TERS!

Those who have perused the letters above referred to will observe that in almost every case they attest the fact, that no inconvenience of any sort attends the taking of these medicines, in ordinary cases, but that the patient, without feeling their operation, is universally left in a stronger and better state of health than was experienced previous to being afflicted with disease; and in all cases of scute suffering, great relief is obtained in a few hours, and a cure is generally effected in two or line as a of leave of several presents.

hours, and a cure is generally effected in two or three days.

In case of Fever of every description, and all bilious affections, it is unneccessary for me to say aught, as I believe the Life Medicines are now unversally admitted to be the most speedy and effectual cure extant in all diseases of that class.

The Life Medicines are also a most excellent relief in affections of the liver and Bowels, as has been proved in hundreds of cases where patients, have come forward and requested that their experience in taking them might be published for the benefit of others. In agein operation in such cases, they restore the tone of the Stomach, strengthen the digestive organs, and invigorate the general functions of the whole body, and thus become to both sexes (for they are perfectly adapted to each) an invaluable means of preventing disease and restoring health.

In affections of the head, whether accompanied

valuable means of preventing disease and rostoring health.

In affections of the head, whether accompanied with pain and giddiness, or marked by the grievous calamity of impaired mental energy; palpitations of the heart, flatulence, loss of appetite and strength, and the multiplied symptoms of disordered digestion, the Life Medicines will be found to possess the most salutary efficacy.

Constitutions relaxed, weak, or degayed, in men or women, are under the immediate influence of the Life Medicines. Old coughs, asthmas, and constitutions relaxed and emeciated limbs will ere long meet the happiest change; the child watery fluid will become rich and balsemic, and the limbs be covered with flesh, firm and healthy.

Nervous disorders of every kind, and from whatever cause arising. Ify before the effects of the Life Medicines, and all that train of sinkings, auxieties, and tremours which so dreadially effect the weak, the sedentary, and the delicate, will in a short time be succeeded by cheer futures and every presage of health.

For weakness, deficiency of natural strength.

be succeeded by cheerfulness and every pressge of health.

For weakness, deficiency of natural strength, and relaxation of the vessels, by too frequent indulgence of the passions, this medicine is a safe certain, and invaluable remedy.

Those who have long resided in hot climates, and are languid and relaxed in their whole system may take the Life Medicines with the happiest effects; and persons removing to the Southern States or West Indies cannot store a more important article of health and life.

The following cases are among the most recent curse effected, and gratefully acknowledged by the persons benefitted:

Case of Jacob C. Hunt. New Windsor. Orange County. N. Y.—A dreadiful tumor destroyed nearly the whole of his face, nose and jaw. Experienced quick relief from the use of Life Medicines, and in less than three months was entirely cured. Case reported, with a wood engraving in a new pamplitunow in press.]

Case of Jonn Daulten, Aberdeen, Ohio—rheuma tism five years—is entirely cured—has used the Life Medicines for Worns in children and lound them asovereign remedy.

Case of Adon Ames—cured of a most inveterate

NO FICTION.—This extraordinary chemical composition, the result of science and the in vention of a celebrated medical man, the introduction of which to the public was invented with the solemity of a death-bed bequest, has since gained a reputation unparalleled, fully sustaining the correctness of the damented Dr. Gridley's last confession, that "he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant, Solomon Hays, the secret of his discovery.

It is now used in the principal hospitals, and the private practice in our country, first and most certainly for the cure of the Piles, and also so extensively and effectually as to ballle crednity, unless where its effects are witnessed. Externally in the following complaints:
