and sold by Druggists.

There is, probably, no line of diseases which has been more erroneously treated than Throat and Ling Complaints.

There is also not a recipe written, mer a preparation before the public for the above complaints, that does not contain Ipecac, Antimony, Lobelia, or Opium, in some form or other, which I claim to be entirely unnecessary in nine-tenths of such cases, as they produce nausea, cause the stomach to repel food, and allow disease to triumph over what nature requires to keep up strength. what nature requires to keep up strength.

Again, these objectionable components of
doses to be placed so far apart, that the irrits which causes the cough gets the upper hand, and the foundation of weak lungs or consumption is permanently laid.

A true Cough Remedy should not only be the pooket, bedside, or nursery companion of all, and to be used just as often as there is tickling in the throat, or disposition to sough, but to allow of its free use after the cough is checked, to clear away all remaining irritation, and make the cure perfect.

Cases of most violent Sore Threat, with all the symptoms of Diptheris have been entirely cured by making a constant use of the Cough Remedy as a Gargle. For Hourseness it is invaluable.
