EXPERIENCE

FTER nearly a year's use of Simson's Liniment, A I have proved it to be what I supposed at first it was,

an excellent Liniment to have about a Stable. I have used

and in every case found it to give relief at once, cleansing

the Cuts and Galls so that they healed rapidly, and reducing

the soreness in cases of Sprains and Bruises in a short time.

Nothing has presented itself to me that so effectively relieves

and prevents the Horse Distemper. I have also found it of

very great service, both in my own family and in the
