HEADACHE.

Dr. E. SPORN, a German physician of much note, having devoted his attention for some years to the cure and removal of the causes of NERVOUS AND SICK HEADACHE, has the satisfaction to make known, that he has a remedy which by removing the causes cure effectually and permanently this distressing complaint. These are many families who have considered Sick Headache a constitutional incurable family complaint. Dr. S. assures them that they are mistaken, and laboring under distress which might not only be alleviated, but actually eradicate by the use of his remedy.

It is the result of scientific research, and is entirely of a different character from the advertised patent remedy, and is not applicable to the fact. To be had of J. J. SIMS, MUSSON & SAVAGE, BEGG & URQUHART.

PILES, DROPSY, SWELLINGS, ALL SORES, RHEUMATISM. It is absolutely asserted on the most positive proof that the above complaints are arrested and cured by the timely use of Hay's Lintiment. It is impossible to find room in this paper to present all those proofs which are conclusive and convincing. They may be seen at length below.

The true article has a splendid engraving with the name and proprietor's name, and may be had of

NOTICE.

THE subscribers, general Agents for Morrison's Pills, now supplied by GILBERT WHITEHEAD, 227 Market Street, City of London, No. 27 St. John Street.

LEGGE & Co. That the public may be able to learn some idea of Morrison's Pills by their great consumption, the following calculation was made by Mr. VERNON, Clerk of the Stamp Office, Somerset House, in a period of six years, (part only of the time that Morrison's Pills have been before the public) the number of stamps delivered for that medicine amounted to three millions, nine hundred, and a few thousand.

The object in placing the foregoing before the public is to show that Morrison's Pills are a great favourite of Mr. Morrison's system, and a witness that the public attention is directed, and that it was only by trying an innocuous purgative medicine to such an extent, that the truth of the Allegation could possibly have been established. It is clear that an enormous quantity of the Pills, put together, does not form a system of vegetable purgation, to be excited and in manner prescribed by the Hygieic. How, therefore, can they (much less individually) know any thing about the extent of its properties.

WILLIAM BURKE,

BOOT AND SHOE MANUFACTURER, No. 15, Fabrique Street.
