Murder Family In North Dakota

Turtie Lake, S. D., April 25—Eight persons were found dead yesterday at the farm home of Jacob Wolf, three miles north of here, the victims of a mysterious tragedy. The dead are:

Jacob Wolf, and his wife, their five daughters, Bertha, Lillie, May, Lydia and Martha and Jake Hofer, who was employed on the farm. Only one member of the family escaped, Emma, 8 months old. Indications are that a murder was committed in the kitchen of the Wolf home and the weapon used was a hatchet.

Bodies of the mother, three daughters and the hired boy were thrown into the cellar by the slayer or slayers and those of the father and two daughters put in a cow shed and barn and covered with hay.

Income Tax Take In Unmarried, Married And Stock Co's

The income tax returns are now being made out by many citizens, while others have already forwarded their returns. These returns must be made out by all unmarried persons widowers or widows, (without dependents) who in 1919 earned, or received \$1,000 or more.

All other individuals who received or earned \$2,000 or more during 1919 come under the act and must make out their returns. Stock companies and corporations whose profits for the fiscal year 1919 were \$2,000 or more, come under the act. All returns must be in by April 30th.

INCREASED STIPENDS

The matter of increased stipends was discussed at the meeting of the Anglican Synod held in Fredericton last week and Mr. Fairweather, the treasurer, moved as follows: "That the minimum stipend of the clergy of the diocese be \$1,100. That the stipend of priests during the first five years of service as such be \$1,200, with a residence, or \$1,300 if there is no residence provided. That after five years of service the stipend shall be \$1,300 with a residence or \$1,400 if there be no residence provided. That this increase go into effect on January 1, 1921."

Horace A. Porter seconded this motion.

A resolution stating that \$200 be allowed to clergymen who used a horse or automobile was embodied with this and the whole was passed with a provision regarding railroad fares, etc.

Both clergy and laymen were unanimous in their desire for the raising of the stipends of the clergymen and particularly advocated the education of the farmer parishioner, in giving more freely.

Skunk Skins Bring Record High Price

New York, April 24—Sales for the first week of the Fur Auction in the Madison Hall here, reached \$5,976,000 today, due largely to the good average prices brought by about 188,000 skunk skins that were sold. Sixes for the day were \$1,250,000. Much of the skunk appeared to be bought for export and the choicest skins reached \$9.20 each. The proudest brock day was registered by Polar bear, the top in this case being \$99. Of the smaller skins, Wolverine touched the best market at \$22, with a low price of \$4. Compared with the prices obtained at the sale of the New York Fur Auction Sales Corporation here last April the biggest advance today was shown by Russian fish, which went up 75 per cent. German fish advanced 60 per cent. Kolinsky came next with 40 per cent. Australian opossum and skunk followed with advances of 35 per cent. each.

FRANKLIN'S MAXIMS OF SUCCESS

Do not be dull; drink not to excess.
Speak not but what may benefit others or yourself; avoid trifling conversation.
Loss no time; be always employed in something useful; cut off all unnecessary actions.
Use no hurtful deceit; think innocently and justly, and, if you speak, speak accordingly.
Tolerate no uncleanness in body, clothes or habitation.
Be not disturbed at trifles, or at accidents common or unavoidable.
Drive thy business; let not thy business drive thee.
Early to bed, early to rise, makes a man healthy, wealthy and wise.
He that hath a calling hath an office of profit and honor.
One today is worth two to-morrow.
Buy what thou hast no need of, and ere long thou shalt sell thy necessities.
They that want be counseled can't be helped.
A man may, if he knows not how to save as he gets, keep his nose all his life to the grindstone, and die not worth a great deal at last.—Selected

Belgium's Recovery

Belgium has made rapid progress toward industrial recovery since the Armistice, largely owing to the fact that the country has had no serious strikes, says M. Jasper Minister of Economic Affairs. He estimates that the nation's industrial output has now attained perhaps 70 per cent of its pre-war record, and that its mines are producing as much coal as in the year before the war.

About 70 per cent of the material which was taken out by the Germans has been returned to the Belgians. The money taken by the Germans from the Belgium treasury has been returned, but Belgium has thus far received no indemnity from Germany. At the beginning of the Armistice 100,000 of the Belgian people were without work. Recovery has been made in spite of the fact that more than one-half of the Belgians who had to flee before the Germans are still in France, unable to return because they have no homes.

Belgian villages destroyed in the war are being rebuilt, said M. Jasper in the district of Ypres eighteen villages have been restored to such an extent that local administrations has been resumed. "If the United States would do for Belgium what she has just done for Poland, establish a credit for her, most of our problems would be solved," declared the Minister of Economics.—(Halifax Chronicle)
