DR. H. E. BELYEA, DENTIST. Corner King and Charlotte Streets, ST. JOHN, N. B. Office Hours: 9-1 and 2-6.

Crutches Thrown Away. THE REMARKABLE CASE OF A YOUNG GIRL IN WALKERTON. For Three Years She Could Only Go About With the Aid of Crutches - Had to Be Helped In and Out of Bed - Her Restoration to Health Was Unlooked For. From the Walkerton Telescope.

A couple of Walkerton ladies were recently discussing the case of a mutual friend who, owing to the sudden development of a bad attack of sciatica, had been compelled to take to her bed, when a third lady present, but who was a stranger to the young woman in question, made the remark, "I would advise your friend to take Dr. Williams' Pink Pills." Asked to give her reasons for making this recommendation she proceeded to give the details of a most remarkable cure that had been effected by Dr. Williams' Pink Pills on the daughter of her nearest neighbor, a Miss Rebecca Greenhow, and the story is told by this lady, having subsequently been reported in the hearing of the editor of this paper, we decided to investigate and find out from personal inquiry all the circumstances of this seemingly remarkable instance of the power of medicine over disease. That evening we called at Mr. Greenhow's residence. Both Mr. and Mrs. Greenhow were at home. But their daughter had gone down town.

"Rebecca is now seventeen years of age. When she was eleven she was attacked with tonsillitis and following this for the next three years she never had a moment free from pain. She begged in complaint of pains all over her body but chiefly in her back. She became so weak and run down that she was unable to walk without the assistance of a crutch. The doctor said she was suffering from inflammatory rheumatism brought on by an impoverished condition of the system. He prescribed various remedies but nothing seemed to do her any good and finally we decided to try another doctor. He also pronounced the trouble to be rheumatism but though he gave her bottles after bottle of medicine, she still continued to grow weaker. By the end of the second year she was unable to leave the house and could only move from one room to another by the use of her crutches. We were advised to get her an electric belt and did so, but though she wore it for a long time it did her no good whatever. During the third winter she became so bad that she had to be assisted into and out of bed, and could not even sit in a chair without assistance. We had given up all hope of her recovery when a Mr. John Allen, who had himself been similarly afflicted, but who had been cured by the use of Dr. Williams' Pink Pills, advised us to give them a trial. We had tried so many things with no success that we hesitated to accept his advice, but he insisted so strongly that we finally yielded. The first five boxes seemed to produce no change, but before she had finished the sixth box we were sure we could notice some improvement, and we felt encouraged to continue their use. From that on she continued to improve steadily, and by the time she had taken eighteen boxes every trace of pain had left her. She threw away her crutches and soon forgot that she had ever needed them. For months past she has been filling a position in the station factory and can work as well as anyone. Indeed I do not believe that there is today a healthier girl in Walkerton."

Such is Mrs. Greenhow's story of the cure of her daughter through the use of Dr. Williams' Pink Pills after years of great suffering. We may add that a day or two later the writer called once more at the Greenhow abode in the hope of seeing the young lady herself. This time she was at home and she came into the room. She presented an appearance of the most perfect health. She repeated the story of her sufferings in substantially the same terms as her mother had done, and like her mother gives all the credit to Dr. Williams' Pink Pills. Rheumatism, sciatica, neuralgia, partial paralysis, locomotor ataxia, nervous headache, nervous prostration, and diseases depending upon humors in the blood, such as scrofula, chronic erysipelas, etc., all disappear before a fair treatment with Dr. Williams' Pink Pills. They give a healthy glow to pale and sallow complexions. Sold by all dealers and post paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont. Do not be persuaded to take some substitute.

Terrible Fatality. A terrible fatality occurred Tuesday afternoon in Summerside, four children being the victims. Five little girls, Belle May Fraser, aged 7, daughter of John Fraser; Laura, Aggie and Marie Gallant, aged 11, 9 and 7, respectively, daughters of Lawrence Gallant; and Daisy Perry, aged 6, daughter of William Perry; had been clam digging on the bar of the west end during low tide in the afternoon. They wandered along from bar to bar until finally they found themselves surrounded by the rising tide. They started to wade ashore, and only one, Aggie Gallant, succeeded, she having grabbed its main place through the water up to her neck. She arrived home about half past four in an almost exhausted condition and gave the first intimation. She had left the others she said, trying to wade ashore and crying.

In a few minutes the alarm was given, and a number of men, with boats, started in search of the missing children. But the tide had risen and it was known that the poor little children were drowned. The bar was dragged and at 2.30 three little bodies were found nearly side by side and quite close to the shore on the west side of the bay and about a mile from their homes. The body of Daisy Perry had not been recovered as a late boat last night. Mr. Lawrence Gallant and Mrs. John Fraser are both absent from home. The latter is a sister on board a schooner here in Miramichi. The recovered bodies were brought back in a boat, and as they were being carried into the house which they had left only a few hours before the night came indeed a melancholy one had called forth the deepest sympathy of the large crowd that had gathered.

One of the sad features of the affair was that it occurred within sight of their homes and the great station north of the unfortunate little one were obliged to watch the search from the beginning to the end.

Red Bank, Q. Co. JUN 28, 1899. To EDITOR QUEENS COUNTY GAZETTE. At a meeting of the farmers held in this section, Mr. Harry Slipp, the manager of the new cheese factory, gave very full and satisfactory explanations regarding the manufacture of cheese and the proper care of milk. The subject of hauling the milk to the factory was taken up and discussed by those present. A majority of farmers in the eastern part of the settlement had agreed with Tim Hetherington to haul their milk and return the whey for one dollar per trip; but one of the directors objected to this arrangement saying he could get it hauled from Coal Creek or Gaspereau at a distance of six miles for 50 cents per cwt and he would give no more to have it hauled from Red Bank. This created some warm discussion with the result that Tim backed down. Hetherington the director who also acted as dictator said he intended to haul his own milk and he would haul all on the straight road past his place for 50 cents per cwt according to custom.

At the close of the meeting, one of the committee who, by the way, is Justice of the Peace, on seeing a neighbor near the door informed him in vigorous language that there was a stranger. He went in - in the shape of a lumpy backed thief. The party addressed replied that that being the case he would need his friends services as a guide in those lower regions. This diverting side issue having terminated without recourse to the use of any deadly weapons the peace of society is again restored in the land and the strangers within our gates are hopefully plodding on towards the brighter dawn of the millennium. J. P.

Worth a Sovereign a Box. That is what a young lady remarked regarding Dr. Cook's old English remedy Cook's New Blood Pills. They are the sure and reliable remedy for all Bilious and Nervous Disorders, such as Head-aches, Weak Stomach, Impaired Digestion, Constipation, Liver Complaint and all Female Ailments. Always kept in the house, after one or two straight purgative pills, but a blood purifier and purifier. 50 cents per box. Sold by all dealers.

Cox's Point. The farmers in this locality are about through with their farming and are waiting with patience for having which promises to be a fair crop. Geo. P. Barton & Son has a fine new vessel about ready to be launched, the vessel being in charge of C. B. Parker. The vessel when ready for sea will be one of the finest of her size and will be commanded by Thomas A. Barton, owner. The Rev. F. W. Patterson preaches in the school house here every Saturday evening. Mr. James Leavitt went to St. John to engage in the trade but returned home.

Duncan Granville intends enlarging his house this summer. James R. Stuart will do the work. The strawberries have arrived once more. Newcastle Creek. T. A. & W. S. Baird have completed their contract of repairing the bridge here, and the efficient work reflects much credit upon the contractors. W. S. Baird while at this place purchased a trotter with a record of 2.34, we believe that the owner and horse are greatly pleased by a certain portion of the fair sex of this locality.

Mr. Harry Bailey of Little River paid this place a flying visit last week. Miss Reta McFarlane of Los Angeles, Cal., was the guest of Miss Maud MacMann this week the latter who has been here in Weston all winter, having fully recovered returned to her home a few weeks ago. Miss Lydia Bailey is spending her vacation with her parents, Mr. and Mrs. J. E. Bailey. Capt. G. F. Sypher paid a flying visit to this place. W. D. Bridges spent Sunday here the guest of Mrs. S. B. Stewart. Those Bailey returned from St. John Saturday. E. Brown spent Sunday in this place, and returned to Jemseg on Monday. Mr. Robert Smith has returned home again after spending a few months in Boston. Fred McMann has gone to work in the employ of Baird Bros. at Jemseg, he is greatly missed by his numerous friends. Miss Myrtle Stuart, granddaughter of Mrs. S. B. Stewart, who has spent last winter here, and a few weeks in Boston with friends, has returned to her home in Wisconsin. Jack Smith of this place who has recently joined the United States horse cavalry is now stationed at Cuba. The ladies of the Baptist Church here have organized a W. M. A. Society. The pastor, Rev. Mr. Gross, has gone to attend the Association at Macquack Sunday. He fooled the Surgeons.

All doctors told Reniek Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklin's Arnica Salve, the surest Pile cure on Earth, and the best Salve in the World. 25 cents a box. Sold by all druggists.

Chipman. The flow of milk towards the cheese factory is steadily on the increase, amounting now to 1850 pounds a day. Encouraging outlook assures its success and is good presumptive evidence the farmers' heads are level in getting out of their long opportunity of getting other callings in life who have long ago recognized the sound principles of political economy and adopted a proper division of labor whereby a more valuable material is produced with superior skill than could possibly be accomplished by individual effort without skill or training in advance. Another paying investment in this place would be a canning factory. Here is a section of country where hundreds of barrels of blueberries and other berries can be harvested each season at small expense. Here also abundance of corn and other fruits can be grown upon the farm for the use of canning purposes. Already we have one hot house at Salmon Creek engaged in raising early tomatoes for market and its proprietor, although a cripple and unable to engage in ordinary farming, has a full acre of tomato plants set out and in blossom. With a canning factory in our midst Mr. Humphrey would have to give his whole attention to his hot house business and derive sufficient revenue to employ a number of hands. Yesterday the annual sacrament of the Lord's Supper was held at Red Bank church. There was a fair attendance but the number of communicants has appreciably diminished this year as compared with former years.

A terrific storm of rain with a sprinkling of hail visiting Chipman last Thursday and following night which drenched the land so as to render it unfit for work for a day or two afterwards. The frequent showers are producing good results on grain and grass; but after all it is very doubtful whether the hay crop this year will be equal to the yield a year ago. Mr. Isaac McGregor and his wife, farmer residents of Briggs Corner, but now of Boston, are here on a visit to see their old friends and are the guests of Mr. Hiram Briggs. As we are now on the last week of the winter term, the closing examination of the schools is in order and several changes in the staff of teachers will occur before the opening of next term. The Central Railway no longer makes Chipman its stopping place over night but stays at Norton. The train gets into Chipman a little after noon and after a couple of hours leaves again for Norton where it arrives at half past five standard time.

Rare Coins Stolen. PORTLAND, Me., June 29.-A robbery of rare coins at Bowdoin college, last week, has just been made public. The coins stolen were of the Lincoln collection, loaned to the college by the late Dr. Lincoln. The collection is kept in the Walker art building, and to reach them the thieves had to pick several locks. Some 150 pieces of coin are missing, including a gold quarter dollar, silver dollars, silver half dollars, silver quarters and silver dimes, all of date which make them worth much more than face value. Two Victoria jubilee five pound gold pieces are also gone. The college official have offered a substantial reward, but so far there is no clue to the thieves.

Morrell & Sutherland, 29 Charlotte Street, Opposite Y. M. C. A., ONLY A FEW DOORS FROM CITY MARKET. DRY GOODS, GENT'S FURNISHINGS, & C. New Store! New Goods! Lowest Prices! During the Summer, our first season in business, we will allow to persons mentioning this advertisement 5% DISCOUNT 5% for cash of their entire purchase, "nothing old or shopworn."
