EXTENSIVE ADDITION BEING MADE TO MUTUAL LIFE

Building Will Be 104x70 feet, Increasing Office Space Nearly 100 Per Cent.

WORK WELL UNDER WAY.

Owing to the rapid growth of their business and the urgent need for more office space work has been commenced on an addition to the head office of the Mutual Life of Canada and when completed the accommodation will be increased from between 90 per cent to 100 per cent. The new addition which will be 70 feet long by 104 wide will be added to the rear of the present office and the material and general appearance will be along the same line. The only difference will be that the new addition will have offices on both the main and second floor thereby gaining much valuable space for the ever increasing staff. The excavation contract and the contract for the foundation were let to the Dickey Construction Co. of Toronto and already good progress has been made the excavation being completed. The architect is Mr. Herbert Horner of Toronto and the approximate cost will run close to six figures. It is interesting to note that the companies business has been growing by leaps and bounds the first ten months of this year showing close to \$32,000,000 having been written. The new addition it is confidently expected will be ready for occupancy early next spring.

LIBERAL ELECTORS HEAR CANDIDATE

Mr. C. M. Bowman and Candidate Snider Heard

The mass meeting in the interests of Mr. Walter Snider the Liberal candidate held in the town hall last evening attracted a fair sized crowd of electors among the audience being a number of lady voters who had gathered to hear the topics of the day discussed. While the crowd was not as large as the Liberal committee would have liked still those present heard an excellent address from Mr. C. M. Bowman Ex. M.P.P. of Southampton and who will take up his residence in the twin city in the very near future.

In opening his address Mr. Bowman said that the contest in North Waterloo was unique in more ways than one. In no other riding are there as many candidates in the field but he said there should be no difficulty in picking the right man to represent you for in Mr. Snider you have a man who stands four square, he is public spirited and his knowledge of municipal affairs and his uprightness in business affairs stamps him as a man that deserves your confidence and full confidence, said Mr. Bowman that you will rally around him and elect him as the representative of North Waterloo.

Women to Vote For First Time. In speaking to the ladies present Mr. Bowman said, this is the first chance you have had to exercise the franchise and he urged them to stand shoulder to shoulder with their husbands and not only to vote but to work from now until election day to elect their candidate.

Regret at U.F.O. Being in Contest. He regretted that the U.F.O. had a candidate in this riding. Their platform was similar to that of the Liberals and it simply meant that the vote would be split.

Hearst Government Not Worthy of Support. Mr. Bowman took the Hearst government to task on a number of their short comings. Premier Hearst has taken the credit for Hydro saving the Country 50 million dollars when this saving was the result of the foresight and energy of some of our public spirited men and the conservative administration had nothing to do with it.

The idea was introduced by Liberals, Mr. E.W.B. Snider being the first chairman of the commission but on the Conservative gaining power this commission was fired. However, there was in the Govt. at this time a man from London named Adam Beck and it was due to his administrative ability and his determination that Hydro be what it is today.

Government Extravagant. The speaker told of the wanton extravagance of million of money spent in New Ontario on roads that were of no value the population not wanting such an expenditure. He went on considerably length on the middle question. He told how the Liberals in 1915 had urged the Govt. to conserve the nickel to keep strict account of it but in spite of all urging the raw material was shipped to the United States there and to Germany and enemy countries and this same material was used in bullets and used against our own boys. Mr. Bowman quoted figures to show that the United States got 31 millions a year in taxes on nickel refined across the line that should have been refined here. Mr. Bowman who spoke about 40 minutes was listened to most attentively and on resuming his seat was heartily applauded.

Candidate Well Received. Mr. Walter Snider received a fine ovation when he arose to speak. He said that he had considered his own interests he would not have accepted the candidacy but on the earnest solicitation of his friends and believing it was in the best interests of North Waterloo he had decided to stand. He was sorry the farmers had seen fit to place a candidate in the field but felt that his business being so closely allied to that of the farmers would only strengthen the stand he had taken in appealing for election. He would be fair and above board and show no favoritism. Mr. Snider's speech was chairman and gave a short address in which he said that while at the election he had not been able to see eye to eye with all his most hearty support. The meeting was brought to a close with the singing of the National Anthem.

SCHOOLS CLOSED BALANCE OF WEEK. The public schools are closed today and tomorrow owing to the regular meetings of the teachers which are being held.

IRISH KENNEDY SHOWS UP WELL

Baker of Buffalo Broke Thumb and Bolt Called Off.

Last evening the lovers of good clean boxing to the number of several hundred gathered at the auditorium where several events were put on under the direction of Manager J. MacAvoy. The big feature was the bout between Waterloo's boy, Irish Kennedy, and Eddie Baker of Buffalo. The nineteen year young fellow, while the bout was fought out kept up his reputation. He had the better of the argument for the three and a half rounds that the bout went. In the fourth unfortunately Baker had his thumb broken and the fight was called off.

The other three bouts which preceded the last also delighted the fans but the difference in the weight of the respective opponents in each case marred the bouts. The lighter boys although game had to take undue punishment.

The first bout was that of Harlow of Buffalo against young Travers of Hamilton who eleven pounds to the good won by a knock out.

The second was between Gallagher of Hamilton and Dick Eitel of Buffalo which was stopped in the third round Eitel having a sore thumb.

The weight of these boys is 120 and 117 respectively. May of Buffalo weighing 122 pounds and Dodds of Hamilton of 131 pounds fought until the third when the latter was given the decision.

The first three bouts were umpired by Kap, who as known has taken over Rolling's cigar stand and who is an asset to the athletic circles of the city. When he entered the ring as umpire before the first bout he informed the spectators that he was the umpire only and that he had consented to act. Whatever the bouts would be as umpire would stand for what he thought was right. And Kap carried through his intention.

Incidentally it might be said that one little matter happened which showed the umpire's intention to carry out his declaration. That was when he found that the body of the men was covered with coconut oil. He ordered this rubbed off and it was removed.

The last bout at the request "Kap" was umpired by Manager MacAvoy who as already said put up the program. "Kap" remarked that since the latter had put the same on and had done most of the work in the preparations that it would be fitting if he be given an opportunity to umpire the big bout.

Mae went into the ring and said that the spectators would see one of the best bouts that has ever been pulled off in Western Ontario and he was right.

Regarding the attendance at the bouts it is regrettable that while a group of two hundred were out including some ladies there were not more out as the one fixture namely Kennedy and Baker both alone warranted. This city is one of the best sporting centres in the country and it is ironical that the interest in the ring and good clean boxing should not be greater. That Mae again put on events for the benefit of the local sports is to his credit and his efforts are worthy of all support.

Manager "Hank" Wood of Hamilton accompanied his boys to the city. He speaks well of Irish Kennedy, who is under his charge and who resides with him in Hamilton.

When the Ottawas take the field on Saturday against Argonauts they will have in their line-up one of the best punting halves in the game. That is the announcement that the executive

BOLITSKY-HOFFMAN. A nuptial event of pretty effect and wide interest was celebrated at St. Mary's church at nine o'clock on Oct. 7th. The principals were Mr. Walter A. Bolitsky and Miss Josephine Hoffman. The ceremony was performed by the Rev. Father Dehler.

The bride was prettily attired in navy blue and wore a picture hat and carried a shower bouquet of roses. Miss Anna Bolitsky, a sister of the groom, who was the bridesmaid, wore navy blue and a picture hat. The groom was supported by Mr. Edward Hoffman.

After the ceremony, the wedding party repaired to the home of the groom, Mrs. John Bolitsky, 25 South Francis street, where a wedding dinner was partaken. Late in the afternoon the bridal party left on a honeymoon trip to eastern points. After their return they will reside at 29 south Francis street.

Numerous valuable and handsome gifts were received by the bride couple which also brought congratulations and good wishes.

The guests included only members of the respective families and a few friends.

FRIDAY NIGHT LAST ADDRESS

Dr. Conant Will Then Go to Delmar, Del.

Dr. Conant said to the audience, at the Benton St. church last night, that the man who rejects Christ says "No God, No God." To him God is dead. This he said in speaking of the subject: "The Pool at the Funeral of God". There was a good attendance present.

Master Leland Schwieter and the Booster Choir.

The conference comes to a close Friday evening. Dr. Conant will leave for an appointment at Delmar, Del., Sunday morning. He will be taken to Buffalo Friday night, after the service, by auto. Mr. Carr will go to Kansas where he will assist Evangelist Crabill in Evangelistic services. The subject for tonight will be: "A Trip through a Fool's Paradise".

Estimates Complete on Guelph and Elmhurst Lines.

Guelph, Oct. 8.—Sir Adam Beck has informed the city authorities that the Hydro Radial Commission had completed its estimates in connection with an electric railway from Elmhurst to Kitchener Galt and Dundas connecting with the contemplated electric line from Toronto, via Hamilton, to London and between Hamilton and Niagara Falls, as well as from Guelph to Preston, Hespeler and Galt.

Sir Adam did not know yet whether the commission would get the Grand Trunk branches, but as a result of the investigation they were recommending these lines to the Government. They found that even if they had to build new ones these would pay well. Otherwise the commission would not now be recommending them.

The report must be approved by order-in-council of the Government and after that the question would have to be submitted to the municipalities. The report would be published to-morrow. Reasons which led the commission to take up the question of these branch lines at this time were no doubt the recent agitation in this city in connection with the Grand River Valley Railway by-law and the commission's impression that the Guelph street Railway would not be made to pay until it has connections with a third line.

VOTE IN JANUARY. Galt, Oct. 8.—At the municipal elections in January several municipalities in this district will vote on hydro radial by-laws, the success of which will mean the construction of system of hydro radials. This information was received today by Mayor A. W. Motter from Sir Adam Beck who stated that at estimates for the proposed system had been passed by the Hydro Commission.

During the morning session Mr. MacNeil, G. W. V. secretary, had complained that while the evidence of Mr. T. C. Boyle, deputy minister of finance was very well in its way it was too technical for the man in the street to fathom, and he asked that someone be called who could elucidate. The result was the attendance of Sir Thomas White this afternoon.

The former minister of finance called attention to the heavy expenditure which the Government was making to pay the interest on the \$200,000,000 of more in gratuities, a difficult matter for the administration to face was placed before the special committee on soldiers' civil re-establishment this afternoon by Sir Thomas White, former minister of finance.

SENATE MAY REJECT PURCHASE OF C.T.R.

STRONG OPPOSITION DEVELOPING IN UPPER HOUSE TO PROPOSED NATIONALIZATION RAILWAY WHICH GOVERNMENT MAY PROPOSE.

Ottawa, Oct. 8.—There is growing unrest over the Government's proposed railway policy. The Senate is developing strong opposition to the proposal of nationalizing the Grand Trunk and as it is proposed the Government measure may fare badly in the Upper House. The opinion there is that the company might well be preserved as a separate entity and have a working arrangement with the Government system.

In the meantime the Government is hard at work on the question. LONG CONFERENCE. There was a lengthy conference again last night between a subcommittee of the Cabinet and the Grand Trunk high officials, but no conclu-

Estimates Complete on Guelph and Elmhurst Lines.

Canada's financial position," he said, "while it has been called critical is still sufficiently serious, because of five years war expenditure, to call for most careful consideration. The policy of all the nations which were belligerents will be toward retrench-

ment for the next few years." In regard to the forthcoming loan Sir Thomas said he had no misgivings. It would probably be well over-subscribed, but he could see that from present indications a further loan would be necessary next year. Canada had had to borrow money to finance purchases by Britain and her allies in order that Canada's own trade might not suffer.

If it did not seem likely it would be possible for the Government to raise any such further sum, as is suggested, it is its credit is to be maintained," said Sir Thomas White. The ex-minister expressed the view that should the Government decide to grant a large amount of additional aid to soldiers the money would mostly have to be produced by domestic loans.

RECALLS INTERVIEW. Sir Thomas recalled an interview given to G. W. V. A. officers in regard to the \$2,000 gratuity proposal. At the same time he had given a statement to the press showing that in his view the financial position made it impossible to give consideration to the request, and he did not think the money could be raised by means of loans.

and in order-in-council applied for to let the municipalities the right to vote on the by-laws at the January elections.
