

**WOMAN KILLED**

**Horrible Accident at Brandon  
—Woman takes Short Cut  
Through Yards and is  
Run Down**

Brandon, June 4.—A terrible accident happened here this morning about 10:30 when Mrs. Elizabeth Crozier was instantly killed by being struck with a C.P.R. freight engine as she was crossing the railway line just east of the station platform. The victim of the accident was the wife of Clarence Crozier, an employe of the Empire Brewing Co. Deceased was coming up town to do some shopping and instead of using the overhead bridge took the shortest way by crossing the tracks. Two engines were coming down the tracks, and in their approaching the woman evidently became excited. She managed to get out of the way of the first one, but the second one struck her throwing her to one side. Her head and body were terribly mangled the left hand being completely severed. Death must have been instantaneous. The deceased was 27 years of age, and was married two years ago at Badur, Man. She originally came from near Woodstock, Ont.

**SERIOUS ACCIDENT**

Fort Francis, Ont., June 5.—A serious accident occurred at Emo yesterday. Charles Leark was left alone in the house, his mother having left him to pay a visit. Upon her return he was found lying unconscious with a gun beside him. He was seriously injured, part of his face being blown away, and his left hand badly burned and his sight affected. The doctor in attendance gives small hopes of recovering his sight, although otherwise he thought he might be pulled through.

**BIG DISTILLERY**

Winnipeg, June 4.—A company is being formed by Gooderhams, Walkers, Weiser and other large Canadian distillers to erect a distillery in the city of Winnipeg. The matter has been under consideration for some time, but is now in such advanced shape that their representative Mr. J. Hargratt is now in the city arranging for the site. It is understood that the distillery will be one of the largest in the country, and there is no doubt that when the names of the firms connected with it will be a creditable industry. The outlay will be nearly seven million dollars.

**TAMMANY TRIUMPHS**

**"Dick" Croker, of American  
Political Fame, wins the  
Derby—Horse was  
Half American**

London, June 5.—Richard Croker's Orby, ridden by Johnny Reiff, won the Derby stakes of 6,500 sovereigns at Epsom today, distance about 1 1/2 miles. Woodwinder, ridden by Madden was second, and Slieve Gallion, an Irish horse, ridden by Higgs, was third. Orby was bred in Ireland out of an American dam, and thus the derby has been won by an American owner whose horse was ridden by an American jockey and whose mount was out of an American mare. Nine horses started. Much of the accustomed gaiety and picturequeness were lacking in the lamellar derby scenes on the road to Epsom this morning. Torrents of rain poured down till about ten o'clock, and the muddy dismal procession bound to the Downs looked

uncommonly like the return of the procession after the downfall of the favorite.

The usual Derbyday types were present, but they were sadly reduced in numbers and the intermittent attempts of the holiday makers to inject some of the old time hilarity into the scene failed to remove the gloom of the umbrella marked crowds. All whose plans were alterable abandoned the roads in favor of trains, and scores of specials took enormous crowds to Epsom.

King Edward elected to travel by train. The royal party included the Grand Duke Michael of Russia. The rain cleared off before noon and the Downs presented a cheerful and picturesque appearance. Trains from all directions took enormous crowds to the course, but the throng was hardly up to the average. Many coaches were sent down over night and took positions at all vantage points, heavily laden with fashionable people, among whom were many Americans.

**OFF FOR CANADA**

London, June 5.—At a meeting of the Rhodesian Co., Colonel Weston Jarvis stated that he had received a letter from an Orange River Colony farmer to the effect that his sons and a group of other young Britishers were arranging to throw up the results of their industry there in consequence of political unrest, and were going to Canada.

**FOSTER FOR NORTH YORK**

Toronto June 4.—The World today says: "North York Conservatives will on Saturday nominate George E. Foster for the House of Commons in opposition to Hon. A. B. Aylesworth minister of Justice. Mr. Foster has not yet decided to accept the nomination."

Keep Minard's Liniment in the house.

**MANY GALICIANS**

Winnipeg, June 5.—The largest number of Galicians to come to western Canada at one time arrived on two special trains this afternoon. There were 1,340 Galicians and 170 of other nationalities. These latter however, were hardly noticed among the mob of Galicians attired in their short sheep-skin coats, with their bags strapped to their backs. Most of the men were accompanied by their wives and children, and for a couple of hours the immigration officials had a busy time.

**LIFE SENTENCE**

Calgary, June 4.—The negro, Thos. Rife, who raped an eleven year old Galician girl on 3rd of May last was given a life sentence today in Edmonton penitentiary by Justice Stewart. The jury was only out seven minutes.

**THE COAL ENQUIRY**

Men ask for Better Terms as to Hours and State of Mines—Operators Object

Frank, Alta., June 4.—Three witnesses, all miners, were examined before the coal commission here today. They are the Lethbridge miners, all stood out strong for the eight hour day bank to bank law, and a compensation act. The three witnesses had worked under the compensation act in Scotland and declared it to be very satisfactory and resulted in mines being kept in much better shape. David Stone complained of the system of paying wages, claiming that the men should receive their money fortnightly instead of monthly. If they wanted money in advance they had to pay the company five per cent. He

President Nichol of the local miners union did not approve of the conciliation act. He objected to a third party interfering where his wages are concerned. He made the charge that the inspectors did not thoroughly inspect the mines. It is claimed that it would take two days to go over a mine properly.

**Weak Kidneys**

Weak Kidneys, surely point to weak Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specially prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.
