HORRIBLE MURDER OF MARY McMAULAY SHOCKS THE PEOPLE OF ALBERT COUNTY.

SANTIAGO COLLEGE PRESIDENT TALKS ON THE EARTHQUAKE.

Dr. La Fete, a Visitor in St. John, Says Valparaiso Will Be Rebuilt at Once—His House in Santiago Was Not Damaged.

Dr. J. N. La Fete, of Santiago, Chile, accompanied by his wife and two sons, arrived in the city from Digby yesterday afternoon. They are guests at Dr. A. A. Stockton's home, Mount Pleasant.

Dr. La Fete was seen by the Star this morning and told some interesting facts regarding the earthquake which visited the City of Valparaiso a few days ago.

The latter place is the chief seaport of Chile, and has 120,000 inhabitants. It is built around a small bay. The business portion of the city is on hills, there being only two or three streets on level ground. The level portion of Valparaiso is all made ground and this fact probably accounts for the great destruction done by the earthquake. The government has large warehouses at the western end of the city and these are today practically ruined. The city buildings, including the post office, city hall, etc., are situated in the center of Valparaiso.

The business houses are mostly all made of brick and are owned by Americans, French, Germans and English. The chief English houses at Valparaiso are owned by Balfour and Co., Duncan Fox and Co., Cockburn, Hoban and Co., and Hille and Co.

W. R. Grace and Co. is the chief American firm, which has an agency in Valparaiso. Nearly all of these houses are ruined. That great destruction was done by the earthquake is certain, as Dr. La Fete received a telegram yesterday which read: "Valparaiso is practically destroyed."

This was the first word which Dr. La Fete has received since the disaster,

and he was relieved of much anxiety, when told that his home was safe. Between Valparaiso and Santiago, which is a distance of 114 miles, are situated many inland towns, which suffered greatly. Vina-del-Mar, a suburb, four miles from Valparaiso, was entirely ruined. Here many beautiful and costly houses stood, owned by the merchants of the doomed city.

Kaill Pae, Llanche and Kullolola, are other inland towns which were destroyed. Los Andres, a town of 30,000 inhabitants, was also ruined. The houses in these towns are built of sun dried brick, a material which is not very stable.

From Santiago south, the railway extends along the Central Valley, which is full of small towns, which were badly damaged.

Chile, says Dr. La Fete, suffered severely from an earthquake in 1845. In 1888 the entire northern part of the country was visited by a shock, which did great damage. A tidal wave followed this earthquake and swept many small towns out of existence.

"The earthquake has been a great calamity to the country," said Dr. La Fete, "but it will not interfere with the prosperity of the city. The large business houses at Valparaiso are nearly all agencies for large English and American firms and they will start to rebuild at once."

Dr. La Fete and family have visited many New South Wales towns.

Mrs. La Fete was preceptor at Mt. Allison College, Halifax, twenty-five years ago.

Dr. La Fete is president of Sand Hill College, Santiago.

AN AMERICAN GIRL WHO MARRIED A BOGUS NOBLEMAN.

Society Sensation Which Has Recently Developed in Paris Excites the Four Hundred.

NEW YORK, Aug. 22.—The Chronicle correspondent cables from Paris: "An extraordinary scandal involving the name of a young American girl of good family is now engaging the attention of the Paris police."

"Some months ago the lady, who is wealthy, met at a society function in New York a handsome, distinguished appearing foreigner. The acquaintance ripened into affection and the couple soon became engaged and were married. They came to Europe on their honeymoon."

"The husband represented himself to be the son of a very distinguished European family well known in diplomatic circles. The couple came to Paris

and stopped at one of the leading hotels. While there an anonymous letter received by the bride led her to doubt the genuineness of the title of nobility by which her husband called himself. There was a scene and the climax came a few days ago when the husband disappeared."

"There may be no connection between the incidents, but it so happened that a great deal of the bride's jewelry and spare cash disappeared about the same time as did her alleged bogus nobleman."

"The distracted wife sent a cable to her relatives today informing them of the sorrowful ending of her romance. Meanwhile the police are seeking everywhere for the missing husband."

GAS EXPLOSION

KILLED TWO MEN.

MAHANAY CITY, Pa., Aug. 21.—By an explosion of gas in the West Buck mountain gangway in the fifth level of the Vulcan colliery of the Mill Creek Coal Company today, Charles Stankus, aged 25 years and John Maruka, aged 30 years, were killed instantly. Five persons probably were fatally injured and about a dozen others were overcome by after-damp. The injured are: Fire bosses Michael Curtis, Wm. Jones, John Malley, John Brookes and Frank Brennan, all of whom, it is believed, cannot recover. There were two explosions of intervals of ten minutes and the fourth lift of the mine was completely wrecked.

General Supt. Jones says that daily examination shows that the workings were free of gas and he cannot account for the explosion.

WISCONSIN PEOPLE

AFTER A GERMAN FORTUNE.

WAUKESHA, Wis., Aug. 22.—Ten residents of this city claim to be heirs to the estate of the late Michael Roup, a hero of Germany, who left a fortune said to amount to nearly \$100,000. Edward Roup of Buffalo came here yesterday and after consulting with him the ten Waukesha heirs signed affidavits affirming their kinship with the deceased brewer. There are said to be thirteen heirs in all. The German ambassador in Washington has communicated with the heirs and says the estate is bonafide.

PICNIC PARTY WERE ALL

NIGHT ON THE FIFER.

The steamer May Queen, with the Sussex Presbyterian Sunday school picnic on board, went to Gagetown yesterday. The trip for home was commenced about 6:30 last evening, but on account of the dense fog the May Queen was forced to anchor near Baywater for the night. The picnic party went from Sussex to Rothesay by rail and took the steamer from there for Gagetown. A telephone message from Rothesay this morning said that the May Queen arrived there at 10 o'clock. The picnickers did not greatly enjoy their night on the river.

ENGINEER AND FIREMAN KILLED.

INDIANAPOLIS, Aug. 21.

Passenger train No. 25, on the Cleveland, Cincinnati, Chicago & St. Louis R. R. was derailed at Taft, a small station northwest of Indianapolis tonight. Engineer Burby and his fireman were killed. None of the passengers were injured. Train No. 25 is an accommodation train. The switch had been thrown for another train, and it is thought, engineer Burby was unable to stop his train in time.

It seems to me that it would be a good plan for all firms, by judicious week-day advertising, to impress upon the people the fact that Monday is not the only bargain day—W. D. Williams.

The Victim Was Housekeeper for Her Uncle, Rev. Fr. Macaulay, at New Ireland---Her Throat Was Cut by a Razor and the Body Dragged to the Woods.

A Hired Man by the Name of Collins, Who Has Disappeared, is Suspected—The Police are After Him.

MURDER WAS COMMITTED ON SUNDAY EVENING.

Was at Forest Glen.

It has been learned that Collins spent Monday at Forest Glen, staying at the house of Michael Joyce. He left there on Tuesday morning, having in his possession thirty dollars in cash. He went to Petticoat and there bought a ticket for St. John. It is stated that he had expressed the intention of going west. The county constables, who were notified by Father McArthur, have sent messages to the police all over the province and on the lookout for the murderer.

A Scattered Village.

The village of New Ireland is a prosperous Catholic settlement in Albert County, situated some ten miles from Elgin. Father McArthur, who lives near the Cathedral, has no near neighbors. He lived in the residence alone with his niece, the victim in this case, who acted as his housekeeper, and who had been with him for years.

The Missing Man a Sailor.

Some three weeks ago Father McArthur engaged Thomas Collins to work about the place. Collins is a man thirty years of age, clean shaven, and has the appearance of being a sailor. He was not well known in the district, but looked respectable enough and proved to be a very good worker. During the short time he was with Father McArthur, his conduct is said to have been absolutely no reason to believe that he could be guilty of such a crime as the one with which he is now charged.

Borrowed a Razor.

On Saturday last, Father McArthur went to St. George, leaving his niece at New Ireland, living in the house with Collins. On Sunday, on the pretence of wanting to shave himself, Collins walked to the farm house of a neighbor by the name of Williams and borrowed a razor, with which he went back to the parsonage.

Woman's Throat Cut.

What followed is not known, except that Miss McAulay was killed by her throat being cut by a razor and several other wounds inflicted on her body. Owing to the scattered nature of the district, none of the neighbors chanced to notice anything wrong about the parsonage and nothing was learned of the murder until last evening, when Father McArthur returned to his home from St. George. On entering the kitchen he was horrified to find all around the floor pools of congealed blood.

The Murder Discovered

Alarmed by this and the absence of his niece, he made an investigation immediately and in a few minutes found Miss McAulay's body lying in the woods near the house.

Found the Body in the Woods.

Her throat had been cut by a razor and other serious wounds were inflicted. The disordered appearance of the room showed that the woman had put up a terrible fight for life, as the floor was spattered with blood on all sides and the furniture tossed about.

Collins Suspected.

Father McArthur at once concluded that Collins, who had disappeared, had had something to do with the murder and immediately notified his neighbors and the authorities and made inquiries as to the whereabouts of his missing hired man.

The Victim Very Popular.

Miss McArthur, the victim of this murder, was between forty and forty-five years of age. She had been housekeeper for her uncle for a number of years and has been three years at New Ireland. She was of prepossessing appearance and was very popular among the members of the church and the other residents of the district. An examination of Miss McArthur's body reveals the fact that there was no attempt to assault nor were there any other wounds than those which would be inflicted by the razor.

Moncton Learns of the Murder

MONCTON, N. B., Aug. 22.—In New Ireland, a remote village of Albert county, some nine miles distant from the little settlement of Albert, a startling murder comes to light in the finding of the body of Miss McAulay, a woman aged about fifty years, dead, with her throat cut. The woman was house-keeper for Rev. Father McArthur who was absent at the time and a French youth aged about 20, name unknown, who was left in the house, has disappeared.

Situated in such a remote district much difficulty is experienced in obtaining any details of the horrible affair, and your correspondent is obliged to rely on such information as can be received by telephone from nearby points.

Say the Body Was in the Cellar

It appears that Father McArthur left home last week leaving in charge his house-keeper, Miss McAulay, a cousin of the priest, and the French youth who has since disappeared and whose disappearance at such a time places him in a very unfavorable light in connection with the tragedy. Father McArthur returned home yesterday and entering the house was horrified to find in the cellar the body of Miss McAulay, her throat cut from ear to ear, evidently with a razor, and the young man whom he had left in charge no where to be found.

It is stated that on Monday while enroute home Father McArthur had met the young man in Sussex and asked him how everything was at home. The youth's answer was evasive and left in the mind of the priest some uneasiness, so much so that he decided to hurry home. Tuesday evening he reached New Ireland and made the terrible discovery of his cousin's disfigured and lifeless body.

The murdered woman was about 50 years and had been employed at the home of Father McArthur for some time.

An Inquest Being Held.

Dr. Murray, coroner of Albert, was notified and an inquest has been opened at Father McArthur's home and is now in progress there. Up to the present no tidings of the whereabouts of the

missing man have been received, and suspicion naturally points in his direction. This morning a telegraph message was received by Alderman Fryers, chairman of the Moncton police committee, asking for the services of the Moncton chief of police upon the case. As there is no chief of police in Moncton at the present time, Officer Chappell has been ordered to go to Albert county, where he will endeavor to get some trace of the missing man.

A message to the Star from Hopewell Hill confirms the Moncton report that the body was found in the cellar and not in the woods as first stated.

STENSLAND SAID TO BE ARRESTED IN MEXICO

CHICAGO, Aug. 22.—The Record-Herald says:

A private despatch received in Chicago from El Paso at midnight reported positively the arrest of Paul O. Stensland, fugitive president of the Milwaukee Avenue State Bank at Aguas Calientes, Mexico. A telegram was at once sent to Springfield to ascertain whether Governor Deenah had been notified of the arrest and what action had been taken looking to the extradition of the fugitive. It was learned that a telegram had been received by the governor which is now in the hands of his secretary. Chicago police claim to have no information of the arrest.

STEAMER MANCHURIA LIKELY A TOTAL LOSS.

Despite All Efforts She Was Pounding Heavily Last Night.

HONOLULU, Aug. 22.—Last night the "Manchuria" was pounding heavily despite all efforts to assist her.

The Pacific Mail Company, through its attorney, has announced that it will assume all responsibility for the handling of through passengers at this point. The company is now making every effort to get the baggage ashore and will allow each passenger while stranded here an expense rate of \$3.50 per day and will arrange for them the earliest transportation to the Orient. All bookings on the Korea leaving San Francisco on Sept. 4 have been ordered stopped to provide room for the passengers of the Manchuria now in this city.

The forecasts regarding the floating of the Manchuria are gloomier and her officers have packed up their belongings. The sea is running high at the scene of the wreck.

Alderman Lewis is visiting friends in Chatham. R. W. W. Buck is on a business trip to Nova Scotia. Miss G. A. Hemmigar is visiting friends in Gagetown.
