# Are You Buying Your Flour on the Echo Milling Co.'s Co-operative Plan?

Our Daily Capacity Exceeds 300 Barrels

Most local associations are. If yours is not, why not come in?

Co-operation means the greatest good to the greatest number, the profits divided where they belong—among the people who create them.

Our plan enables local associations to buy their flour and feed in car lots, at mill prices, thus saving both the jobber's and retailer's cost of handling and profit.

And this big saving on first cost is not the only economy effected.

These associations are getting the very best flour that modern methods, machinery and careful selection of wheat can produce—flour that makes the greatest number of loaves to the sack and is never disappointing in its quality.

If you could only visit our mill and see the care we give to the milling of Gold Drop, you would understand why Gold Drop is "the flour that is always good."

Send a post card today saying "Please send us your plan for co-operative buying."
