Nervous Women

Their Sufferings Are Usually to Female Disorders Perhaps Unsuspected.

A MEDICINE THAT CURES

Can we dispute the well-known fact that Canadian women are nervous? How often do we hear the expression, "I am so nervous, it seems as if I should fly," or, "Don't speak to me." Little things annoy you and make you irritable; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in women is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman. Fits of depression or restlessness and irritability. Spirits easily affected, so that one minute she laughs, the next minute weeps. Pain in the abdominal region and between the shoulders; a tendency to cry at the least provocation—all this points to nervous prostration.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

Miss Leah Stowell, of 177 Wellington St., Kingston, Ont., writes:
"Dear Mrs. Pinkham:—Your Medicine is indeed a Godsend to suffering women, and I only wish that they all knew what it can do for them and there would be no need of their dragging out miserable lives in agony. I suffered for years with bearing-down pains, extreme nervousness and excruciating headaches, but a few bottles of your vegetable Compound made life look new and promising to me. I am light and happy and I do not know what sickness it is and have enjoyed the best of health now for over four years. Lydia E. Pinkham's Vegetable Compound has sent sunshine into thousands of homes and hearts."

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can be so easily cured as other women.

HER DEFENSE.

"I own a golden locket set with jewels bright and rare," she wrote to Will, "and I have placed your precious picture there. I have your little photograph. Her lines to Harry said, 'Within a locket over my heart.' Oh, fair and tricky maid!"
It happened that they chanced to meet.
These two adoring youths: Comparing notes, as lovers will. They learned some startling truths. But when they taxed her with deceit she showed them nothing less. Their pictures in the locket, "See," she cried, "I wear you both!"

In a Class by Itself

It is quite true FERROL is an emulsion of Cod Liver Oil and a particularly good one at that. But it combines Iron and Phosphorus with the Oil, and these are just what are needed to make the emulsion perfect and they are just what all other emulsions lack.

FERROL

It is unique because it combines Iron and Phosphorus with Cod Liver Oil. It is pleasant to take and easy to digest. It holds the record for increasing the weight (95 lbs from the use of 35 bottles). The formula is freely exposed and its bona-fides are vouched for by eminent analysts in Canada, the United States and Great Britain. It is endorsed by prominent physicians of all schools. It is used in all the leading Hospitals, Sanitariums and other Public Institutions. The London (Eng.) Lancet, after careful analysis in its own laboratory, fully endorses it. We are prepared to substantiate all the above statements. FERROL is the embodiment of health, strength and vitality, and
