

UNITED STATES TO FORCE APOLOGY FROM HUERTA

THE U. S. ARMY AVIATION CORPS

First Group of Commissioned Officers of the American Army's Staff of Aviators Ever Taken.

(Continued from page 1)

The house foreign affairs committee after an hour's session voted to report the Mexican resolution practically as introduced.

The rule providing for immediate consideration of the resolution was adopted on a viva voce vote, the negative votes being so few that the Democrats laughed in derision. The house immediately took up the resolution.

After considering the resolution for two hours the senate committee adjourned to admit of action by the house. Strong opposition to the language of the resolution had developed in the committee, several members objecting to what they called "individualizing Huerta."

The senate recessed at 6:35 p. m., until 9 p. m., expecting the house to act upon the resolution before that time.

There was a warm debate in the house as soon as the resolution was reported by the foreign affairs committee.

During the consideration in the committee Representative Barthold, of Missouri, had offered an amendment to restrict the President's activities to "this constitutional authority."

After the committee adjourned Chairman Flood presented the resolution on the floor for the action of the house after conferring again with Secretary of State Bryan and Representative Underwood.

When Representative Flood asked unanimous consent that the resolution and the report be read, Republican Leader Mann reserved the right to object to the present consideration of the resolution and demanded an explanation.

Representative Underwood explained the administration desired to have the bill passed before night. Representative Mann declared that the minority needed two hours debate. Before the President has advised us of conditions," said Representative Underwood. "We would not insist on putting this resolution through at this time if this were not a matter of paramount importance. But with the President's message delivered, our troops may be held on at any time. We should act at once."

Should Not Go Headlong Into Matter. A round Democratic applause greeted this statement.

"I am not alarmed by that statement," replied Mr. Mann. "But the President has asked for our advice and we should have time to give it. Before we equip the nation for war we should at least have time to draw our breaths."

Representative Campbell of Kansas, Republican, opened the opposition to the rule, declaring that its purpose was "to make in order a resolution which is a declaration of war."

"I am against this war," continued Mr. Campbell. "But if you force this war upon my country it will be my war, the war of my country, and I will support it."

"If you force this war on my country, I will stay here until the war is over."

An outburst of laughter and applause from the Democratic side greeted this statement and for more than a minute Mr. Campbell was unable to continue.

Representative Pen of North Carolina, Democrat, supported the rule, declaring "the time has come to put an end to these outrages in Mexico."

Progressive support for the resolution was pledged by Progressive Leader Murdock. He said he was tired of "watchful waiting" and welcomed the President's decision to end that policy.

A Declaration of War. Republican Leader Mann spoke vigorously against the president's policy. "If the incidents which the president has related to us had occurred with England, Germany, France, or any other great nation," he declared, "we would not have such a resolution pending here now. But we think that because Mexico is weak we have the moral right to declare a war against her with high hopes of success. I would not declare war against Mexico for something for which I would not declare war against England or France."

Mr. Mann said the president was "issuing orders" to congress. "This is a declaration of war," he said. "This is a declaration that the United States is the helpful ally of the murderous crew in northern Mexico who are murdering men and outraging women." He insisted that it was purely a case of personal resentment of the president of the United States because he did not like Huerta.

"I do not condone the methods by which Huerta secured the high position he now holds," continued the republican leader, "nor do I believe in a declaration of war against him because President Wilson does not happen to like him."

"We owe more than a salute from Huerta to the American flag. We owe it to make the flag stand for right and justice and peace."

Representative Underwood closed the debate in support of the rule. As he took the floor the Democrats cheered.

Honor at any Cost. "This resolution," he said, "may seem small—it may mean peace. Let us hope that the ultimate result of the passage of the resolution will be peace and good order in the republic of Mexico."

INSANE MAN, THOUGHT HE WAS RICH, WAS GENEROUS IN BEQUESTS

Imagined He Was a Millionaire and Left Annuities to the Amount of Fifty Thousand Dollars.

Montreal, April 20.—The will of Abraham Lincoln Pacaud, who died at Verdun Asylum on January 29 last, worth \$200, has been annulled by Mr. Justice Charbonneau on the ground of insanity.

The deceased who was one time a well known insurance broker in this city, seemed to be under the illusion that he was a millionaire and left annuities to the amount of \$50,000 a year to various parties, including young ladies, the testator had known many years ago in Chicago. After the death of the parties named the estate was to go to McGill University to found a department for the cure of malignant diseases such as cancer, to be known as the "Abraham Lincoln Pacaud foundation."

But whether it means peace or war, there are times when honor must be maintained at whatever cost. You are facing that condition today. No one can say our government has not treated Mexico with patience and consideration. We have let matters go further in Mexico than if we were in a controversy with one of the great nations of the world.

"War never comes from any one incident and never has. For more than a year we have been faced with a reign of disorder in Mexico with great patience. We have endeavored to allow Mexico to work out a problem of peace and of government."

"We have hoped from day to day that a peaceful settlement might have been reached. But peace never comes to a country that fails to protect its citizens or to enforce respect for its flag."

"Our flag has been dishonored in a foreign land. The president of the United States comes here today. He has not asked you to declare war, but asks you to sustain him in requiring a decent respect for your flag and an honorable consideration for the rights of your government."

Mr. Underwood deprecated the position taken by Representative Mann and recalled how the democrats in congress supported the Spanish war resolution of the McKinley administration.

The rule was adopted by a viva voce vote with rolling chorus of "ayes," overwhelming a few scattered "noes."

Amid shouts of "vote, vote," a unanimous consent agreement was reached limiting debate to two hours and ten minutes. The agreement also provided that any member might offer amendments to the resolution.

Huerta Has Army of 40,000. Mr. Underwood today put the armed forces of the Spanish war resolution in Mexico at about 40,000, well scattered throughout the country. According to the department's figures there are 6,000 troops in Mexico City, about 6,000 around Saltillo, south of Torreon; 2,000 in the State of Sonora; 2,000 in Sinaloa, 800 in Tepic, 6,000 in Jalisco, 1,100 in Colima, 4,500 in Zacatecas, 1,250 in Guerrero and scattering bands in the other southern provinces.

On the east coast there are said to be about 1,500 in Nuevo Laredo, about 2,500 in San Luis Potosi, 4,100 in Vera Cruz, about 1,000 in Puebla and 800 in Morales.

Fleet Due at Tampico Tomorrow. On board the U. S. S. Arkansas at sea, by wireless via Key West, April 20.—Rear Admiral Charles J. Badger, commander in chief of the Atlantic fleet, now hurrying to the Mexican port of Tampico, was advised today by President Huerta's refusal to salute the American flag, and he is expecting specific instructions from Washington hourly.

The American fleet will arrive at Tampico at noon on Wednesday, Mexico City, April 20.—President Huerta has given assurances that all foreign residents, Americans included, shall have full guarantee of safety. Order U. S. Merchant Ships Out of Vera Cruz Harbor.

Vera Cruz, April 20.—Commander Charles F. Hughes, chief of staff of the United States Atlantic fleet, today called on General Maas, commander of the federal troops at Vera Cruz, and the commander of the port, and instructed them to order all American vessels out of the harbor.

Hutchinson and Huxley then went on board the Spanish and the British ships anchored off the port and informed their commanders of his action.

William W. Canada, the American consul here, is making arrangements to have the foreign residents in the city take aboard the merchant vessels should necessity arise.

Consul Canada is endeavoring to inform all foreigners of President Wilson's action, and under instructions from the Department of State reminds them of a previous warning to withdraw from Mexico.

Veracruz, April 20.—The retiring British minister to Mexico, Sir Lionel Carden, arrived here today on the cruiser Berwick from Galveston. He arranged to leave tonight for the Mexican capital.

Sir Lionel said he believed there was still a chance of reconciliation, and that those who were convinced of an outbreak of hostilities would occur immediately were unduly excited.

WELSH CHURCH BILL DEBATED YESTERDAY

London, April 21.—A government accused of wholesale murder is not likely to pay much attention to a charge of robbery, rapped out Lord Robert Cecil yesterday, dealing a double blow to the ministers headed by Premier Asquith and Right Hon. Winston Churchill as they visited the chamber when he rose to move the rejection of the Welsh church bill.

The appearance of the House of Commons in fact, gave little indication that a bitterly opposed measure was under consideration, the chamber being more than half empty, government members following the example of the front benches.

Attorney General Sir John Simon, defending the bill for the government, afforded no hope of any modification.

Right Hon. Walter Long, Sir Arthur Boscawen and Ellis Griffith participated in the debate, which was adjourned tonight.

London, April 21.—Mayor Martin's rash invitation to out-of-workers to call at the City Hall this morning was answered by fully 5,000 men of all classes. By 10 o'clock it needed about a hundred policemen to handle the mob. The recently elected mayor promised work for 2,000 on street cleaning and repairs and there ensued a wild scramble for tickets entitling the bearer to work nine hours for the city for \$2.25.

A detachment of three to four hundred disappointed ones rushed out of the entrances and forced its way to the door of the mayor's office. All that could be promised them was that they might be employed later on in the spring.

Philadelphia, Pa., April 20.—When teachers, sociologists and mothers from all parts of the world met next September in Philadelphia to attend the International Congress of Home Education, an American mother, Mrs. Frederic Schoff, will be one of the principal speakers on the programme. More than 200 foreign delegates will attend the congress.

Duluth, Minn., April 20.—The navigation season of the Great Lakes opened here today when the American, of the United States and Dominion Transportation Company, started on a trip down Lake Superior, bound for Canadian ports. No other vessels will leave port for several days.

Montreal, April 20.—The Governor General, accompanied by the Duchess and Princess Patricia of Connaught, arrived in Montreal this evening for a short visit.

London, April 21.—It is expected that early next month the Poulson system of wireless will be in operation between Great Britain and Canada. Two stations, one at Ballybunion, will be complete.

County Kerry, Ireland, and the other at Newcastle, N. B., are now being fitted with powerful apparatus. The new company proposes to give the public a service at eight cents a word and the press at four cents.
