## Note From Mr. Thistle.

Dear Sir,—It is currently reported  
that I have been discharged from my  
position with the A. E. Hickman Co.,  
Ltd., because of my activities in the  
recent political campaign and I would  
ask you for space in your columns to  
publish, in justice to Mr. Hickman  
and the firm, my emphatic denial of  
this report.

My resignation was placed in the  
hands of the management some time  
ago and was due solely by an offer  
of more remunerative employment. I  
might state further that Mr. Hickman  
has been aware from the start of  
the campaign of my political feelings  
and I have always found him broad-  
minded enough to respect them and  
it made no difference whatever in our  
cordial business relations.

I would also state, in justice to my-  
self, that instead of being dismissed  
through this cause, regret was ex-  
pressed at my decision to leave, in  
spite of special inducements which  
were held out to me to reconsider my  
resignation. Thanking you in anticipa-  
tion of space,  
D. R. THISTLE.  
St. John's, Nov. 7th, 1919.

### PYORRHEA.

Of all the poison taken into the  
blood, the germs and pus contributed  
by diseased gums (Pyorrhoea) are  
the most destructive to the human  
system. If every red blood cell is  
forced to fight against numbers of  
germs to the cell, the blood cannot  
attend to the building up of the body,  
and it allowed to continue the sys-  
tem is bound to break down and  
eventually you are an invalid. Kid-  
ney, stomach, heart trouble, rheuma-  
tism and many other diseases are  
brought on by diseased gums and  
teeth.
