TARTE READS HIS ORGAN A LECTURE

He Protests Against Attacks On the C. P. R. and Sazs Liberal Party Made Mistake in Upposing National Enterprises.

Montreal, Jan. 21.-The Patrie, Mr. Tarte's paper, in a leading article published to-night, which is evidently inspired by the minister himself, takes issue with the Toronto Globe in connection with its attack on the Canadian Pacific. The Patrie says that public opinion is looking for the true cause of this attack against an organization that has cost Canada so much money. The Canadian Pac fic, it further points out, is a truely natural enterprise and really the property of the people.
"Without wishing," the article continues,

to prejudice the question, which will come before the next session, and in which the Canadian Pacific in largely interested, we would ask if the hour is well chosen to give privileges and favors to our rivals, the American railways." It is a ided that it is the American railways which are at the bottom of the discrimination against Canadian ports, and that one of the gravest faults committed by the Liberal party before Sir Wilfrid Laurier took the direction was to a ta k national enterprises. We do not hesitate to say that it was this policy

not hesitate to say that it was this policy which was to a great extent the cause of the repeated failures of the Liberal party in the past, as it succeeded in uniting against it the banks, manufacturers, railways, and capital. Wiser counsels prevailed and the Liberal party achieved success."

Mr. Tarte has a fling at the Toronto organ by saying that that paper is published in a city where not a single Liberal candidate was successful. The true policy, Mr. Tarte adds, for Canada is "Canada for the Canadians."

Mr. Tarte's present attitude is regarded

Once or twice a year the good house-wife has a thorough house cleaning. The house has been swept and dusted every day in the year, but the housewife known that in spite of vigilance dust accumulates in cracks and corners, and is only to be removed by special effort.

It's the same way with the body. You look after it every day. You take all the ordinary precautions of cleanliness and health. Yet the body needs its special cleaning to rid it of the accumulations of waste and poisonous matter which invite disease. Doctor Pierce's Golden Medical Discovery, taken regularly once or twice a year, would save many a sickness. It purifies the blood, strengthens the stomach, and cleanses the body of poisonous accumulations.

HOLY EVENING.

(From the German of Gerok.)
Thou sky, this holy night,
With stars rich sown,
How glittering and bright Thy purple dome! From earth's confusion and its cloud ing care
I lift my eyes to heaven in silent pray-

Throughout the heavenly space The company Of spheres in ordered place

Keeps jubilee: Golden Orion, with his lyre, the throng Leads in its mystic, high, celestial O earth, thou little one, Thou twinkling star,-

Yet like thee is no sun That shines afar, Lost hopelessly, yet blessedly restor-Revealed in thee, the glory of the Lord !

"The stars know neither tears,
Death nor the grave,
Sorrow, nor aught of fears;
Earth has a care,
To all the starry realms a sacred shrine,— In it, one midnight, lay a Babe di-

"Thus, lowly Bethlehem,
So small to see,
Does each sky-born star-gem
Think upon thee."

So rang the stars' clear song adown the sky,—
And I belong to earth,—oh, happy I!
