

Canada's Finest Train.

The consist of the "International Limited" is as follows:—Combination baggage car, coaches, dining car, parlor car and sleeping cars.

The first-class coaches that are part of this train are models of modern science and expert workmanship, being built with a view to the comfort and ease of the travelling public without regard to cost. In completeness of detail, artistic taste, appointments and finish they surpass anything of the kind yet built in America. They are 68 feet long, of the wide vestibule order, with steel platform and an adjustable cover over the steps, making the whole platform a vestibule. By this means dust and smoke are excluded, and perfect safety to passengers, while passing from one car to another, is assured. The vestibules are also lighted with a powerful light, which is a most convenient appointment. Each of these first-class coaches have seating capacity for seventy-

Interior Composite Baggage Car.
