Sensational Ball in Inter-Society

St. Peter's New Twirler Imported from Boston
Pitches the Green and White to Victory by 1-0
Score—Howe for St. Josephs Allows Only Two Hits—Other Games.

"And the little revenge ran on, clear into the heart of the foe." St. Peter's 1; St. Josephs 0. So the poet's eye, in fine frenzy rolling, foresaw the issue of last evening's game in which St. Peter's got even with their rival saints for last Thursday's inglorious defeat. Not only did the game recover for the North Enders some of the prestige lost on Thursday, but it also placed them on even terms with the erstwhile leaders of the league. 'Twas a great game—and how the fans did root. That it was the best seen on the Shamrock ball yard in years was the unanimous verdict of the 1000 electors and suffragers that witnessed the event. 'Twas a grand pitchers' battle all through, and yet the "men behind" showed class when opportunity offered. Harrington, the St. Peter's new twirler, who comes here from South Boston with a reputation for wins as long as the moral law, was in the box for Mr. Coughlan, and his work received applause of enlarged dimensions. The classy manner in which he used his fin kept the game in cold storage throughout.

Fourteen Strikeouts.
He dismissed 14 of McCarthy's men by the air route, and did not issue a single pass. Mac's men negotiated him for two singles and a double. Howe taking two pillows on a lucky one to right garden. The St. Josephs' box artist, pitched one of the best games in his career. Although the greater hunk of the applause went to the Boston man, the keener students of baseball who watched Howe's heady work were not slow to realize that his performance, while perhaps, not as spectacular, or brilliant, was nevertheless equally as good as that of his opponent. Although his pitching was not of the knockout brand, his control, and steadiness when pathmen loitered around the cushions, was marked, and only two tiny singles were made off his delivery during the entire seven stanzas. With the wind, the city boy also pulled out ahead, he having a two bagger to his credit against one single for the green and white's latest.

Score in Sixth.
The North Enders' run came in the 6th on an error and a base on balls. Otherwise the game should have been tagged by the St. Josephs, McCarthy's men hitting, running, fielding and otherwise basebalizing all around the green and white.
When Harrigan, St. Peter's demon shortstop, went to bat in the sixth, the rooters called on him to knock the cover off the sphere. Howe evidently wished to save the leather, and generously issued a pass. It meant a run and the winning of the game. Totally unmindful of Harley's generosity, "Mickey" purloined the second cushion. C. McCarthy, who has lately become very self-sacrificing, advanced his brother pathmen, and things looked misty for McCarthy's athletes.

J. Dever, the St. Peter's lady-like centre gardener, introduced a red hot grounder to Daly at short, who failed to take the "grip" and the sphere got clear through to the outfield. Needless to mention Mickey stroled home.
All Over Then.
Dever was nailed pursuing second and Britt ended casualties by raising one to centre garden that reclined in Riley's glove. The macmen had the only chance of circumnavigating the cushion in the third. Mills was hit by a weird inshoot, and got revenge by stealing both second and third. He, apparently started in to celebrate the occasion by taking a short nap, and was nailed off the bag by McGowan. Donnelly fouled out at skyscraper to F. Mahoney and Riley took the popular route of the evening.

Young St. Johns Win.
The younger St. Johns more commonly known as the Fort Howe Stars, had a friendly game of baseball with

the Victorias last evening and only scored 10 runs to the latter's one. The battle took place on the I. C. R. grounds on the Ballast wharf under the youthful eye of Umpire P. Buckle.

The feature inning was the second, when the victors walked over the home plate five times, while the Lower Cove team piled up a score of one. Mr. L. Totten, champion twirler for the younger St. Johns, began the scoring by putting a home run out to center field, allowing the catcher who had reached third base to come in with him. After the 1st, 2nd and 3rd basemen succeeded in getting home and the bases were again full, when Crawford retired the side. For the Victorias the famous one-armed batter and center fielder, Powers, scored a home run by putting a ball out to his own territory. After the second inning, the North Enders scored five more runs.

The Victorias stung by their defeat and the younger St. Johns inflamed by their victory, have arranged to have a series of seven games played during the month on the same grounds. The games prove of great interest to Lower Covites who flock in some numbers to witness Victorias defeats. The line-up last evening was as follows:

Victorias	Catcher	St. Johns
G. Smith	Brittain
S. Smith	Pitcher
Daley	Totten

M. R. A. won their successive victory in the Commercial league series by defeating Vassie & Co. in a rattling game last evening by the score of 5 to 2. WEST END LEAGUE.
In the West End League series last evening the Hayseeds handed one over to the Sons of Scotland in a count 7-6. The result was protested by the losers, however, on the grounds that a Hayseed runner had interfered with the Sons of Scotland first sacker. The battery for the Hayseeds was Seely and Lanyon, and for the Sons of Scotland, Carr and Joyce.

Junior League.
In the Junior League series on the Weldon lot last evening the team representing the High school defeated the Scouts by the score of 13 to 3. There was a large crowd in attendance and the boys played better ball than the score would indicate. Murphy and McDonald were the battery for the winners and Cusack and Boone for the Scouts. The High school team now leads the league and their chances of winning it are good. The next game will be played on Wednesday night when the Pirates and M. B. Y. C. will meet.

CYCLING CHALLENGE.
P. M. McGrath would like to arrange a bicycle race of ten or twenty miles with Richard Dean, on any Thursday evening that would be suitable, before August. Should Dean accept the challenge he is asked to do so through the sporting columns of The Standard.

Ty Cobb Says It Pays to be a Great Baseball Player

TY COBB, HIS WIFE, AND TY, JR., IN THE COBB AUTOMOBILE.

Ty Cobb says it pays to play baseball. In proof of his assertion the Georgia Peach has his picture taken with his wife and Ty, Jr. in their automobile. The machine cost \$4,000. As Ty only gets about \$2,000 more than this for his season's work, he didn't have the family coat of arms outlined in diamonds on the tonneau.
Before Ty became the sensation of the American league he played ball on a country town team in the south and automobiles were not numbered as among his possessions when the tax collector made his annual visits. Hence it does not require an understanding of higher mathematics to dope it out that Ty is right when he says it does pay to play baseball.

RENFORTH O.A. MAKES PLANS FOR SEASON

At a meeting of the Renforth-Outing Club held at Renforth last evening, it was decided that work should be taken up as soon as possible in the erection of a large new boat house and pavilion. A subscription list for funds with which to carry on the work has been opened and already \$250 has been realized.
It is hoped to have a celebration on a large scale on the completion and formal opening of the boat house, and a programme of water sports will be arranged for the event. A feature of last evening's meet was the presentation to the club by Mr. Keith A. Barbour of a handsome new four-oared racing boat. The association plans to revive aquatic sport during the summer and a busy season is looked forward to.

JACK TWIN MEETS PAPKE

Sullivan Has Worthy Opponent in Battle at Boston Armory Tonight—Cyclone is the Favorite.

Boston, June 20.—There's some class to the battle at the Armory A. A. tomorrow night when Bill Papke, the Illinois thunderbolt, meets the old reliable Jack Twin Sullivan, in a twelve-round bout. It took Stanley Ketchel twenty rounds to defeat the Twin and he could never get the Assassin to meet him in the ring again, so Jack appears to have something of a chance to defeat Ketchel's chief rival for middleweight honors. Of course Papke will be the favorite, but there will be plenty of Sullivan money around to cover all the Papke takers which should tend to keep the odds near the even mark.
Papke Tears In.
Papke is one of those tearing in sluggers who wins by overpowering his opponent by sheer strength and battering down all defense, but facing the wily Twin he will not get away with any of that stuff for he will get copped whenever he leaves an opening and that will cause him to halt a bit in his fiery attack.
The cyclone fighter has not been seen in the local ring since the Summer of 1908, when he knocked out two aspirants in the same night, Johnny Carroll and Frank Mantell being his victims, and it only took him three rounds to dispose of the pair. He then bled out to the coast with the expectation of cleaning up Stanley Ketchel, but found he had met his master, yet there are many fight experts today who believe that Papke can beat Ketchel any day in the week, basing their belief that in the case of fighters like this pair the man who lands first is the one to score a victory and there is some truth in it, as Papke won once over Ketchel by the knockout route.
Papke has picked up a lot of experience since he was here last, but his career is nothing compared to the veteran Twin, who is still young for a fighter and his recent triumphs go to show. He gave Porky Flynn a beating when the younger boxer was liked over him and he beat big New York Jim Stewart and welcomes the chance to go against Papke, as he is confident he can trim him with all the encouragement he will get from the home supporters.

FIGHTERS ARE PACKED FOR JOURNEY AUTO CARS GALORE FOR FREDERICTON

San Francisco, June 20.—With the departure of Tex Rickard today for Reno, the question of a stage for the heavyweight championship fight on July 4, was shifted definitely from California to Nevada. After the interview that Mayor McCarthy held yesterday with Governor Gillett failed to produce any positive results the promoters admitted that the last change of holding the fight in California had gone glimmering, and the command went forth from Rickard to the training camps to pack up for a journey to Nevada.
Both camps obeyed orders, and are now awaiting final instructions from

FERGUSON STOLE MARCH ON GOVERNOR

Los Angeles, Cal., June 20.—Sandy Ferguson, the former Moncton, N. B. lad, won a newspaper decision over Jim Barry of Chicago in a ten-round boxing contest Friday night at the Naud Junction pavilion of the Pacific Athletic Club. It was a slow affair. An officer of police at the ring side during the six short preliminaries watched closely to see that the milling did not become so unfriendly as to be classed as real prize fighting. Two of the bouts were stopped as soon as a little blood was shed. This did not please the crowd and the police were hooted at intervals throughout the evening.
When told of the fight at Los Angeles, Governor Gillett said: "I did not know there was to be a fight last night in Los Angeles. I understood that they were going to sign for one down there some time next week." For that reason the governor said he had not notified the Los Angeles authorities to prevent any contest there Friday night. "Of course, they are breaking the law there as well," he continued. "And it is up to the district attorney now to prosecute the law breakers."
Rickard, who reported Reno tonight, As he expects to hold an immediate conference with the respective fight promotion committees from Reno and Goldfield, it is believed that the two camps will receive marching orders tomorrow.
That active preparations are making to shift the Langford-Ketchel fight to Nevada was made manifest today when Joe Woodman instructed his Reno representative to procure training quarters at Reno for Langford. Sid Hester, who promoted the Nelson-Wolgang match, is in Reno, and it is believed that he is trying to get a permit for a fight between Langford and Ketchel.
Sacramento, Calif., June 20.—Governor Gillett stated this afternoon that he and Mayor McCarthy of San Francisco had a conference yesterday on the fight situation.
"I will not state what passed between the mayor and myself," said the governor. "Mr. McCarthy is at liberty to repeat that conversation."

ENGLAND NOW KEEN TO LIFT POLO TROPHY

London, June 20.—That England is keen to lift the polo cup held by America is proved by the fact that practically every important competition between London clubs nowadays is being played according to the American rules. The Old Etionians, the challengers for the cup, are consequently playing without offside three times a week and are steadily improving as opportunists. This is particularly noticeable in the fast play of the Grenfell brothers, who at one, two, play as well as the Waterbury brothers. The Etionians have promised to use all the Duke of Roxburgh's ponies. The Duke will not be able to go to New York, but he is lending his string. When the Etionians sail in July they will have twenty-five of the best English ponies.
trip a run of 125 miles was made.
Another handsome McLaughlin-Buick automobile arrived on Saturday by C.P.R. for McFarlane, Thompson & Anderson, proprietors of the Fredericton garage, King Street. The car had been ordered some time ago for Mrs. James H. Crockett and is a five passenger car, developing 35 horse power. It is one of the most handsome cars seen in this city and was generally admired on Saturday afternoon when it made its first appearance on the streets in charge of Mr. W. E. Vaughn, the efficient demonstrator of the Fredericton garage.
