A KIND LETTER

My Dear Mr. Coffey .- In sending my subscription to the CATHOLIC RECORD permit me to offer a word of cordial congratulation. It ranks very high amongst the nineteen Catholic papers and magazines to which I sub-scribe, (as a practical encourage-ment to Catholic journalism) and from which I gather much information and instruction for my parish and its various societies every week. I have noted not only the unobtrusive dignity of its editorials, the timeliness of its Notes and Comments but a judicious selection from exchanges that must be instructive for Catholic and at least authoritatively informing for readers not of the faith.

Very truly yours Rev. D. M. BOGAN

St. Mary's Rectory, Plainfield, New Jersey, Feb, 12, 1913.

A VENERABLE "REPEALER

Toronto, 17th February, 1913.

Hon. Thomas Coffey, London : Dear Sir .- I see by the RECORD that Samuel Young Nationalist, M. P., thinks he is the only Repealer now living who belonged to the re-peal association during the life of Daniel O'Connell in 1842. When I was going to school I joined the repeal associations at Concilliation Hall, Dublin. I also attended one of the Masses that was offered up in every parish in Ireland for the repose of his soul when the news of his death reached Ireland from Genoa.

Yours truly, JAMES CORCORAN.

C. M. B. A-At the last meeting of Branch 288, Downeyville, a resolution was passed that a Requiem High Mass be offered for the repose of the soul of the Right Rev. R. A. O'Connor, late Bishop of Peterboro. The deceased was, from the establishment of the association in Canada, an active member and an ardent supporter of this fraternal society and on his

CONNOR BALL WASHER

Built of Louisiana Cypress

The Connor Ball-Bearing Washer is built of Louisiana Cypress, known as "the wood eternal," because it defices decay. Cypress water mains laid in New Orleans 110 years ago show no signs of decay. Soaps, acids, beer, vinegar, etc., are manufactured in Cypress tanks. So you see that soap and water would have little effect on a cypressbuilt washer. And when that washer runs on ball-bearings washes clothes twice as fast as by hand, without any washboard wear, you cannot reasonably do without it. So get a Connor Ball-Bearing Washer, Madam. ANNOUNCEMENT of a NEW BOND COMPANY Of interest to financial men and to the public generally is the formation of the Bankers

Bond Company Limited, with a capital of One Million Dollars, headquarters at Toronto. The President of the Company is Mr. F. W. Baillie, the Vice-President, Mr. F. P. Wood, and, in addition, a

group of prominent Canadian banking men are interested both as investors and advisors. The Bankers Bond Company will conduct the customary bond and preferred stock business, and aims to be

of special service to the public in other ways. It will assist worthy industries, business men and others who have not access to the customary channels for capital, to expand by financing the needed money. Canada has many industries only needing capital to become large and prosperous concerns.

Directed by men experienced in both investments and banking, the Bankers Bond Company should render valuable service to investors and business men. This should especially apply in a country such as Canada, so replete on one hand with opportunities for investment wherein judgment and foresight are needed, and, on the other, with opportunities for business expansion, provided financial assistance is forthcoming in

either small or large amounts at crucial periods. The Bankers Bond Company is the outcome of steady and important growth of the investment business done by the firm of Baillie, Wood and Croft, Bankers and Brokers, Toronto, during a period of ten years. The latter firm will hereafter confine themselves

to Stock Exchange business. The Bankers Bond Company Limited, have engaged as premises the ground floor of the Imperial Life Building, Victoria St., Toronto.
