Taking, therefore, the direct course in each case, as by the calculations given, we have the following results:—

The voyage from New York to Liverpool is 43 miles longer than from New York to Bristol. From New York to Liverpool is longer than from Halifax to the same port by 529 miles. From New York to King's-road, near Bristol, where the Great Western anchors, is 99 miles further than from Boston, *via* Halifax, to Liverpool. And that the voyage from Liverpool to Halifax, *via* St. John's, is only 104 miles longer than the *direct* passage.
