CONFERENCE OF PREMIERS

Called by Request of Maritime Provinces—Dispersed Without Any Definite Action Being Taken.

Ottawa, Dec. 9.—After holding morning and afternoon sittings the conference of Provincial Premiers and their representatives, called to consider the proposal of the Maritime provinces to fix a number of seats below which the Federal representative of the provinces by the sea in the House should not be allowed to go, dispersed without coming to any agreement.

At the conclusion of the second meeting the following bald statement was given out: "The question of the representation of the Maritime provinces in the House of Commons was presented in a full and comprehensive manner by Hon. Hazen Hazzard, McLean, and Fleming, and after a general discussion it was unanimously decided to postpone further consideration of the question to a future date to be decided."

Owing to the early hour in the afternoon at which the conference broke up, there were rumors that there had been a serious disagreement. However, when the delegates gathered, the report from what could be gathered, the representatives of Ontario and Quebec, and the western provinces, made a non-committal attitude which made it impossible for any conclusion to be reached. They promised to consider the representations made by the Maritime province next time and if it was considered advisable to meet again at a later date. The reason for the conference is the desire of the Maritime provinces to protect themselves in the matter of Federal representation and if this is to be done, action must be taken before the next census is taken and the redistribution based thereon is adopted by Parliament.

Hon. Robert Rogers and Frank Fowler, of Winnipeg, had a sharp row with Sir Frederick Borden, Minister of Militia, today in reference to the proposal of the Ontario Government to secure the site of Ontario barracks for the use of the Federal minister, to whom a large number of suggestions were made. The buildings, it is understood that the Federal minister, to whom a large number of suggestions were made, are to be built on the site of the barracks. It is understood that the Federal minister, to whom a large number of suggestions were made, are to be built on the site of the barracks.

The situation in Quebec is such that the few French-Canadian Liberals who are expected to be returned against the Bourassa Canadians in any case, and to find that they are to be thrown down for others after they way they have stuck to the premier and his navy policy is a bitter pill.

It was freely remarked that if they knew of the situation last week would have voted for Mr. Monk's amendment and so saved themselves from the whole parliamentary situation which is a complete change in the present complexion of the political party. Yesterday the French-Canadian Liberals in refusing to support were forced to give up the money. Robbery of the people in the spending of the people's money. Robbery of the people in the spending of the people's money.

The whole parliamentary situation is such that the few French-Canadian Liberals who are expected to be returned against the Bourassa Canadians in any case, and to find that they are to be thrown down for others after they way they have stuck to the premier and his navy policy is a bitter pill.

It was freely remarked that if they knew of the situation last week would have voted for Mr. Monk's amendment and so saved themselves from the whole parliamentary situation which is a complete change in the present complexion of the political party.

Yukon, Dec. 12.—The Yukon Growers' Grain Company, who are organized about four years ago by farmers from all parts of the prairie provinces, to buy and sell grain, and thus get a bigger price for the product, has made such a success of its venture that it is now about to increase its capital and branch out into a large co-operative organization. Among the things proposed is to build and operate flour mills, sawmills, and secure timber limits, and sell the timber to the Western farmers.

A Big Success. Yukon, Dec. 12.—The Yukon Growers' Grain Company, who are organized about four years ago by farmers from all parts of the prairie provinces, to buy and sell grain, and thus get a bigger price for the product, has made such a success of its venture that it is now about to increase its capital and branch out into a large co-operative organization.

CONTRADICTS LAURIER

Col. Sam Hughes Says Premier Made False Statements

Ottawa, Dec. 12.—Col. Sam Hughes, M. P. for Halliburton, commenting on the answers given by the prime minister in the House of Commons regarding the Eucharistic Congress, said that in every case the replies of Sir Wilfrid Laurier to his questions were untrue.

Col. Hughes repudiates the assertion of Sir Wilfrid that the speaker, Mr. Marcell, did not appear at the Eucharistic procession in an official capacity because the mace was not there. The colonel stated with some warmth that the speaker wearing his official capacity, wearing his new uniform of office which had been paid for by the people of Canada.

"More will be heard of this affair," said Col. Hughes. "The matter is not ended. I am not asking these questions for nothing."

A Big Success. Yukon, Dec. 12.—The Yukon Growers' Grain Company, who are organized about four years ago by farmers from all parts of the prairie provinces, to buy and sell grain, and thus get a bigger price for the product, has made such a success of its venture that it is now about to increase its capital and branch out into a large co-operative organization.

Western Briefs

Premier Roblin was the principal speaker at a reunion of old timers held in Carman.

A board of trade was re-organized at Morse. J. J. Williams is president, and S. R. Tuffy secretary.

The Merchants' Hotel, Portage la Prairie, was so badly damaged by fire that it will have to be completely rebuilt.

At Wapella on Tuesday morning, Miss Evelyn I. George was wedded to Wilfrid Stuckey, of Regina. They will spend their honeymoon in England.

J. Hudson was the victim of a didn't-know-it-was-dreadful accident at Elk-horn, receiving a bullet in the head. Fortunately the bullet glanced and the injury will not be completely serious.

While working in the bush at Mistis-tin, Sask., McElin, an employee of the Cowan Construction Company, was struck and badly crushed by a falling tree. He was brought to a hospital in an ambulance and lingered in an insensible state for several days. He was a stranger in Mistis-tin, and yet nothing is known as to his home or relatives.

There took place in the Hartney town hall the funeral services of the three young men of a shanty in a last week loss. The funeral was held at a home near Unity, Sask., and was officiated by Rev. J. H. Hartney, who was a student at the University of Toronto.

The names of John Thom, and John Laughlin, who was a student at the University of Toronto, were also in the shanty, is believed to be recovering from a poisoning. The four men of Hartney two weeks ago, and three were brought back dead.

The Canadian Manufacturers' Association has forwarded to the Manitoba Grain Growers' Association, offers on behalf of the manufacturers of Eastern Canada of hospitality to the farmers on December 15 and coming to Ottawa on December 15 and 16 to interview the Government in relation to tariff matters. The manufacturers intend to send a representative to Winnipeg before the departure of the steamer to arrange a programme for the eastern tour following the completion of business with the Government.

The seed grain fair of the South Saskatchewan Agricultural Society opened at Qu'Appelle, the judges being Professor Rutherford, of Saskatoon, and P. H. Reed, of Yorkton. The quality of the seed was very good, but in point of numbers they were not equal to former years. The winners in wheat were: Jas. Carter, first; Mattick, second; J. Howden, third; Oates, H. Carter, first; R. C. Smith, second; H. A. Pessant, first; Flax, C. S. Piddock, first; E. Ross, second; Potatoes, first; Mattick, first; Milne, second; A. E. Nicholls, first; Barley, J. Howden, first; R. H. Carter, second.

Victor Oliver, a young farmer residing near Delisle, was taken to Brandon hospital in a serious condition as a result of being frozen on the prairie. He was being frozen on the prairie. He was being frozen on the prairie.

At Saskatoon on Friday a man named Edmond, employed by the C. P. R. telegraph office, fell from a telegraph pole when making repairs to wires and was killed. He was a member of a gang, and another workman started to climb two adjacent poles at the same time, and when certain accidents occurred, he fell to the ground. He immediately fell to the ground. He immediately fell to the ground.
