LMOST EVERY ONE NEEDS A TONIC

Almost everyone—man, woman and ld—needs a tonic at some time. It often said that a man is lazy because takes little or no interest in his work; the truth is he is not well. He needs onic. The same is true of a woman o does not hustle over her home work, only feels fit to be in bed. She is merely tired, but ill. A dull pain the head or back, poor appetite, loss strength with low spirits and loss of erest in life show that you need a ic to brace up the nerves and give you new lease of life. The proof is that en the right tonic is taken all the uble quickly disappears. The one ic—the only tonic—for weak and all- men, women and children is Dr. illiams' Pink Pills, which speedily ng back abundant health, strength d energy. They have done this in usands and thousands of cases as is ved by the following. Mr. Ed. A. en, Burdett, Alta., says: "About two rs ago my health was in a wretched ndition. My whole system seemed to run down and the doctor seemed zzled at my condition. I had no ap- ite, exertion would leave me breath- s, and I was troubled much with diz- ess. All the medicine I took did me good and I was steadily growing aker. My mother urged me to try Dr. illiams' Pink Pills, and before I had en them very long I began to feel a new man and continuing their use as restored to complete health. I w recommend them to all run down ealth as they are the best medicine now of."

CLOTHES CAUGHT FIRE FROM STOVE

Monday, Feb. 1.

Mrs. William J. Hunter, 300 Rockland Road, had a very exciting experience on Saturday morning when her clothing caught fire from an overheated hall stove and she was saved a terrible death by her own daring and presence of mind. Mrs. Hunter was only slightly burned and has fully recovered from the shock of her narrow escape.

About 9.30 o'clock while alone in the house she had thrown into the stove some fresh coal and a quantity of paper which blazed up very fiercely. A few minutes afterwards she was standing with her back to the stove and her apron strings caught fire. When she discovered it her clothing was all aflame and she ran quickly to a bedroom and rolled herself on the bed with heavy quilts about her. As she ran the blazing apron fell from about her waist and ignited a rug on the floor. As she hugged the quilts about her on the bed in an effort to smother the flames she saw what had taken place and the fire in the rug rapidly gaining but did not move, calculating coolly that once her clothing was free of fire that she would have little difficulty in dealing with the fire on the floor. So it proved. The fire in her clothing had scorched her flesh but slightly when she realized that it had been quenched. Then she quickly rose and crumpling up the rug also smothered out the flames there. This done, she telephoned to her husband, who is an operator at the Western Union office, who found a nervous but almost uninjured wife when he reached home, it being unnecessary to call a doctor. Mrs. Hunter's friends were glad to hear of her escape and heartily congratulated her upon the nerve and coolness in a most trying situation.

Easily Upset.

Mrs. Kawler—Did Mrs. Blank mind it much when her husband left her for good?

Mrs. Muchwedd—Yes, poor dear; the slightest thing upsets her.

TEN INJURED IN MARITIME EXPRESS WRECK

Moncton, Jan. 29—Ten passengers were slightly injured, although by a miracle none were killed, when at 2.55 this morning No. 33 northbound Maritime express, in charge of Conductor James Swetnam and Engineer Owen McGinnity, both of Moncton, while running at a high rate of speed, was wrecked near McLeod's, a small flag station, about five miles east of Campbellton.

Everything excepting the engine and postal car left the track, the two sleeping cars at the rear of the train plunging over a thirty-foot embankment, Fortunately no one was killed, but bruises and slight injuries were numerous among the passengers with whom the sleepers were well filled.

The exact cause of the run-off has not yet been determined, although it is thought it was due to spreading of the rails.

The official list of slightly injured passengers is as follows:

C. H. Millville, Montreal.
Mrs. F. N. G. Starr, Toronto.
Miss Ethel Gibson, Saskatoon.
Major A. A. Bartlett, Charlottetown.
Mrs. A. A. Bartlett, Charlottetown.
Mrs. E. L. Elliott, Pictou.
O. W. Gothwaite, Ste. Lambert.
G. E. Messes, Hamilton.
—. Conway.
John Murphy, Ottawa.

Engineer McGinnity stopped the locomotive as soon as possible. Conductor Swetnam and crew, assisted by passengers, succeeded in extricating the passengers from the sleepers. The passengers were taken to Campbellton on the postal car. A passenger special was made up at Campbellton and all northbound passengers, including the injured, continued the journey to Montreal.

The sleeping cars were badly damaged but were not broken up beyond repair.

The line was cleared at 14.10 this afternoon.

N. W. Rowell, leader of the Ontario opposition, was held up by the wreck and reached Moncton at 8.30 tonight. As he was unable to reach Halifax tonight, he addressed the Moncton Canadian Club on the subject, Britannic and Germanic Ideals of Empire. He will leave on the midnight express for Halifax.

Deputy Sheriff Clifford left Saturday morning for Dorchester penitentiary with Scott Scribner and Irvine Stern. The former was sentenced to two years on a charge of stealing, and the latter to five years for forgery and passing bogus checks.

The offices of the mechanical superintendent of the C. P. R., C. Kyle, are being removed from McAdam to St. John, and will be located in the new building in King street. A new office has been placed on the floor occupied by the general superintendent and his staff.

Friends of John Calnan of Ready street, Fairville, will regret to hear that he suffered a stroke of paralysis on Monday. His condition is not considered serious, and it is hoped that he will soon recover sufficiently to be about again. Last summer he celebrated the golden anniversary of his wedding.

Irving Stern, accused of forgery and obtaining money under false pretences, was sentenced by Judge Forbes yesterday morning to serve five years in Dorchester penitentiary, three years for the former offence and two for the latter. He will probably be taken to Dorchester at the first of the week.

Rev. R. A. Armstrong, rector of Trinity, arrived in the city on Saturday, accompanied by his wife and family and H. A. Bruce, and was taken directly to his residence in the ambulance. Rev. Mr. Armstrong is making satisfactory progress towards recovery from burns received in an accident last summer, and is now under the care of Dr. Skinner.

O'Neill, of St. George, in the loss of their only child, Frances M., whose death occurred Thursday at the age of nine months. The little one had been sick but a few days. Mrs. O'Neill was formerly Miss Agnes McGloan, of this city. Both she and her husband have many friends here who will hear of their loss with keen regret.

At a representative gathering of some forty members of St. George's Society Friday afternoon in Mayor Frink' office, F. E. Hanington presented to Rev. E. B. Hooper, the society's chaplain, a substantial sum of money enclosed in a purse upon which was inscribed his name and a record of the occasion. The presentation was from the members of the society and was a recognition of Rev. Mr. Hooper's appointment as chaplain of the 26th Battalion for overseas service. It was accompanied by graceful tributes expressed by prominent members of the society.

The chief of police delivered his ultimatum on Saturday to five clairvoyants in different parts of the city, ordering them to cease business within forty-eight hours or take the consequences. A police officer conveyed the message to each one who is known to the police to be conducting this class of business. The chief explained to them that their work was illegal. He told them that they should never have opened such places here, and that it was his intention to stop all "fake" affairs in the city. All of the women objected to the orders. They promised to close up business, but at the same time argued that this was their sole means of support.

BOY WALKS TO HOUSE WITH ARM BROKEN

Monday, Feb. 1.

"Pop, I broke my arm," said little ten-year-old Ernest Marshall cooly as he walked into his home at East St. John on Saturday afternoon. "Yes I did, Pop. I heard it crack," he added when his father, David Marshall, appeared to doubt his word.

Upon examination it was found that the little fellow had broken his right arm between the wrist and the elbow, but he never winched during the time he waited for the doctor, nearly three hours, and while the bone was being set.

The little fellow was playing with his brother in the stable and was vaulting over the manger-bar when his hand slipped and he fell on his arm. He didn't tell his brother what had happened but walked into the house with his arm hanging limply at his side.

He was placed in bed and Dr. G. O. Baxter is now attending him.

Washington, Jan. 29—By a vote of 8 to 3 the House Immigration Committee today voted to report the Immigration Bill, vetoed by President Wilson yesterday, back to the house, with the recommendation that it be re-passed over his veto.

Montreal, Jan. 29—The city council of Montreal, through a bill now before the provincial legislature, seeks to raise revenue by imposing a tax of $25 on any workman, operative, longshoreman or laborer who works in this city but does not reside here.

About 100,000 men would be affected, if such a bill becomes law, as that number of men who live in separate municipalities in this district are employed in Montreal.

Alexandria, Egypt, Jan. 29, via London, 4.55 p. m.—The American cruiser Tennessee, which for some weeks past has been engaged in bringing refugees from Asia Minor to Egypt, has up to the present time landed no fewer than 8,000 Syrian refugees at Alexandria.

At least two-thirds of them are of Russian nationality. The local government is dealing temporarily with the problem of housing, clothing and feeding these people. Nevertheless many of the children are scantily clad and further relief measures are urgently needed.

$30,000 FIRE IN AMHERST, N. S.; INSURANCE $20,000

Amherst, N. S., Jan. 31—Fire starting at 11 o'clock last night wiped out several business firms and caused a property loss estimated at $80,000. The fire was in wooden buildings, extended from Eddy street north, up Victoria street to the residential part of that section.

The blaze started in the Andrews block, which was in the centre of the buildings burned, and worked west through what is known as the Pugsley block, and in a short time these, with their contents, were destroyed. The fire then burned through the basement and upper flat of the W. D. Main block, and the Chambers block.

The temperature was below zero, and with a high wind the firemen had a hard battle getting the flames under control.

The burned buildings were owned and occupied as follows:

Pugsley block, corner Eddy and Victoria streets, owned by Timothy O'Hearn, the four lower stores being occupied by Bousaine Bros., general merchants. The upper flat as sample rooms of the Amherst hotel.

The Andrews block, owned by the estate of the late Mrs. S. B. Andrews, occupied by Fred. James, plumber, and and Conn, electrician.

Main block, owned by the estate of the late W. D. Main, occupied by Mrs. Allen, millinery, and J. J. Houston, shoe maker.

The Robert Chambers block, occupied by Chapman & Flynn, stoves and furnaces.

The Douglas block, occupied by the Amherst Trading Co., of which Councillor Charles D. Shipley is manager.

The loss on the buildings will amount to $15,000, while the stocks will probably be about the same, although it is impossible to get an estimate of individual losses. So far as can be gathered the insurance carried is as follows:

Amherst Trading Co.—Shop, $4,000; stock, $36,000.
Chambers building—$750.
Main building—$1,000.
Andrews building—$1,000.
O'Hearn building—$8,500.
Chapman & Flynn—Stock, $2,000.
Mrs. Allen—Millinery stock, $800.
John Conn—Stock, $800.
S. J. Houston—Tools, $200.

It is not known if James or Bousaines carried any insurance or not.

Your Manly Strength "Nature" Book Free

My Free Offer to My Men and Young Men Readers.

My free offer is as follows: There are in existence today numerous creditable books relating to the much discussed sex science, and they range in price from $2 to $5, while my offer as given below is a free one.

I publish a little private compendium of 72 pages, pocket size, containing 8,000 words and 80 half-tone photo reproductions, which thoroughly covers the subject of sex, but only in its relation to manhood or vital manly strength, its legitimate uses its wanton abuses, its loss and the causes thereof, its possible self-restoration and its permanent preservation. These are the vital phases of the sex subject which I find to be of most interest to all men, young or elderly, single or married, and I have therefore put into this little self help book the very best that I can offer relating to that particular personal and private advice and information, which my 30 years' practical experience in this field has taught me men most seek, and through which they can get the most real benefit in respect to their own vigor and vital health. This, reader, is the book, and my offer to send it by mail, absolutely free of charge, in a perfectly plain, sealed envelope, to any man or young man anywhere who writes for it (see coupon below), and there is not a particle of obligation of any kind whatsoever involved in making this gift offer to you. Over a million of these books have been thus sent to men all over the world who wrote for them.

The reason why I can offer this illustrated sex book free is that in one part I include a description of a little mechanical vitalizer of my own invention, which is for use by those of my readers who need some outside aid in the restoration of their manly vigor. However, that is a matter for each person to decide for himself. The book is complete and entirely independent of anything it says with respect to the vitalizer. Therefore please use free coupon and get the book by return mail. You will find it a valuable adviser in many respects.

SANDEN, Author.

Vital manhood and an abundant manly vigor is the greatest human asset of our day. Every man is entitled to be perfectly strong, vigorous and capable, just as nature intended he should, and if through the medium of my book I can show you how you yourself may become as vital, manly and forceful as the best man of your acquaintance, then I have merely given you a clear understanding of what nature is herself constantly endeavoring to tell and show you.

As to my vitalizer, it may or may not be necessary in your own case, but if you want to use it after reading the description, I will gladly make some liberal proposition so you may get one to try. This vitalizer, weighing only several ounces, is worn all night. It generates a soft, easy flowing FORCE which I call vitality. This FORCE enters your system at the small of the back, flowing thence through the kidneys, liver, stomach, bladder and organs, and diffusing itself to every part of the body. Over 200,000 Sanden vitalizers are now in use or have recently been used. It keeps up its gentle action while you sleep. Men everywhere have said it makes them feel better and stronger almost at once, that it often takes pain out of the back in a few hours, and 60 to 90 days' time is sufficient to restore normal vigor. With special attachments my vitalizer is used by women as well as men for rheumatism, kidney, liver, stomach, bladder disorders, etc.

If you live in or near this city, would be pleased to have you call. Hours, 9 to 6.

However, whether or not you ever use the vitalizer, at least you want the free book, so kindly fill in the coupon and the book will go to you, sealed, by return mail.
