REV. SHORE ON MISSIONS.

He Considers the Work In Japan Has Been Successful.

But Is In Need of Extension—About Other Fields.

W. M. S. Has Funds of Almost \$100,000 on Hand.

At yesterday afternoon's session of the Women's Missionary Society Board, at Centenary Methodist Church, the reports of the Home Field work were submitted by Mrs. Kerr, Associate Field Secretary. That of the French Methodist Institute at Montreal was first considered, and proved very satisfactory, as considerable progress had been made. The reports of the Italian Mission at Toronto; All People's Mission, Winnipeg; and the work among the Galicians of the West, were also considered. That of the Italian Mission at Toronto was very interesting, and a request was made that the amount at present given, \$800, be increased to \$1,400. The matter was referred to the Finance Committee.

The report of the Japanese work in Vancouver was closely considered, being of an interesting nature. The most pressing need was stated to be permanent headquarters. Miss Preston acted as superintendent for both the Japanese and Chinese Missions. More of the foreign women were continually arriving, but for the most part they had fathers or husbands to take care of them. (Room still remained for a few more girls who were willing to be educated. The property in the section where the missions are located has advanced in value during the past few years, owing to the forward movement of commercial interests, and that makes the property of the W. M. S. more valuable. A suggestion was made that more property be purchased in that section, so that proper headquarters might be assured.

A motion was made that the matter of allowing a deaconess to attend to the work of the Elm Street Church, Toronto, among the girls in boarding houses, be left to the Finance Committee, with the recommendation that it be continued for another year.

Considerable objection was offered to this proposition. A number of the members stated the society had not been organized for that purpose, and by granting the request it would be establishing a precedent. Mrs. Carman outlined the conditions in the district where the deaconess would work. She said numerous shop girls had a hard time to get along, and in passing to and from their work they were jostled by rude men, who were there for no good purpose, in a manner which would cause the average girl to blush. A deaconess would be invaluable in such a location. The motion was carried practically unanimously.

An address by Miss Ida Clark, of the Hospital at Port Simpson, describing the work at that institution, proved very interesting.

EVENING'S SESSION.

Dr. J. V. Smith presided at the public meeting in Centenary Church which was well attended.

The financial report was submitted by the treasurer, Miss Wilks. It showed receipts of \$194,613.11 and expenditures amounting to \$96,788.18, leaving a balance of \$97,824.93. Of the expenditure, \$35,688.23 was used for work in Japan; \$14,918.25 in China; \$17,964.09 in India and \$8,392.50 for French work.

In addition to the balance in the bank of \$1,000, the interest investment in the Dundas Auxiliary in accordance with the terms of the bequest. The total amount raised by the various branches for the past year exceeds that of the previous year by \$19,825.33.

The following missionaries were introduced: Misses Charlott A. Brooks, China; Margaret Craig, B. A., Exta H. De Wolf, M. J. Cartmell, Japan; Hannah M. Paul, Ira Clark, Indian work. They occupied chairs on the platform. Miss Cartmell was the pioneer missionary of the society, having commenced her duties as such 28 years ago.

Rev. T. E. Egerton Shore, M. A., B. D., returned from a missionary journey around the world, gave a short address on the missionary conditions in other countries. Mr. Shore is the Associate Foreign Secretary of the Methodist General Board. He gave a general survey of the lives of the various foreign women, and compared them to those of the Christian women of this country. In his estimation the missionary work in Japan was the most thoroughly organized as far as had gone but the need was for extension. One of the matters he suggested was to open up new fields so that the work would be advanced. When the fields were opened they should then be given careful attention so that the interest would not lag. In one of the districts in Japan which he visited, there were 1,900 Christian scholars and in another 1,000. The model school had a membership of 100, all of which went to show how the work was being advanced. Wherever his tour had taken him he had found the people willing to accept salvation. To prove that heathenism was still prevalent in the country he spoke of the numbers of people he saw bowing down and worshipping in one of the heathen temples in Tokio. Not only were the conditions in Japan in favor of Christianity, but in the other countries as well.

It is delightful to take out of a great hoard.—Horace.

ROBBED BANK. MOTHER'S BODY

Bandits Make Clean-Up in Colorado Town. Cashier Had to "Fork Over" \$10,000 Cash.

Glenwood Springs, Colo., Sept. 29.—The Citizens National Bank of Glenwood was held up and robbed of \$10,000 at 3 o'clock this afternoon by three unmasked, but heavily armed, men, who escaped. The robbers rode to the rear of the bank shortly before 3 o'clock, dismounted and tied their horses. They went to the front entrance, and while two walked in, the third remained in the door as a guard. There was no one in the bank but Assistant Cashier E. E. Drach, who was seated at the cashier's window. The robbers covered him and told him to "fork over." Drach hesitated a moment, when one of the bandits cocked his gun and told him to hurry or be shot. Drach gave the men all the money in sight, which they put in sacks, and then left the bank. Drach was told to remain inside or he would be killed.

The three men then went to the rear of the bank, hastily mounted and started away. Just then Deputy Sheriff Devidiss appeared, and suspecting something wrong from the action of the men, started toward them. He ordered them to halt, but they paid no attention to him. He fired several shots at the fleeing robbers, but none took effect so far as known. By this time Drach ran out of the bank to sound an alarm. A hurried call was made for volunteers to join the sheriff's posse and in less than half an hour the pursuit was on.

King Peter. Vienna, Sept. 29.—Telegrams from Belgrade announce the discovery of a widespread conspiracy against King Peter of Serbia. The chief plotter is former Minister Genic, leader of the regicides, who did away with King Alexander in June, 1903.

It is understood that the discovery was due to investigations by Dr. Novakovic, an intimate friend of King Peter, whose suspicions were roused by the frequent visits of Genic to Paris.

A large number of officers are compromised and nearly all were implicated in the tragedy of 1903. King Peter has commanded that the suspected officers be drafted for service in Belgrade in order that their movements may be the better watched.

Montenegro Included. Vienna, Sept. 29.—A despatch from Cetinje states that a military conspiracy against Prince Nicholas of Montenegro has been discovered. It is believed that it is connected with the plot against King Peter in Serbia. Numerous arrests have been made. The plot, which originated and is financed abroad, is stated to aim at the ousting of the reigning dynasties of Serbia and Montenegro because they did not fight against Austria's annexation of Bosnia and Herzegovina and the uniting of Serbia and Montenegro.

Capt. Bernier May Reach Quebec Next Month. St. John's, Nfld., Sept. 20.—Mrs. Braithwaite has received a letter from her husband, who is aboard the Canadian Government steamer Arctic. It was brought by Harry Whitney's relief boat, the Jeanie, and was dated Clyde Harbor, Baffin Land, Sept. 4. All on board the Arctic are reported to be in the best of health and spirits. They expect to reach Quebec by the middle of October.

This is the first letter or word of any kind for a year, except Dr. Cook's statement that he received supplies from Capt. Bernier, sent up by his wife, and that Peary's boatman, Murphy, refused to allow Bernier to take either Eskimos or dogs from Etah.

Six of Bernier's crew were Newfoundlanders. Nearly all the rest were French-Canadians. The Arctic left Quebec a year ago last July to assert Canadian sovereignty over the islands of the Far North. In August it reached Etah, the gateway to the North Pole. Capt. Bernier had instructions to visit even more inaccessible places than he did on his former trip.

It is probable Capt. Bernier hoisted the Union Jack at places passed over by Cook on his dash to the Pole.
