**Mogul 8-16
Kerosene
Tractor**

**GRAND PRIZE
WINNER
AT
SAN FRANCISCO
EXPOSITION**

THESE are the days of heavy horse power expense. The horses are idle. Hay and oats are worth so much it's a shame to use them for feed. It takes five acres of land to raise enough to feed one horse one year. Horses are at the top of the market, with prices higher than for years past. The market for horses is so good that, even at these higher prices, they are easy to sell. What better time could there be to consider replacing some of your horses with a Mogul 8-16 kerosene tractor?

You can use a Mogul 8-16 with profit for about all the work you are now doing with horses—the tractor does it better and cheaper. It takes less of your time to care for it. It increases the amount of land you make a profit from—five acres for every horse it replaces. It is the right size for most of your belt work. It burns any fuel oil—kerosene, naphtha, benzine, motor spirits, enabling you to use the cheapest fuel you can buy.

Why not plan to sell some of your horses now and save the winter feeding? Mogul 8-16 will take their place and do your spring work in time. Write today for our 100-page book "Tractor Power vs. Horse Power," which we will send promptly if you'll only ask for it. Write us at the nearest branch house.

J. M. Gardhouse, Weston, Ont., writes that he has just purchased the entire herd of Shorthorn cattle formerly owned by John Milton, Brantford, Ont. This herd is comprised of thirty head of choicely-bred cattle, among which are four imported cows, an imported bull, and a number from imported sire and dam. Mr. Milton spared neither time nor money in collecting this herd. However, he found it necessary to curtail his farming interests, and Mr. Gardhouse bought the entire herd. Mr. Gardhouse purposes holding an auction sale of between 40 and 50 head shortly, composed of some of these cattle, together with a number selected from the well-known Rosedale herd. Among the draft will be one of the best sons of the great champion, Gainford Marquis, and there will also be a daughter of the well-known show bull, Browndale.

To the village clergyman's home there came one day a bouncing baby boy. Kind neighbors and members of his flock hastily gathered together a few dollars and presented the money to the proud but poor father.

So great was his gratitude that he decided to thank his congregation the following Sunday before beginning his sermon, and this is what the wondering congregation heard:

"Friends, I want to express my keen appreciation and gratitude for the timely little succor that came to my home yesterday."

The Sunday-school teacher put to her class a number of questions touching the history of the cities mentioned in the Bible.

"What happened to Babylon?" was the first query.

"It fell," said one boy.

"And what became of Nineveh?"

"It was destroyed."

"And what of Tyre?"

"Punctured!"

A country school-teacher was cashing her monthly check at the bank. The teller apologized for the filthy condition of the bills, saying: "I hope you are not afraid of microbes."

"Not a bit," answered the school-ma'am; "I'm sure no microbe could live on my salary."
