SPORTING MATTERS
THE GRAND CIRCUIT
RACING IN DETROIT

DETROIT, Mich., July 23.—Reproaches, a black daughter of Direct 31, that won the stake a few years ago, proved to be much the best of the Chamber of Commerce pacers and took down the big share of the \$5,000 classic at Grosse Pointe this afternoon. The victory of this mare was clean. The Grand Circuit never had a more auspicious opening in Detroit than today and nearly ten thousand people participated.

At four o'clock fire broke out in one of the barns and owners rushed terror-stricken to the scene. The horses were saved, but one barn was burned to the ground and two others were scorched.

The Chamber of Commerce stake was the feature of the card and it really proved one of the cheapest recent renewals of the event. Dan S. and Hidalgo were about equal favorites with the field, bringing as much as either. Neither of the favorites showed well, Dan S. being distanced in the second heat.

After trailing to the three-quarter pole in the first heat, Bonanza came around and won handily. Next time Bonanza went to a break when Thomas started to make his drive and there was nothing that could pace with reproaches.

RAINS ALL THE TIME.
There is a group of islands to the south of New Zealand called the Sisters, or Seven Sisters, which are reputed to be subjected to a practically constant rainfall. The same may be said of the islands and mainland of Tierra del Fuego, saving for the difference that the rain often takes the form of sleet and snow. In a zone running round the world from four to eight or nine degrees wide there are patches over which rain seldom ceases to fall. This is called the "zone of constant precipitation," but at the same time there are several localities along it with very little rainfall.

PETER'S PENCE.
Peter's pence was presented by Ina, King of the West Saxons, to the Pope about 725, for the endowment of an English college in Rome. The fund took its name from the fact that it was agreed to be paid on Peter mass, Aug. 1. The tax was paid on all families possessed of 20 pence yearly rent in land, out of which they paid 1 penny.

CHINESE DELEGATES ATTRACT ATTENTION

THE HAGUE, July 23.—All nations are represented in the Peace Conference, and many of the delegates wear the fantastic costumes of their native country. The Chinese delegates shown in this picture always attract a crowd and have become quite popular here.

WRIT WAS SERVED ON 4TH OF JULY

Appearance Entered Yesterday Afternoon by E. R. McAlphine, K. C., for Mr. Cushing in Mayes' Action

Dr. A. W. MacRae, K.C., when seen yesterday, stated that a writ in aid of the writ of habeas corpus in which John H. Cushing had been served on the fourth of July last, at the instance of G. S. Mayes. Today was the last day for Mr. Cushing to enter an appearance in the case, as twenty days would then have expired.

Mr. Cushing, when asked about the matter on Monday night, denied any knowledge of the serving of the writ. Although not served personally, the writ was served upon Mr. Cushing, who was taken to the house to put out at a moment's notice in the making out of the declaration.

LIFE SAVING CANOE FOR LILY LAKE

An acquisition has been made to the Rockwood Park fleet of boats and canoes on Lily Lake by the Frank White Catering Company in the purchase of the life saving canoe in which John Cove with his wife and three children paddled three hundred miles on the river, from Presque Isle to St. John. The canoe, apart from the duties it is to perform will be a curiosity, as it is seldom that a voyage such as this frail craft of birch bark and canvas construction, accomplished is chronicled.

EVEN DISPEPTICS MAY EAT ALL FOODS

There is light and hope even for the most fearful sufferer of dreaded dyspepsia in Horner's Dyspepsia Cure, a remedy designed chiefly to have a direct influence upon the food, giving it the proper assimilation and allowing it to be carried off regularly. People using it may eat ordinary food—any food in fact—without any restriction, and \$1.00 will get all drugists.

CORRECT TROUSERS FOR ROWERS.

Capt. De Forest, Commander of the United States Signal Corps was lamenting the numerous balloon accidents that have recently occurred. Capt. Chandler, himself an expert aeronaut, concluded: "But inexperience is usually to be blamed for these accidents. The man goes up alone before he has thoroughly learned his business. Indeed, I have seen some aeronauts so untried that they remind me of an episode that befell my tailor.

A MAN EATING CANALS

Perhaps the greatest waste of human life ever recorded was caused by the cutting of a canal in China. The work was begun in 1825 and, though the canal was twenty-three miles long eighty feet wide and twelve feet deep and passed through forests and marshes, it was finished in six weeks from its beginning. No fewer than 20,000 men worked at it day and night, and 7,000 died of fatigue.

WALKING.

Walking is the very best kind of exercise and will seldom tire the person who walks correctly. Take a free, firm, easy stride, swinging the limbs from the hip, bending the knee but slightly and stepping squarely on the ball of the foot. A walk of two or three miles a day will keep any man in good health.

The meeting of the W. C. T. U. yesterday afternoon took the form of a reunion to Mrs. T. H. Dearborn, the president, who has recently returned from a trip to Europe. Mrs. Dearborn was presented with a beautiful bouquet of flowers, and after greetings had been exchanged a dainty collation, in which strawberries and ice cream formed the prominent part, was served. Mrs. Dearborn was greatly surprised and as pleased at the warmth of the welcome tendered her. She has had a delightful trip of three months abroad, during which she visited Rome, where she attended the world's Sunday school convention, Switzerland, Holland, Germany, Belgium, France, England and Ireland. She reached the city last Friday, but spent Sunday in Fredericton, returning home on Monday. There was practically no business transacted at the meeting yesterday.

MISS MARY McHENRY. Miss Mary McHenry, an aged and respected resident of this city, passed away at an early hour Sunday morning, after a long period of illness, caused by a cancerous affection of the left breast. Deceased was the daughter of the late William McHenry, a British soldier, who came to the province of New Brunswick after his discharge from the army which took part in the battle of Waterloo, and settled at St. Andrews, where Miss McHenry was born. At the age of two years Miss McHenry was brought by her parents to this city, where she received the summons to the life beyond. Miss McHenry was a constant attendant at the services in St. Anne's Episcopal Church until prevented by illness from participating in the same, and was always keenly interested in the welfare of the parish. She had been confined to her room for a long period, but bore her sufferings without complaint, and was always cheerful and content. She lived a life of Christian purity and was ready when the final summons came. She will be missed by a large circle of friends who held her in high esteem. Miss McHenry had reached the advanced age of 79 years. (Clarke Commercial.)

DEATHS

MISS MARY LINDSAY. Miss Mary Lindsay, second daughter of J. Handford Lindsay of Williamstown, Carlton Co., N. B., died at her home, July 18th, 1907, after an extremely painful illness from abscess. The deceased young lady, who was in her twenty-first year, possessed sterling qualities and was very popular. She had taught school for four years, but was obliged to give up her school at Kilbuck last December and entered the Massachusetts Homeopathic Hospital, Boston, for treatment. After two months' special treatment she returned home, but benefited and was a great sufferer until her death.

FREDERICTON MAN FALLS FORTY FEET

FREDERICTON, July 23.—Theodore H. Brewer, a blacksmith, who has been employed putting spark arresters in the high chimney of the York and Sunbury Milling Company's new mill at Clifton, was dangerously hurt this morning. He was taking down a staging which had been erected, when he suddenly fell a distance of 40 feet landing on his head and shoulders on the roof of the boiler room and then crashing through to the boiler. No bones were broken, and there were no external injuries except that his nose was broken. Brewer was later removed to his home in this city and is suffering a great deal of pain this afternoon from his spine. If his spine is badly injured it is hard to say what the result will be.
