

Ceylon ^{and} Indian TEAS

ARE THE ONLY

Pure - Cleanly - Wholesome

TEAS IN THE UNIVERSE.

NOTICE how they are advertised at the Fair. You can reap part of the benefits of it. Thousands of tea drinkers will try them, and a trial means a purchase and one purchase means another, so there you are. New converts every day.

Remember, they're grown, picked, fired and packed under the direct supervision of British overseers.
