

THE SPILKER JOINT-CUTTER.

AHEAD OF ALL OTHERS FOR CHEAPNESS, DURABILITY,
AND RAPID OPERATION.

PAT'D
FEB. 18-79.

Undoubtedly the best Mitre machine ever offered; has stood the severest tests. They are used by Picture Frame, Sash, Door and Blind and Cabinet and Furniture Manufacturers, and in every branch where mitring is done. A Joint-Cutter will do mitring perfect in two-thirds less time than others.

Any one with very little practice can do work on this machine equal to the best mechanic.

Price, No. 1 Size, Cuts 4 inches wide, $3\frac{1}{2}$ inches high. \$36.00 net.
