### THE FALL SHOW

The Carrick Agricultural Society has passed another successful year in its history, and is to be congratulated upon the fact that this year's show was in many respects away ahead of any former exhibition here.

The weather was simply delightful. All signs of rain disappeared and the sun came out and shone brightly all afternoon.

The greatest attraction of the show was the fine display of horses. The special prizes in these classes brought out a large number of splendid horses, especially in the draught and agricultural classes. Seldom has been seen in this part of the country a collection of better horses than were shown here on Tuesday. Levi Good's special prize for spring colts brought many exhibitors from a distance and the result was the finest bunch of good colts ever seen here. The judge, Mr. Blackall of Hensall, had his work cut out for him, but his decisions appeared to meet with general approval.

The hall exhibits were not so numerous as in former years, but this is the case at nearly all the fall shows this year. The root and fruit crops have not sufficiently advanced to warrant the growers in exhibiting them.

In the fancy work department nearly all available space was taken up, and the many new articles shown in this department attracted considerable attention.

The cattle, hog and sheep classes were also pretty well filled, and there was also a good showing of poultry.

The attendance in the grounds was large, and we learn that the Society will have a neat balance on hand after paying all the expenses connected with the show.

There were a number of small side-shows on the ground, all of which received fair patronage.

The Mildmay Band kept the people in good spirits with plenty of good music.

The list of prize winners will be published next week.

### Additional Locals.

—Joseph Hauck and Mrs. Magdalene Herrgott of Formosa were married on Tuesday by Rev. J. J. Gehl.

—Frank Schmidt has given up his position at the O. K. grocery. His place is being taken by Willie Eifert.

The Canadian Northern Railway crop report states that, while harvesting and threshing have been considerably delayed during the week by unfavorable weather, the amount of work already done is surprising. From almost every point the report is more favorable than previous reports.

Under the criminal code of Canada the finder of a lost article must take steps to discover the owner if he wishes to escape indictment of theft. A London young man has learned this lesson at a somewhat heavy expense, having been required to restore a purse and money, and pay seven dollars costs of prosecution. The best way to recover the owner is to advertise in a newspaper.

An unsuccessful attempt was made to assassinate the chief police of Odessa, Russia.

Leslie Chalmers, mason contractor of Elmwood met with an accident last week which resulted in a broken leg at the ankle. It appears his spirited horse became unmanageable, and having his two girls with him he put the oldest off the rig safely and with the other in his arms was leaping out when his leg caught in the spokes of the wheel with the above result. It was a severe break and will lay Mr. Chalmers off work for some time.

### BELMORE.

A wedding of more than ordinary interest to our citizens took place recently at Toronto though of a strictly private nature, the participants being Peter Terriff, sr. and Mrs. Law, who have been residents of this vicinity for a number of years. ### WALKERTON.

J. B. Goetz of Formosa is making a strong effort to have the proposed C. P. R. line built through Formosa. The engineer says there are too many hills and rocks around that village to think of putting a depot there.

Miss Della White was married last week to Mr. Robert McNeil of Chicago. Miss White was formerly a milliner at Mildmay.

The Grand Trunk authorities are thinking of changing the location of the station. It will probably be moved down town to where the Pett factory stands.

All the pioneers of Howick and surrounding townships and towns are requested to attend and take part in the parade. This is one of the best local Fairs in Western Ontario and the admission is only 15c.

Mount Forest is having a horse show on October 4th, when large prizes are offered for all kinds of heavy and light horses, and one, two and three year old colts in both classes.

Walkerton is all agog over a branch of the C. P. R. that is to be built from town to Lucknow. The object of building this great transcontinental railway is not disclosed. Perhaps it is to convey the petroleum from the Formosa oil wells, or carry Hugh Clark out of the Legislature.—Harriston Review.

### HUNTINGFIELD.

The marriage of David Haskins to Miss Bertha Hamilton of Lakelet took place at Wingham on September 14th. The young couple will live on the old homestead.

### Clifford.

Voting on by-law for installation of a gas plant here on Thursday last resulted as follows: For the bylaw 32; against 47; rejected ballots 2. This shows a decisive defeat and rather a damper on those who are desirous of seeing the village benefited by a lighting and heating system which is proving satisfactory in many other places. The vote however, was a fairly representative one, few available resident votes being left unpolled and has at least served the purpose of obtaining a guide to the opinion of qualified electors on matters of this kind.

Mr. W. H. Young, who has been working in the copper mines at Calumet Michigan to gain experience as mining engineer, returned to his home here on Monday. He leaves shortly to complete his studies at the S. P. S., Toronto.

On Sunday evening occurred the death of Conrad Lanz son of the late Charles Lanz, (who it will be remembered met a violent death four years ago by falling off the roof of a barn in Carrick.) passed away at the home of his mother here. The deceased man was aged 25 years, in the prime of youth and bid fair for a bright future. In the early part of this year he was compelled to quit his trade of cabinet making on account of lung trouble. During the early summer months he seemed to have improved in health but a few weeks ago was attacked with typhoid fever which caused death. His death was a sad blow to his widowed mother and brothers and sisters.

An electric car running between Boston and Melrose, Mass., struck a car of dynamite, with the result that nine people were killed and many injured.
