Moffat's VEGETABLE LIFE PILLS AND PHŒNIX BITTERS.

☞ A CONTRAST.—All nations, from the remotest ages, have had ships, but Columbus only found out the way to America. Before the time of this great Spanish navigator, people were only enabled to paddle about the shores. Just so with the Life Medicines. It is but two short years since I first ventured upon an unknown ocean, and I have discovered the precious object I was in search of—HEALTH. Vegetable medicines were indeed known when I commenced my search, but their use was not. By the use of them. I have not only passed from the dejected invalid, to the hale, hearty and active man of business, but comparatively speaking, I have renewed my youth. I can thus, with confidence in my own experience, advise with my fellow citizens. Does the reader want proof that the VEGETABLE LIFE MEDICINES are suitable to his own case? I have on file at my office, 546 Broadway, hundreds of letters, from some of the most respectable citizens of this my native land, voluntarily offering its testimony of the virtues of A GOOD VEGETABLE MEDICINE.

Persons whose constitutions have been nearly ruined by the "all-infallible" mineral preparations of the day, will bear me witness, that the Life Medicines, and such only, are the true course to permanent health. JOHN MOFFAT,

GENERAL REMARKS RELATIVE TO MOFFAT'S LIFE PILLS AND PHŒNIX BITTERS.

These medicines have long been known and appreciated, for their extraordinary and immediate powers of restoring perfect health, to persons suffering under nearly every kind of disease to which the human frame is liable.

In many hundreds of certified instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were unacquainted with the beautiful philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name, which was bestowed upon them at the spontaneous request of several individuals whose lives they had obviously saved.

The Proprietor rejoices in the opportunity afforded by the universal diffusion of the daily press, for placing his VEGETABLE LIFE PILLS within the knowledge and reach of every individual in the community. Unlike the host of pernicious quackeries, which boast of vegetable ingredients, the Life Pills are purely and SOLELY VEGETABLE, and contain neither Mercury, Antimony, Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

Their first operation is to loosen from the coats of the stomach and bowels, the various impurities and crudities constantly settling around them; and to remove the hardened faces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind, as to produce habitual costiveness, with all its train of evils, or sudden diarrhœa, with its eminent dangers. This fact is well known to all regular anatomists, who examine the human bowels after death; and hence the prejudice of these well informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE PILLS is to cleanse the kidneys and the bladder, and by this means, the liver and the lungs the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases, to which the Vegetable Life Pills are well known to be infallible:—

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind:—*Flatulency, Palpitation of the Heart, Loss of Appetite, Heartburn and Head-ache, Restlessness, Ill-temper, Anxiety, Langnor, and Melancholy*, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure. *Costiveness*, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days. *Diarrhœa* and *Cholera*; by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucus membrane. *Fevers of all kinds*, by restoring the blood to a regular circulation, through the process of perspiration in some cases, and the thorough solution of all intestinal obstructions in others. The LIFE PILLS have been known to cure *Rheumatism* permanently in three weeks, and *Gout* in half that time, by removing local inflammation from the muscles and ligaments of the joints. *Dropsies of all kinds*, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of *Gravel*. Also, *Worms*, by disloging from the turnings of the bowels the slimy matter to which these creatures adhere: *Asthma & Consumption*, by relieving the air vessels of the lungs from the mucus, which even slight colds will occasion, which if not removed becomes hardened, and produces those dreadful diseases. *Scurvey, Ulcers, and Inveterate Sores*, by the perfect purity which these Life Pills give to the blood, and all the humours; *Scorbutic Eruptions*, and *Bad Complexions*, by their alterative effect upon the fluids that feed the skin, the morbid state of which occasions all *Eruptive Complaints, Sallow, Cloudy*, and *other disagreeable Complexions*. The use of those Pills for a very short time, will effect an entire cure of *Salt Rheum, Erysipelas*, and a striking improvement in the *Clearness of the Skin. Common colds and influenza*, will always be cured by one dose, or by two in the worst cases. *Piles*: as a remedy for this most distressing and obstinate malady, the Vegetable Life Pills deserve a distinct and emphatic recommendation. It is well known to hundreds in this city, that the Proprietor of these invaluable Pills, was himself afflicted with this complaint for upwards of *thirty-five years*, and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however, at length, tried the medicine which he now offers to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

DIRECTIONS FOR USE.—The Proprietor of the VEGETABLE LIFE PILLS does not follow the base and mercenary practice of the quacks of the day, in in advising persons to take his Pills in large quantities. No good medicine can possibly be so required. These Pills are to be taken at bed time every night, for a week or fortnight, according to the obstinacy of the disease. The usual dose is from two to five, according to the constitution of the person. Very delicate persons should begin with but two, and increase as the nature of the case may require; those more robust, or of very costive habits, may begin with three, and increase to four, or even five Pills, and they will effect a sufficiently happy change to guide the patient in their further use. These Pill sometimes occasion sickness and vomiting, though very seldom, unless the stomach is very foul; this, however, may be considered a favourable symptom, as the patient will find himself relieved, and by perseverance will soon recover. They usually operate within ten or twelve hours, and never give pain unless the bowels are very much encumbered. They may be taken by the most delicate females under any circumstances. It is, however, recommended, that those in latter periods of pregnancy should take but one at a time, and thus continue to keep the bowels open: and even two may be taken where the patient is very costive. One pill in a solution of two table spoons full of water, may be given to an infant in the following doses:—a tea spoon full every two hours till it operates; for a child from one to five years of age, half a pill—and from five to ten, one pill.

THE PHŒNIX BITTERS, are so called, because they possess the power of restoring the expiring embers of health, to a glowing vigour throughout the constitution, as the Phœnix is said to be restored to life from the ashes of its own dissolution. The Phœnix Bitters are entirely vegetable, composed of roots found only in certain parts of the western country, which will infallibly cure FEVERS AND AGUES of all kinds; will never fail to eradicate entirely all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla, and will immediately cure the determination of BLOOD TO THE HEAD; never fails in the *sickness incident to young females*; and will be found a certain remedy in all cases of *nervous debility and weakness* of the most impared constitutions. As a remedy for *Chronic and Inflammatory Rheumatism*, the efficacy of the Phœnix Bitters will be demonstrated by the use of a single bottle. The usual dose of these bitters is half a wine glass full, in water or wine, and this quantity may be taken two or three times a day, about half an hour before meals or a less quantity may be taken at all times. To those who are afflicted with indigestion after meals, these Bitters will prove invaluable, as they very greatly increase the action of the principal viscera, help them to perform their functions, and enable the stomach to discharge into the bowels whatever is offensive. This indigestion is easily and speedily removed, appetite restored, and the mouths of the absorbent vessels being cleansed, nutrition is facilitated, and strength of body and energy of mind are the happy result. For further particulars of MOFFAT'S LIFE PILLS, and PHŒNIX BITTERS, apply at Mr. Moffat's office, No. 546, Broadway, New York, where the Pills can be obtained for 25 cents, 50 cents, or $1 per box; and the Bitters for $1 to $2 per bottle. ☞ Numerous certificates of the wonderful efficacy of both, may be there inspected.

In some obstinate and complicated cases of chronic and inflammatory Rheumatism, Liver Complaints, Fever and Ague, Dyspepsia, Palsy, *Piles, injuries on the use of mercury, quinine, and other diseases of long standing*, it may be found necessary to take both the Life Pills and the Phœnix Bitters, in the doses before recommended.

N. B.—These Pills and the Bitters will get all mercury out of the system infinitely faster than the best preparations of Sarsaparilla, and are a certain remedy for the *rushing of blood to the head, or all violent headaches, tic douloureux, &c.*—All persons who are predisposed to *apoplexy, palsy, &c.*, should never be without the Life Pills or the Bitters, for one dose in time will save life. They equalize the circulation of the blood, draw all pressure from the head, restore perspiration, and throw off every impurity by the pores of the skin.

☞ For further particulars of the Life Pills and Phœnix Bitters, see Moffat's *Good Samaritan*, which contains a full account of the Medicine. A copy accompanies the Medicine, and can also be obtained on application at the *Circulating Library*, in this city, where the Medicine is for sale.

St. John, October 27, 1837.
