RECEPTION ROOM AND REGISTER FOR BOARDING HOUSES

Ottawa Local Council of Women Pass Resolution Asking for Municipal By-law

"That a municipal by-law be passed, requesting all persons wishing to keep a boarding house or rent rooms, to register and obtain a license, said license to be free, and that before granting license the house to be inspected by the Medical Health Department representative, so that a reasonable standard of hygiene and sanitation be required. That every house shall have a common reception room where occupants may entertain guests and that each person holding a license be required to keep a register of all residing in the house, to be available for reference at any time, and that each licensed house be under supervision of the Medical Health Department."

The above resolution was sent to the executive of the National Council of Women at Ottawa at their meeting last week.

The meeting was addressed by Miss Marie McNulty, Ottawa's woman lawyer on the subject of "Laws Relating to Women and Children." Miss McNulty spoke of the franchise and laws governing voting, also the public health and vaccination acts. In regard to public health she said "It is the duty of every good citizen to report bad health conditions; to be so to speak the eyes of the public health inspector." In conclusion Miss McNulty thought that "In our laws one finds a chivalrous attempt to protect women's interests; that before attacking them, careful consideration of history and foundations of such laws should be made."

WEDDINGS

WALKER-TULLUS—At the residence of Rev. Arthur Murphy and Mrs. Murphy, June 14th, Mr. John Walker of Chilliwack, B.C., to Mrs. Alice Tullus of Edmonton.

GIRL CLUBS' PLANS FOR SUMMER CAMP AT LAKE WABAMUN

Efforts are being made by the Girls' Clubs of the city to raise money with which to purchase a club house to be used as their permanent summer camp, at Fallis on Lake Wabamun.

The G.T.P. Railway has given them their choice of a site on which to place the clubhouse, which will be moved to their location this coming winter.

The building is a large one and was built for hotel purposes, which was later abandoned. The structure originally cost \$5,000, but has been offered to the girls for \$1,200, provided they can obtain the money by June 25th. Consequently, the leaders of all the Girls' Clubs are out soliciting contributions from those who may be so disposed to help in raising the above amount and thus assist the girls in securing a permanent summer camp. The girls are very deserving of all help rendered, as heretofore, when any assistance in tag days and other campaigns, has been needed, the girls have responded nobly.

NEW CHILD LABOR LAW IS ENACTED IN UNITED STATES

Imposes Tax of 10 Per Cent. on Net Profits of Factories Employing Children Under 14.

PLANS FOR ENFORCEMENT PRACTICALLY COMPLETED

Employment of One Child For One Day Subjects Employer to Tax on Year's Profits

In June, 1918, the United States Supreme Court declared the Federal Child Labor Law of September, 1916, to be unconstitutional. Immediately following this decision steps were taken towards the framing of a new law that would accomplish the ends aimed at by the law now invalid, but in a manner that would not conflict with the limitations imposed by the constitution. A plan was eventually adopted which provided for levying taxes on the products of child labor offered for shipment in interstate commerce. This provision was incorporated in the act to provide revenue, and approved on February 24, 1919. The main features of the new law have been summarized officially as follows.

This amendment imposes a tax of 10 per cent. on the net profits from the operation of (a) any mine or quarry situated in the United States in which children under the age of 16 years have been employed or permitted to work during any portion of the taxable year; or (b) any mill, cannery, workshop, factory, or manufacturing establishment situated in the United States in which children under the age of 14 years have been employed or permitted to work more than eight hours in any day or more than six days in any week, or after the hour of 7 o'clock p.m., or before the hour of 6 o'clock a.m., during any portion of the taxable year. Such tax is not to apply in the case of an employer relying in good faith upon an employment certificate issued under regulations prescribed by a board composed of the Secretary of the Treasury, the Secretary of Labor, nor in the case of a child under the prescribed age was due to an honest mistake of fact as to the age of such child.

Plans for the enforcement of the law are now practically completed. Being a tax measure its administration must rest with the Secretary of the Treasury, and there is being formed accordingly in the Bureau of Internal Revenue a division to be known as the Child Labor Tax Division. The Secretary of Labor, however, is represented on a board to make regulations as to certificates, etc., and his authority to make inspections of mines, factories, etc. In this way there will be a link between the new division and the Children's Bureau of the Department of Labor.

The new law became effective on April 25 and after that date, employment of one child for one day in conflict with its provisions will, according to an official announcement, subject the employer's business to a tax of 10 per cent. of the net profits for the taxable year.

There are over 100,000 women employed by the newspapers in the United States and Canada.

DOMESTIC WORKERS FORM ALLIANCE; RECEIVE CHARTER

We Have Old Age to Look to as Well as Others So Must Save

A Domestic Workers' Alliance has been formed in Toronto, by a group of maids at a meeting held under the auspices of the Women's Labor League at the Labor Temple.

The charter was presented by Mrs. L. McGregor. More than 100 girls signed up, and fifty-four paid their fee of \$1 and were initiated into the union. This affliates them with the Hotel and Restaurant Employees' International Alliance. Under the new alliance, the girls are entitled to a \$3 a week sick benefit and a \$50 death benefit. Nothing definite was arranged as to hours of labor or a wage schedule.

Almost all the girls present were holding positions. Some were employed as working housekeepers, cooks, generalists and nursemaids. The average wage reported for a cook or general was \$30 a month, while that by the nursemaids was \$25 a month. All the girls are keen to "strike" one day a week-off at the least. The unanimous opinion was that any girl who was thoroughly efficient should receive \$40 a month. "We have old age to look to, as well as others, and we cannot dress ourselves properly at the present high cost of clothing and lay something aside for the future on less," they said.

NEWS ITEMS OF LOCAL INTEREST

Dr. and Mrs. Farquharson will open their cottage for the summer at Lac la Biche, next week.

Major A. C. Grant is expected home from England before the end of the month.

The proceeds of the tea and bazaar held by the Willing Workers of All Saints pro cathedral, at the home of Mrs. A. G. Harrison, netted about \$50.

The executive meeting of the Ladies' Aid of McDougall Methodist church, was held Tuesday afternoon in the parsonage. A committee was appointed to meet and to welcome the new pastor and family who are expected to arrive in the city next Tuesday. A public reception for them will be held on the Wednesday evening following.

A. E. Pilkie, brother of Miss Bessie Pilkie, has returned from overseas. Mr. Pilkie was company quartermaster sergeant, and left the city with the 151st.

Mr. and Mrs. R. W. Hedley will occupy their new cottage at Seba in August.

Mrs. E. T. Bishop, Mrs. R. Taylor, Mrs. J. R. Boyle, Mrs. Martin, Mrs. E. Underwood and Mrs. Forbes Reid, delegates of the Local Council of Women, left Tuesday evening to attend the National conference at Regina.

WHY ALL TEACHERS SHOULD ORGANIZE IN LABOR UNIONS

Mary Anderson member of the executive council of the Boot and Shoe Workers' Union, assistant director of the United States at the peace conference, when asked why teachers should join labor unions, gave the following reasons: They should join, first, for their own sakes, to secure better wages and a larger share in the control of the conditions under which they work.

They should join for the sake of their pupils, because belonging to the labor movement would wake them up to the economic causes which usually are responsible for children's backwardness and other handicaps.

Teachers, by joining labor unions, can bring to other working men and women a better understanding of children's needs and so help to lay the foundations for the democracy of the future.—Life and Labor.

ONE OF EDMONTON'S WAR WORKERS IS TO BE HOME SOON

Miss Dorothy Macdonald, daughter of Mr. Donald M. Macdonald of Edmonton, is expected home from England the latter part of the summer. Miss Macdonald is an Edmonton-born girl and has seen two years continuous service in the Army Service corps and the Land army. In recognition of her services Miss Macdonald was awarded the good service ribbon. Later she was awarded the bar to the ribbon, a decoration which is sparingly bestowed. Out of 180 in the area in which Miss Macdonald served, only three received the bar. Miss Macdonald will visit in Eastern Canada for a short time before coming home.

LIBERAL WOMEN OF W. EDMONTON HAVE REPRESENTATIVE

Mrs. Donald Macdonald, who is the first representative of the Liberal women of West Edmonton to the executive, should prove an active and valuable member of that body. Mrs. Macdonald was also nominated as delegate to the National Liberal convention at Ottawa. She comes of an old Ontario family of active politicians and has herself spoken on the platform in Ontario in 1917. Mrs. Macdonald wrote articles on the Women's Franchise bill, which were published in the leading papers of Canada, and in regard to which, she received many letters of congratulation from all parts of Canada. One letter was received from the late Hon. Sir Wilfrid Laurier, in which he stated that in his opinion he considered her arguments unanswerable.

TO CLEAN HAIR BRUSHES

Many people clean hair brushes in hot water and then complain that the bristles become yellow. Use cold water and soda. Dissolve the soda in the cold water and then shake the brush around in it, rinsing off in clear cold water as soon as the bristles look clean. Stand the brush up on end of the handle to dry, and don't put it in the sun or near a hot stove.

FROZEN RICE CREAM

Put half a cupful of washed rice over a quick fire in a quart of cold water. Heat quickly to the boiling point, stir well, drain on a sieve and rinse in cold water. Turn the rice with a quart of milk, half a cupful of sugar and a scant teaspoonful of salt into the upper part of the double boiler, and let cook until the rice is tender. Beat three eggs with half a cupful of sugar, add to the rice cook for a moment or two longer and remove from the fire. Cool, flavor with a teaspoonful of vanilla extract and fold in a gill of chilled double cream, whipped solid. Turn into a freezer and freeze slowly until firm and smooth.

Our Showing of White Boots and Oxfords

AT \$3.00, \$3.50, \$4.00 and \$4.50

enables a woman to follow the dictates of good taste without turning a deaf ear to the whisperings of a careful purse. White Sea Island Duck, in a dozen goodly styles, all the new heels and toes.
