HIGHEST DEVELOPMENT IN CYANIDING  
ACME OF PERFECTION IN COPPER LEACHING

## THE KOERING METAL RECOVERY DRUM

Constructed for **Cyaniding, Hypolixiviation, Copper Leaching, and Chlorination**; combining Agitator, Filter, and Washer. Highest extraction in shortest period of time: saving labor, power, and chemicals.

**MOST ECONOMICAL PROCESS FOR TREATING LOW GRADE ORES**

**HAVE YOU ANY FILTER TROUBLE?**

**WE CAN SOLVE YOUR PROBLEM, NO MATTER HOW DIFFICULT**

Arrange for sending ore samples for assays and test treatments in our best equipped metallurgical, analytical and testing laboratory

## KOERING CYANIDING PROCESS COMPANY

BEN R. KOERING, E.M., *President*  
Member American Electrochemical Society  
Member American Mining Congress  
Member American Institute of Mining Engineers
