and years of helplessness and miserable suffering. What she wants is something to build up her system. For this purpose there is nothing to equal

I bought two boxes of Milburn's Heart and Nerve Pills and after taking them I found that my trouble had all passed away. I am now strong and healthy again."

Milburn's Heart and Nerve Pills are 50 cent per box or 3 for \$1.25. If your dealer does not handle them, send direct to The Milburn Co., Ltd., Toronto, Ont.

THE WINTER PORT BUSINESS RUSHING.

Lively Times These Days at Sand Point.

The Lake Champlain Arrived Yesterday

With 250 Passengers and a Large Cargo.

Business at Sand Point is very brisk, and the lively manner in which the cargoes are being handled by the local longshoremen is very noticeable to every person. Inland and outward freight is now being handled so that there are no delays.

The Allan liner Sicilian sailed on Saturday afternoon with a good cargo and a fair passenger list. She arrived at Halifax yesterday to finish taking in mail and mails for Monville and Liverpool.

The Head liner Bonora Head is loading at No. 2 berth and will sail tomorrow for Belfast.

The Dorchester liner Athena, Capt. McNeill, is discharging at the new corporation pier and will shift to No. 4 berth, Sand Point, tomorrow.

The Donaldson liner Alcides will be ready to sail for Glasgow tomorrow or Wednesday. She is taking in cargo at No. 4 berth, and will leave her berth to the hatch combings with general cargo.

The C. P. R. steamer Montezuma is being rapidly filled with a good general cargo at No. 1 berth and is expected to sail tomorrow for Liverpool.

The C. P. R. steamer Lake Champlain, Capt. Stewart, arrived in port yesterday afternoon, docking at No. 3 berth about four o'clock. Her voyage out was uneventful, although some heavy weather was encountered.

The Champlain brought out about thirty passengers all told, nearly all of them Britishers bound to the Northwest. Fourteen were Belgians and there were also a few Scandinavians and French. Twenty-five of thirty were going to settle in the United States, but the rest were anxiously looking forward to homes in the Canadian west. All the immigrants are looking for a lot of men and women, and Dr. Ellis, immigration physician, remarked to the Sun that he did not see it necessary to detain a single person.

They were placed aboard a special train, which left for the west early in the evening.

Another C. P. R. official who came out on the Champlain was A. Piers, head of the steamship department, who was present at the launching of the steamer, the Empress of Britain, which was christened by Mrs. Piers. Both Mr. Piers and Mr. Ham spoke in the highest terms about the new ship.

Another passenger was G. D. Casselman, of the firm of Sandous, Sole & Casselman, Chertsville, Ont., who with Mrs. Casselman is returning from an extended trip to England and the continent. His firm exports great quantities of eggs to the old country and Mr. Casselman has been combining business with pleasure and looking after the interests of his firm abroad. He said business in that line, especially, was good over there, and the future was brighter than it had been for some time.

A private car with the officials of the company and a first class car with western passengers left for Montreal about eight o'clock.

The steamer has a large general cargo, which is being rapidly discharged. She will take away a large cargo, sailing for Liverpool about Saturday.

Last evening at Sand Point the C. P. R. tendered a dinner to the first cabin passengers on the Lake Champlain. During the evening A. Piers proposed, and H. Sewell seconded, the toast to the health of Captain Stewart. Both of the speakers had many compliments for Capt. Stewart and high praise for his steamer. The captain responded.

George McL. Brown, the new general passenger agent of the C. P. R. Atlantic steamship lines, formerly superintendent of the sleeping, dining and parlor car department, accompanied by Assistant Agent G. A. Ringland, C. E. E. Usher, general passenger agent of the railway, and W. G.

### LOCAL NEWS

Rev. David Lang, pastor of St. Andrew's Church, announced at the service last night that a Bible class would be inaugurated Thursday evening. A large number have expressed a desire to enter such a class.

In the course of a letter to the London Times, Mrs. Close states that she has just bought a suitable form in Canada, and that she is now in a position to place 15 children there on the lines suggested in the scheme for emigrating poor law children. "The farm is in New Brunswick, 16 miles from St. John and four from Rothesay and Hampton. It consists of 185 acres. The house has ten rooms, each 15 feet by 14 by 8, and is built on stone cellars throughout, 7 feet in height. The price is \$200. Our children will thus be housed at an average capital cost of, say \$50 per head, whereas in England some 20,000 cost us from \$250 to \$300 per head. The staple articles of food are cheaper in Canada than here, and the farm will contribute largely towards the maintenance of the children."

Annabel, the new general baggage agent, came to the city on Saturday from Montreal on a visit of inspection. They spent the afternoon at the west side. On Saturday evening Mr. Usher went to Halifax, and Mr. Annabel and F. R. Perry will go today. Messrs. Brown and Ringland met Mr. Piers on the arrival of the Lake Champlain yesterday and returned with him to Montreal last evening.

The enlarging of the baggage room in the Union street immigration quarters is a great help to the C. P. R. officials and the baggage can be now better handled.

### "OZONE" ITS BEST FORM.

The prompt and permanent removal of any internal germs is most surely effected by the use of "Solution of Ozone," it is "the coupon kind." It means the liquefied oxygen is in the most concentrated form and that in addition is given free with either the 50 cent. size, or the one dollar size of the Solution a coupon good for a twenty-five cent. bottle of "Ozone" without lessening its curative properties. The Public Drug Co., Bridgeburg, Ont., control exclusively the manufacture of both "Solution of Ozone" and "Celery King."

THE ACADIA SECOND FORWARD MOVEMENT NEARING THE GOAL.

The Acadia second forward movement, which was an undertaking to raise one hundred thousand dollars to be matched by another one hundred thousand dollars from Mr. Rockefeller, was begun in 1903. It was necessary that the pledges should all be in by the first of January, 1906, though the payments of these may be extended until January first, 1907. The canvass for pledges is nearing completion. The Rev. W. L. Archibald and the Rev. H. F. Adams are at present engaged in covering those sections of the field not previously visited and it is morally certain that by the first of January the century line will have been crossed and the governors will have in their hands in cash pledges the full one hundred thousand dollars required. This is a magnificent achievement on the part of the Baptists of these provinces and other friends who have assisted. About thirty-five thousand dollars of the amount has already been collected, and a corresponding amount has been obtained from Mr. Rockefeller. When the entire amount shall have been realized from these pledges and from Mr. Rockefeller's pledge, the financial situation with respect to the movement will be temporarily settled. The buildings and laboratories will all be in excellent condition; all debts will be cancelled on college, seminary and academy and the endowment of the college will have been very substantially increased.

### Great Crowds Throng This Store and Take Advantage of Thousands of Dollars' Worth of Merchandise Being Sold for Close to Half, in Our Reorganization Sale

Saturday, every eye was turned towards Oak Hall. Saturday, storekeepers and citizens watched the outcome of the first day of our Great Reorganization Sale. Saturday, the greatest clothing sale ever held in St. John opened with a rush and a crush. From eight o'clock in the morning until eleven at night the store was crammed, jammed full of eager buyers—we were compelled to close for one hour, between 6 and 7 at night, to straighten stocks. Saturday, the effect of square dealing in the past, coupled with the fact that we had commenced a **Genuine Reduction Sale**, was proved by the hearty way in which the crowds besieged this store and carried off the goods. Saturday was a great big red letter day at the Oak Hall.

Sale will continue all the week, closing Saturday night at eleven. To-night and Tuesday night we will remain open until 9 o'clock for the accommodation of those who had to work all day and late at night on Saturday, and could not get here.
