An agricultural section in connection with the London Chamber of Commerce has been formed and consists of prominent farmers of Middlesex county. It is planned to hold monthly meetings for the discussion of topics pertaining to agriculture.

The main travelled roads in this section are in splendid condition for vehicle traffic, being hard and firm and smooth as pavement. Automobiles have been running steadily all winter. It is not often that the dust flies in January, but such has been the case this winter.

The farm of Donald C. McLean, north half lot 18, con. 3, Ekfrid, was sold by auction by the public trustee on Wednesday last, Alfred A. Berdan of Dunwich being the purchaser, at \$9,920. The farm is well improved and has fairly good buildings. It consists of 100 acres, less C.P.R. right-of-way.

Get it down in your diary as a remarkable fact that on the 30th of January, 1922, upwards of a hundred automobiles travelled over smooth, dusty roads, some of them from distances of fifty miles, on an Indian-summerlike evening, carrying passengers to witness a hockey game on good, firm ice in Glencoe's new rink.

The many friends of J. D. Brown, who was reported seriously ill last week, will be glad to learn that he has taken a decided change for the better and there are good hopes for his recovery in a short time. A fall which he had at the rink while curling is believed to have been a predisposing factor in Mr. Brown's illness.

Wm. C. Squire, son of E. W. Squire, South Ekfrid, is having much success as a wireless experimenter in this section, and is in daily communication with a radio station at Pittsburgh, Pa. You can't get strong on a weak, flimsy diet. Tune up your stomach. Eat plenty of nourishing food and build up your system. Taniae does it.—P. E. Lumley.
