Dowson, Fectoria Division, Sons of Temperance.
Brothers;
I have to thank you, and through you the Victoria Division of the Sons of Temperance, for the kind manner in which you have been pleased to express yourselves with regard to my efforts, however feeble, in behalf of that cause you have all so much at heart, as well as for your wishes, with regard to my states life.

It has been my happiness in bring connected with the Order, It has been my happiness in being connected with the Order, to meet with those who advocate the cause of Temperance upon gospel principles, and believing that it will most flourish when placed upon this basis, I can condictly wish every success to the Order, and more especially to the Victoria Division with which I have been identified. It is a subject of sincere gratification to me to know that while brotherhood in temporal objects is maintained, the elder brother of the Christian is not forgotten; and remembering that he that loveth is born of God, that the pure in heart shall see God, and that without faith it is impossible to please God, I can express no higher wish; and breathe no more enlarged prayer for you than that these principles in which you glory may be more extensively diffused, and breathe no more enlarged prayer for you than that these principles in which you glory may be more extensively diffused, and more deep so ted in the heart; and that in your cose they may grow and be grafted upon a heavenly root, that you may be all made brothen in Christ, that the love of God may be shed abroad in your hearts by the Holy Ghost given unto you, that you may be pure as Christ is pure, and possessed of that faith which is the substance of things hoped for, the evidence of things not seen, that you may be Sons of God, and heirs with Christ of Eternal life.

His Excellency then closed the Session, with the following SPEECH.

Mr. President and Honorable Gentlemen of the Legislative

Mr. President and Honorance Gentlemen of the Legislative Council;
Mr. Speaker and Gentlemen of the House of Assembly;
The business of the Session having been brought to a close, I am happy to relieve you from your Legislative labours, and thank you for your regular attendance to your public duties during the last two meaning.

for your regular attendance to your public duties during the tast two months.

It has afforded me great estisfaction to find, that the anxious attention you have bestayed on the important question of Education, has terminated in your dessing a measure, which, although not perhaps estisfactory to all drawes of the community, (which no legislation will east be), you cannot fail to be productive of great good to the public at large. In framing it, you have borne in mind the nignation imposed on me by our most gracious Sovereign, an injunction continued by successive Colonial Secretaries of State, among others, by the distinguished Nobleman, the Eart of Derby, now lier Majesty's Prime Minister, samely, "You are to permit all persons inhabiting our island Prince Edward, under your Government, to have full liberty of conscience, and free exercise of their respective modes of religious worship, provided they be consisted with a quiet and passeable enjoyment of the same, and give land offence or scandal to the Government."

Care will be required in carrying out the details of the measure; and experience, I trust, will enable the Government to render it efficient, and as little burthensome to the Tax-payer, as the unavoidable increased expense attendant on an improved and extended system must necessarily give rise to.

I am glad to observe, that a "Bill relating to the recovery of Small Debts, and to repeal certain Acts therein mentioned," has passed the Legislature.

At the opening of the present Session of the Imperial Parliament, I observe, that Her Majesty was pleased to say, "nothing tends more to the peace and prosperity of the country, than the speedy and inpartial administration of justice;" and it will afford me great pleasure, at all times, to co-operate with you in promoting such measures as will secure to this Colony, the blessings which our gracious Queen contemplates from an impartial administration of justice, which I am sure it is Her Majesty's desire should extend to all her Dominions.

tice, which I am sure it is Her Majesty's desire should extend to all her Dominions.

Mr. Speaker, and Genilemen of the House of Assembly;
I have to thank you for the Supplies voted for the Public Service: the respective grants which you have directed their application will be strictly attended to, and among others, I observe, with satisfaction, the appropriation of One Hundred Pounds, in addition to the legal Endowment, for the support of unprotected insane persons, I saw the other day, several of that description in the Jail of Charlottee on the superior of the support of the suppor

Mr. President and Honorable Gentlemen of the Legislative

Air. Frestient and Euroreuse Gentlemen of the Council:

Mr. Speaker and Gentlemen of the House of Assembly: I shall take care to forward the different Addresses which you are entrusted to me for presentation to Her Mnjesty; and, again hanking you for your assiduous attention to the public business, I uncerely wish you success in your various avocations.

Northing gives us more sincere gratification than making a NOTHING gives us more sincere gratification than making a record of such exhibitions of agricultural produce as the one witnessed in Saturday's Market, 20th ult., 25 carcasses of Pork weighing in all 0216 lbs. average 2485 the carcase. By the politeness of Mr. Lewis, we are enabled to state the weight of some of the largest, which were respectively as follows:

There were three fed by the Hon. Geo. Coles, not so remarkable for size as for symmetry, of that breed—improved Borkshire we think—which is best adapted for domestic purposes. We wish we could have given an account of the respective ages, feeding &u., of the above. Might not the Royal Agricaltural Society find it advantageous to award a premium for the heaviest animal brought into market during the year, to be decided by the Clerk!

To the Editor of Haszard's Gazette.

To the Editor of Haszard's Gazette.

Sir;

It is remarkable that your correspondent, "A Subscriber," did not observe, that the Bed-que and Surdiac Packet is not required by the new law to come to Hurd's Point Wharf at all, as she was by the late Act; although she is now entitled to a free berth at any whatf in the harbor, which was not heretofore the case. Had a certain person contemplated a chance of any other person getting a license, so important a clause, (important especially to this section of the Island,) would not have been omitted; but when providing it for his son, he must have more pay and less work. It has often been remerked, that such things are done in Prince Edward Island as are done no where else; but such a specimen of one-sided legislation has hardly before digraced its annals. The Late Packet Law had expired some two years ago, and was lately revived and amended, but the Grant is nearly trebled, when the person alluded to had provided his son with a vessel; yet, no doubt, when he pays us a visit on the next electioneering excursion, he will endeavor to persaude us, that he was actuated by motives of pure and disinterested patriotism.

Yours.
