Tuesday, May 11.—Business on the Central Market this morning was very slow. Potatoes were not quite so firm.

Large quantities of rhubarb were offered and found a good sale. Flowers made a good showing, and lilacs were a little higher. Beef remains firm, and, judged by the present outlook, it will remain so for some time. Pork is also firm. The standard prices at 8 a. m. were:

ENORMOUS PROFITS OF COBALT

It has just been announced that the profits of the La Rose mines for the past twelve months will be one million and fifty thousand dollars.

During the past week a property owned by Mr. J. R. Jowsey, of the Keeley-Jowsey & Wood Mining Co., was sold to English capitalists for fifty thousand dollars. This property joins the property of the Cobalt Commercial Mines. Limited, and, judging by the amount of work in progress and the interest being taken, Lower Lorraine will be foremost among the new camps this year.

At the Keeley-Jowsey Wood Mining Co.'s properties high grade ore is being bagged daily and two car, loads of high grade ore are waiting shipment at the wharf. The Haileybury Silver Mining Co. in South Lorraine recently sold nineteen acres for one hundred thousand dollars. On the Mexico alciniciation, which is the control of the Mexico alcinication.

to wait for Tuesday's market.

Exporters—Export steers sold at from \$5.60 to \$6.50, one load of very choice steers being sold by Dunn & Levack at the latter price, which is a record quotation reported thus far this season.

Export bulla sold at from \$4.40 to \$5; export cows, \$5.

Butchers—Prime picked lots sold at from \$5.50 to \$5.75; loads of the best butchers' fold at from \$5.50 to \$5.75; loads of the peat tain, while E. Bristol and S. S. Mills were placed on the committee.

# I Don't Blame You

You never before have had an opportunity to invest your money in a Cobalt enterprise that has behind it two men who helped locate the Temiscamingue and Hudson Bay Mining Co's. properties and a third who was the discoverer of a mine, which sold for One Million Dollars cash. Yet such is the proposition which we are placing

- The Cobalt Commercial Mines, Limited, has for its president Mr. John Dunkin, of London, who has been a director of the Hudson Bay Mining Co. ever since its organization, and was, until recently, the largest individual shareholder in the Temiscamingue and Hudson Bay Mining Co.
- Mr. Bisbee, Secretary-Treasurer, was one of the original shareholders of the Temis camingue and Hudson Bay Mining Co., realizing \$277.00 for every dollar invested, and with Mr. Dunkin, was among the party who located the properties of the Temiscamingue and Hudson Bay Mining Co.
- Mr. Bucknall has had upwards of ten years' experience in this district and was the discoverer of the Cobalt Casey Mines, which sold for One Million Dollars cash, and has since proved a good investment even at that price. Besides these three men Mr. A. W. Marquis, solicitor, St. Catharines, and Mr. H. C. Russell, of Hamilton, who are well known to you,
- Behind our company are three men who have been very successful in the Cobalt camp, and what we have done before we believe we can do again. Would you like to take a small interest with us, and share our profits?
- We now own over two hundred acres in the well known territory south of Lorraine, where we have uncovered eleven veins of calcite and decomposed matter, carrying from traces of silver to over two hunded ounces per ton. In addition to this we will send out expert prospectors who will work in the new fields and in this way we will secure other properties at the very lowest cost.
- We will be pleased to have you call at our office, inspect our samples and pros-

### YESTERDAY'S GAMES.

#### Rube Waddell Batted Freely by the Phillies.

Rain and snow has cost the big league wners thousands of dollars already this season. Yesterday rain prevented all the games scheduled in the Eastern League, and stopped one in the Ameri-League, and stopped one in the American and two in the National. At Brooklyn the A. L. game was played in a continuous rain. Brooklyn hatted Covalesky out of the box for the second time during the series, and Bell scored his second victory, this time by 4 to 2. Bell had splendid control, also made two hits which figured in three of the runs, Bergen's catching was a feature.

R. H. E.

Batteries—Covalesky, Sparks and Bestin: Bell and Bergen.
At Boston—Imability to hit Raymond's pitching with men on bases cost the locals the game to-day, New York winning 2 to 1, the fourth time in this series that the same score has prevailed. White was wild, but kept the hits scattered. Score:

R. H. E.
