by agents soliciting orders for Enlargements who tell you Enlargements can't be made in this country. This firm has been in existence for over forty years and have always made Enlargements.

Get your Enlargements made by a firm with a reputation for high quality and best workmanship. Take our advice, don't give photographs or money to these so-called picture agents. Send the photograph to us and we will make you a First-Class Enlargement, suitably framed, at prices consistent with high class work.

IF You Use Envelopes

It will pay you—and pay you well—to buy a full year's supply now, for though Envelopes are higher than they were a month ago, they are not near so high in price as they will be two months from now.

One firm in the city for whom we used to print two thousand at a time, recently placed an order for twenty thousand; another firm for whom we used to print two thousand at a time just ordered ten thousand. They anticipated the rising market and saved almost a dollar a thousand. If you buy NOW, instead of three or four months later, you will make about an equal saving.

Yesterday we received a price list from our paper dealers and in it we find that the three grades of flat Papers, of which we purchased most, have gone up in price 40 per cent. within the last 30 days. This makes a total increase in price of about 100 per cent. within three months, and prices will still go higher.

Buy your Letter Heads and Envelopes NOW. If you are in business you must use Letter Heads—and you must use Envelopes. If you don't need them now you will need them before the prices go down, so buy NOW. The saving in price will be the best proportionate investment you can possibly make.

A New Novel by a New Writer.

The Honey Pot by Countess Barcynska. It is a story of the stage, and never perhaps have the expectations and disappointments of the aspirant for a successful stage career been more naturally described. Two girls, Maggie and Lexie, hold the interest throughout. They are excellently contrasted. Maggie, the daughter of an actress, having been associated with the stage from her earliest childhood and influenced by its freedom, while Lexie has been brought up in refinement and wants a career for the use of her talent. It is not too much to say that Maggie, the lovable and loving girl who, with all her worldly wisdom, falls a prey to the man who captures her fancy, is a triumph of characterization. Natural and human she is the heart of the book; but hardly less interesting is Lexie's stubborn fight with its happy ending and the many intimate pictures of the life of the chorus girl. The whole story rings true. Paper, 65c.; Cloth, 90c.
